

Moderation in Eating Habits and living a quiet life is the longevity formula of Mrs. Anna Stromme, route 2, Menasha, who celebrates her 99th birthday anniversary Thursday. The nonagenarian, who is in good health and spends her time reading and sewing, was born in Larsen and has always lived in the area. She has five children, 11 grandchildren and eight great-grandchildren. Mrs. Stromme now makes her home with her daughter, Mrs. Julius Sauby.

Nelson, Kuehn in Clash On Withholding Plan

Lawrence Adopts 5-Year, 2-Part Improvement Plan

Includes 7 Physical Additions, Boosting Endowment for Salaries

A 2-pronged 5-year plan for Lawrence college has been approved in principle by the college's board of trustees. It includes seven additions to the physical plant to cost around \$1,800,000 and a master plan for adding \$1,000,000 to the endowment fund so teachers' salaries and teaching facilities may be strengthened steadily.

Physical needs which President Douglas M. Knight and the Lawrence trustees hope to satisfy by 1963-64 begin with a men's dormitory for 167 students, costing around \$800,000 exclusive of furnishings. Other projects under consideration are:

Library Expansion
Major expansion of the present Carnegie library, at a cost of several hundred thousand dollars.
A new administration building.

A new Peabody infirmary (funds needed to add to an existing \$121,000 gift) \$100,000.

Renovation of the present Memorial chapel: \$60,000. Improvement of 106-year-old Main hall: \$55,000.

Development of additional science laboratories: \$125,000. Dormitory Arranged

President Knight cautioned that these are only projected figures based on building costs at the moment, and may require adjustment when they can be undertaken.

Several of the projects already have been begun. Government financing is being arranged for the men's dormitory.

K-C Treasurer Sees \$500,000 Cut in Capital

Proposal Would Cost Firm That Sum, Whitney Says

Post-Crescent Madison Bureau

Madison — The treasurer of the Kimberly-Clark corporation of Neenah Tuesday told the legislature that the Democratic state administration's demand for an income tax withholding system for the state will deprive the firm of \$500,000 of working capital.

The requirement for corporations to prepay their taxes—now filed annually—on a quarterly basis will deprive his firm of half a million dollars of its resources, said John R. Whitney in testimony before the legislative finance committee.

Like Eating Seed

"Prepayments of Wisconsin income taxes would tend to take the capital that would have been used for implementing the studies of our scientists. The consuming of capital is certainly a desperate expedient, like consuming the seed corn that has been reserved for next year's planting," he said.

One of many business representatives who denounced the plan of Gov. Gaylord Nelson, Whitney added that the proposed requirements for employers to withhold the individual taxes of their employees through wage and salary deductions will be an added expense to his firm, but he said he was not yet prepared to estimate the amount.

"From the employee's standpoint this provision is just as much as a doubled-up tax as

Issue Sure to Come Up In Political Campaign; Labor Chiefs Back Governor

BY JOHN WYNGAARD Post-Crescent Staff Writer

Madison — The shock troops of opposing political philosophies collided in the state capital Tuesday in a preview of a struggle over state tax policy that will echo from a thousand campaign stumps next summer and fall.

The Democratic state administration summoned all of its political resources, including labor and farm leaders and college economists, to persuade a divided legislature to write into law, in a second attempt, a system of withholding of state income taxes from wages and salaries. Business association resolutely denounced the scheme.

A significant highlight of one of the longest and most crowded hearings in state legislative history was the simultaneous appearance in the heated hearing room of Gov. Gaylord Nelson, who will carry the Democratic standard into battle as a candidate for reelection in the next year, and his most likely opponent on the Republican ticket.

Seeks Fight
Philip Kuehn, Milwaukee businessman and former GOP state chairman, is an unannounced candidate for the Republican ticket.

Reach Accord On Contract

Most Dock Workers On East Coast Included in Pact

New York — Tentative agreement has been reached on a new contract covering most Atlantic coast longshoremen.

The pact is expected to prevent any new pier strike on the Atlantic and gulf coasts when an 80-day Taft-Hartley injunction expires Dec. 27.

Basic agreement on 3-year contracts was reached yesterday by the International Longshoremen's association and a major group of waterfront employers.

The agreement includes a master contract covering wages, hours and the employers' contributions to pension and welfare funds for all 70,000 dock workers from Maine to Virginia.

It also contains a detailed pact for the 20,000 men who work on the waterfront in the port of New York.

Union to Vote
Port of New York longshoremen will vote on the pact by Dec. 10. It is expected that detailed contracts will have been reached in most of the other north Atlantic ports by that date.

The North Atlantic settlement is expected to serve as a pattern for south Atlantic and gulf coast ports.

Union leaders here said they would recommend that the members approve the contract, which the leaders called "a very good one."

The injunction now in effect ended an 8-day strike by 85,000 Atlantic and gulf coast dock workers that began when the old contracts expired Sept. 30. President Eisenhower invoked the national emergency provisions of the Taft-Hartley act to end the strike. If no contract agreement were reached by the Dec. 27 injunction expiration, the union would be free to strike again.

Terms of the port of New York tentative agreement, retroactive to Oct. 1, include:

A package increase of 41 cents an hour. Wages would go up immediately from \$2.89 to \$3.30 an hour. Wages would reach \$2.97 on Oct. 1, 1960, and \$3.02 on Oct. 1, 1961.

In addition to the direct wage increases totaling 22 cents an hour, 7 cents more is provided for pensions, 4 cents for welfare, 3 cents for clinics and 5 cents for increased vacations and holidays.

Mercury to Rise, Sun To Shine Thursday

Wisconsin — Fair to partly cloudy tonight, a little colder east and south portions. Thursday mostly fair and warmer. Outlook for Friday: Fair to partly cloudy, with near normal temperatures.

Appleton — Temperatures for the 24-hour period ending 9 a.m. today: High 34, low 32. Barometer reading 30.10 inches. Wind west at three miles an hour with one half inch snow measured.

Sun sets at 4:16 p.m., rises Thursday at 7:10 a.m.; moon sets at 7:13 p.m. Prominent stars are Altair, Regulus and Spica. Visible planets are Saturn and Venus.

Planning Started on Sewage Plant Work

\$1 Million Project Required by State to Cut Fox River Pollution

The city Tuesday began active planning of an estimated \$1 million renovation of sewage treatment facilities.

Board of public works members instructed Director of Public Works Duszynski to notify midwestern planning companies the city is in the market to hire a consultant for the work.

The same procedure at the start of planning for the new south side swimming pool resulted in more than 30 companies seeking the job.

Board members moved quickly when Duszynski said there is still time to hire a consultant and have enough plans on hand to apply for federal aid on the project by the request deadline of July 1, 1960.

Federal aid in a Sheboygan project of about the same size last year amounted to about 15 per cent of total cost.

Start in 1961
Installation of secondary treatment and enlargement of primary treatment at the Appleton sewage treatment plant was ordered by the state board of health's water pollution committee in October, 1957.

The pollution committee set Dec. 31, 1961, as the deadline for completed new facilities, but city officials have said a show of good faith in having the project started undoubtedly will be enough.

Duszynski said today he expects construction will be underway by the summer of 1961.

Girl Who Waited, GI Wed in Tokyo

Tokyo — A Chinese-American airman and the Japanese girl who waited for him while he served a prison term were married Tuesday at the Tachikawa air base chapel.

Airman Benjamin B. Owyang, 27, of San Francisco, and Emiko Akiba exchanged rings in the church ceremony. Owyang's commanding officer, gave the bride away.

Owyang was paroled from Yokosuka prison last Thursday after serving 1 year and 2 weeks of a 3-year sentence. The airman had been in a fight with a group of drunken Japanese laborers in January 1957.

One of the workers later was found stabbed to death, and Owyang was charged with manslaughter. A lower court threw out the case, but the Tokyo high court reversed the ruling on appeal by the prosecution and the Japanese supreme court upheld the appeal court's 3-year sentence.

William Thurman came home at about 9 o'clock last night to find his wife, Jean Marie, 27, their children, Nancy Lynn, 4, Terrance Allen, 2, and Timothy Randall, 3 months, and a girl who lived with the family, Memphis Mae Mabe, 19, dead. Dr. Carl Frye, deputy coroner, ruled the cause was carbon monoxide poisoning from the heater.

Ironically, Thurman works for the Barcus Coal company and may have been out making deliveries to keep other homes warm. He left for work at about 8 a.m. His family has been attacked by rock-throwing ruffians yelling, "Stoolie, we'll get you!"

He said he also has received threatening telephone calls and has been subjected to derision from "kids in bebop hats." "Rock 'n' roll isn't going to die; you'll die first."

The Thurmans and Miss Mabe had just moved into a house in Newark from quarters at nearby Buckeye lake. They are believed to have been from West Virginia originally.

Khrushchev spoke in a packed assembly hall in the factory. Some 10,000 workers were gathered in the large courtyard outside.

"At the time of the counter-revolution in 1956," the Soviet premier told a meeting of workers. "We thought in the Soviet Union on how we could help Hungary's working people against the counter-revolutionary forces."

"Some Soviet comrades expressed anxiety that any aid would be misconstrued. But we said that in time they would see we were right and we had to help the working class."

Khrushchev declared that in 1956 "the saliva of the imperialists was running in their mouths at the prospects of Hungary leaving the socialist camp."

Talks to Workers
"They thought that one by one they could sever the socialist countries from their united base," he added.

The Soviet leader took time out from Hungary's seventh communist party congress to address workers at Budapest's giant Ganz-Mawag Engineering and Railway factory.

Khrushchev said Czar Nicholas of Russia never hesitated to put down Hungary's revolution in 1948 (The czar offered his help in putting down the rebellion to Emperor Francis Joseph under the Holy Alliance.)

"How could the Soviet Union have withheld such help in 1956 when our troops were

9 Men Killed In Avalanche

1 Still Missing; 22 Escape and 5 Brought Out Alive

Turin, Italy — A giant avalanche of snow thundered down an Alpine mountainside today, burying 37 workers in a power plant barracks in the isolated Valley of the Ogge.

Twenty-two men, awakened by the roar in time to run for the doors, dug their way to safety and skied for aid.

Rescuers from nearby barracks dug for 12 hours and brought out five more persons alive. They also recovered nine bodies. One man is still missing.

Those rescued were reported in fairly good condition. The avalanche crashed down into the Vall Dell'Orco—the valley of the ogre—6,000 feet up in the Italian Alps. A force of 100 men there has been digging an electric power tunnel.

One of the survivors said those who escaped were wakened by the roar of the sliding snow and were running for the doors when the avalanche hit.

The huge snow mass swayed the barracks from its foundations and moved it nearly 50 feet before burying the building.

The whole mountainous region is snowbound, and roads leading in to the valley were blocked by other avalanches. It took some of the men three hours on skis to reach the nearest telephone to call for aid.

Carbon Monoxide Fumes Kill 5 in Ohio Residence

Newark, Ohio — An unvented gas space heater they were using to warm a house they had just moved into ended the lives of two young women and three little children here yesterday.

William Thurman came home at about 9 o'clock last night to find his wife, Jean Marie, 27, their children, Nancy Lynn, 4, Terrance Allen, 2, and Timothy Randall, 3 months, and a girl who lived with the family, Memphis Mae Mabe, 19, dead. Dr. Carl Frye, deputy coroner, ruled the cause was carbon monoxide poisoning from the heater.

Ironically, Thurman works for the Barcus Coal company and may have been out making deliveries to keep other homes warm. He left for work at about 8 a.m. His family has been attacked by rock-throwing ruffians yelling, "Stoolie, we'll get you!"

He said he also has received threatening telephone calls and has been subjected to derision from "kids in bebop hats." "Rock 'n' roll isn't going to die; you'll die first."

2 Robbers Seize \$80,000 in Gems

St. Louis — Police today sought two business-like young bandits who yesterday obtained diamonds valued at between \$80,000 and \$90,000 in what may be the biggest jewel robbery in St. Louis history.

The pair, one of them disguised as a policeman, invaded the twelfth floor downtown office of wholesale jeweler merchant M. A. S. Topper, bound and gagged Topper and his wife, Sadie.

May Move to End Strike

Washington — President Eisenhower implied strongly today that the government will take decisive action to settle the steel strike if management and labor fail to agree before the Taft-Hartley injunction expires.

If the parties cannot get anywhere by their bargaining, he told a news conference, the government cannot sit idly on its hands.

He added that unless the parties can get together in a settlement which is in the public interest, somebody is going to lose something.

The president said further that it would be a bad day for the United States if the government was obliged to step in and abridge the right of free collective bargaining.

Eisenhower did not specify what action might be taken, nor did he indicate he has in mind any specific recommendations for congressional action.

Workers to Vote
But the president indicated he intends to insist again, in a scheduled nationwide telecast tomorrow night, that the two sides get together.

Eisenhower said his interest in the matter is not an interest in either employer or employee, except that all involved are part of America.

It is vital to the American people, he said, that some settlement be reached before the injunction now in effect expires on Jan. 26.

Workers will vote in January under the terms of the Taft-Hartley act on the final offer of the steel companies in their wage-working conditions dispute. If the offer is not accepted, the union would be free to strike again.

Terms of the port of New York tentative agreement, retroactive to Oct. 1, include:

A package increase of 41 cents an hour. Wages would go up immediately from \$2.89 to \$3.30 an hour. Wages would reach \$2.97 on Oct. 1, 1960, and \$3.02 on Oct. 1, 1961.

In addition to the direct wage increases totaling 22 cents an hour, 7 cents more is provided for pensions, 4 cents for welfare, 3 cents for clinics and 5 cents for increased vacations and holidays.

Gov. Gaylord Nelson addressed the legislative finance committee Tuesday in Madison in behalf of his stopgap tax proposal. The committee heard a long list of witnesses — for and against bills — in a session which lasted six hours. There were nearly 800 witnesses registered for the hearing.

Sole Survivor Tells Of Plane Tragedy

Climbed Through Rent Made as Airliner Fell, Then Fought Way Out of Wreckage Through Fire

Montoursville, Pa., — "The Lord opened my side of the plane and I was able to jump out."

Louis Matarazzo, 35, Springfield, Pa., thanked God for his life from a hospital bed in nearby Williamsport.

He was the only survivor among 26 persons aboard a twin-engine Allegheny Airlines plane which crashed yesterday into a 1,400-foot mountain during snow and poor visibility.

"I fought my way through flames, past the wreckage," explained Matarazzo, who is president of a Philadelphia Sportswear company. "I tried to make my way back to the wreckage but couldn't make it. My legs were stiff . . . the pain . . ."

Catholic Priest

When a Catholic priest who was flown into the disaster area by a helicopter came to his side, Matarazzo told him: "Thank God, father, you are here."

Recalling events just before the crash, Matarazzo said the flight agent was just turning

McElroy Quits; Admits We Lag In Missile Race

Contents Nation Has Enough Power To Offset Gap

Washington — Neil H. McElroy, retiring secretary of defense, concedes the United States will lag behind Russia in intercontinental missiles for the next three years.

But McElroy contended the nation has enough striking power in other forms to offset this missile gap.

At a farewell news conference yesterday, a few hours after his resignation was announced by the White House, McElroy said the steps have been taken or will be taken to fill in the gap.

Enough Money

1. Congress will be asked for enough money to let the air force maintain an airborne alert if necessary during the three year missile lag period. In such an alert, bombers carrying nuclear weapons would be in the air at all times, safe from sneak attack and ready for instant retaliation.

2. The development of the Hound Dog missile has added years to the usefulness of manned bombers such as the B52. This missile can be fired from an airborne B52 at targets up to 500 miles away.

3. The navy's Polaris missile, while not yet operational, will be ready to go next year. This is the 1,500-mile missile that can be carried anywhere by atomic-powered submarines and fired from under water.

Heavy Bombers

McElroy's disclosure that the country will rely heavily on the B52 for the next three years came shortly after the air force all but canceled the B70 heavy bomber program.

The B70 is an advanced bomber designed to fly three times the speed of sound. It was years from being operational although half a billion dollars had been spent on it. Now only one or two prototypes will be built. The B70 had been criticized on the ground that it would be obsolete in the missile age even before it went into production.

McElroy said that as of today Russia and the United States have about the same number of intercontinental missiles—a very small number. But he said Russian production will outstrip the U. S. in coming years.

Girl Killer to Share Estate of Dead Parents

Mauston — A Juneau County Judge L. A. Hansen ruled Tuesday that Elizabeth Jane Dakin, the Mauston High school girl who admitted shooting her parents to death a year ago, should share in their \$180,000 estate.

Judge Hansen ruled that the common law dictum that a criminal cannot profit from his crime did not apply in this case because Miss Dakin was found innocent by reason of insanity on first degree murder charges.

Miss Dakin is now a patient in the Winnebago State hospital. She will divide the estate with a sister, Mary, 11.

Mr. and Mrs. Thomas Dakin were shot in the living room of their home here. At her trial, Miss Dakin admitted the killing of her parents with a fusillade of shots from an automatic rifle.

Socialite's Will Admitted to Probate by Judge

Kenosha — A Kenosha County Judge W. Bode Tuesday admitted to probate the will of Mrs. Virginia Kraft Dore, 39-year-old Genoa City socialite who died of carbon monoxide poisoning Oct. 24. Her counsel estimated the estate at \$145,000.

The will, drawn Nov. 27, 1956, did not mention Mrs. Dore's husband, Francis, 38, whom she married seven weeks before her death.

Mrs. Dore's mother, Mrs. Julia Kraft, Chicago, was named executrix.

Fred Hartley, Mrs. Dore's attorney, said that a \$10,000 bequest was left to Mrs. E. Janice Nelson, a long-time employee of Honey Bear Farm that Mrs. Dore operated and \$10,000 to Mrs. Bertha C. Blinsk, an aunt. Smaller amounts went to several other relatives. Half of the residue is to go to Mrs. Kraft and the remainder to be divided between the Salvation Army and a scholarship plan.

Kenosha county authorities have not announced whether they will call an inquest into the death.

Judge Rejects Pupil Plan of Virginia School

Integration Plans Inadequate and Require Reworking

By the Associated Press

A pupil placement plan was rejected Tuesday by a federal judge in Virginia as "nothing short of contemptuous" and there were indications that an Atlanta plan is in for a rough time.

Elsewhere in the troubled South, two moderate members of the school board at Little Rock, Ark., won election over women running as independents, and a white man beat a Negro for the Dollarway school board in an election split clearly along racial lines.

Submit Plan

Judge Walter E. Hoffman told the school board at Newport News, Va., to submit a new pupil placement plan by March 15. He warned the school board and the Virginia state pupil placement board they will face contempt proceedings if they continue to deny qualified Negroes admission to white schools.

Hoffman threw out a 1-paragraph plan that simply said pupil assignments would be left to the state board. The judge told the two boards at the start of the hearing:

"You have a perfect right to defy the court, but the day you do it you know what ticket you will write."

Rejected Idea

The Atlanta plan, ordered by U. S. Judge Frank Hooper, will be argued in Hooper's court Dec. 14. Patterned after an Alabama law that has been upheld on its face by the U. S. supreme court, it lists many qualifications for pupil placement, none of which specifically mentions race or color. It would gradually integrate Atlanta public schools, starting with the 12th grade next year.

Gov. Ernest Vandiver and lawyers for Negro parents seeking to integrate the Atlanta school system rejected the plan, adopted by the Atlanta board of education. The Negro attorneys called it inadequate; the Georgia governor repeated, off-spoken, pledges to fight any move to place Negroes in white schools.

NBC Asks Disc Jockeys Take Oath About Interests

New York — The National Broadcasting company is requiring all employees who select music for its 11 NBC-owned radio and television stations to swear before notary publics about any outside interests in the music business.

An NBC spokesman said last night the company has distributed questionnaires inquiring about interests in music publishing or record manufacturing mostly to disc jockeys. The questionnaires are to be completed, notarized and returned to NBC here.

The questionnaires, which went out last week, are part of the network's self-scrutiny as a result of a congressional investigation of payola — the practice whereby record companies slip disc jockeys cash to plug records.

Mrs. William A. Conger, right, comforts her son's fiance, Miss Patricia Allen, shortly after they learned in Cleveland, Ohio, of his death in the crash of an Allegheny Airlines plane near Montoursville, Pa. The son, William T. Conger, 28, was the flight steward. Miss Allen, a ticket seller for Allegheny, was to meet the flight on its arrival in Cleveland.

Government Not Likely To Ban Cigaret Sales

Stop Would Paralyze \$7 Billion Industry, Take Painful Bite From State, Federal Taxes

Washington — What would happen to the economy if the government banned cigarettes?

It's not likely to happen, since at present the government has no authority to move against cigarettes for any effect they may have on health.

Surgeon Gen. LeRoy E. Burney last week warned that the weight of evidence implicates smoking as the main cause of a rising rate of lung cancer, but he has no power to ban smoking even if he favored such a move. Industry spokesmen attacked Burney's warning as a warmed over rehash of old statistics.

Hefty Consequences

But if the government did ban cigarettes, the action would have several hefty consequences. For one thing it would paralyze a \$7 billion industry. For another, it would take a painful bite from federal, state and local tax revenues.

While taking no sides on the cancer controversy, farm officials said today a drastic ban of cigarettes would adversely affect three-quarters of a million farm families and thousands more workers now marketing, processing and selling tobacco products.

The agriculture department said taxes collected on tobacco products by federal, state and local governments will total \$2,700,000,000 this year. Nearly \$2 billion of this goes to the federal government.

Farmers Suffer

Subsidies paid tobacco growers under federal farm programs total less than \$175 million since the inception of those programs in the mid-thirties. These subsidies have been small compared to those for other crops because production has been controlled more rigidly.

Tobacco manufacturers and the federal government would lose more in total dollars than would growers, who will receive an estimated \$1,100,000,000 for their tobacco this year.

Officials estimated that more than 40,000 wage earners would be thrown out of work in the industry. Their wages were estimated at more than \$160,000,000 a year. Thousands of retail tobacco stores would be affected. Heavy losses would be sustained also in useless cigarette vending machines.

Affect Smokers

A ban on cigarettes would affect an estimated 58 million smokers in this country. Officials estimate that an additional 12 million persons smoke cigars and 8 million more smoke pipes or roll-your-own cigarettes.

Officials emphasized, however, that there is no legal authority for banning cigarettes or taking them off the market. Tobacco is not covered by the food, drug and cosmetic act which provided authority for recent action by the food and drug commission against tainted cranberries.

The commission has seized

Five Cubans Nabbed While Attempting to Fly Bombs From U. S.

Two of Group Former Pilots in Deposed Dictator's Air Force

Miami, Fla., — Five Cubans, including two air force pilots under the deposed Cuban Dictator Fulgencio Batista, are under \$2,500 bond each for a hearing on a federal charge of attempting to fly explosives out of the United States.

Custom agents arrested the men Sunday before they got in the air with three homemade bombs, possibly for a flight over their revolutionary homeland. Their hearing is set for Dec. 18.

Lonely Airstrip

The quintet was seized while transferring bombs containing 96 pounds of a nitro glycerine compound from an automobile to a lonely airstrip south of Miami.

Joseph A. Fortier, supervising customs agent, said the crudely-made bombs already had begun leaking and were at a critically dangerous stage when the raiders closed in.

The plane had no bomb-dropping device. Customs men said that throwing the bombs overboard might have set them off in the plane.

Charged in the case are Osvaldo Piedra, 24, Jose Hernandez, 24, both identified as ex-Batista air force pilots; Manuel Revuelta, 23, Manuel Blanco, 23, and Miguel A. Orasco, 23, all of greater Miami.

Customs men said Piedra is the brother of Orlando Piedra, who was chief of the bureau of investigation in the Batista government.

In a Washington dispatch, the New York Times said Fortier told the newspaper by telephone that a marked map found in the plane indicated the intended target was in central Cuba.

One of the Cubans told customs agents that the target was a military installation but the others denied this, Fortier told the Times.

Travelers to Start on 2nd New Home

Seattle — The Clifford Emery family returned two weeks ago from a 4-month globe-circling trip which cost them their savings and most of the money raised from the sale of their home.

But starting over doesn't bother the Emerys. They built their first home themselves and they're ready to start on the second.

"I'll start logging off the lot next week," Emery said. The lot was donated by Emery's father.

"We still have a little cash left. We'll build some of the new house, then get financing for it," Mrs. Emery added.

Meanwhile, Emery, who had taken a leave of absence from his \$100-a-week job with Pacific Telephone company, hasn't returned to work.

"I was offered a job with the company," he said, "but it was outside work and at less money. I don't think I'll take it."

"I don't know for sure what I will do, but I'm not really worried. I'll find something." The Emerys have four children, from 4 to 16.

Would they do it again? Well, when the house is built and some savings accumulated . . .

West German, French Leaders Confer Again

Konrad Adenauer, De Gaulle Study Western Diplomacy

Paris — West German Chancellor Konrad Adenauer and President Charles de Gaulle met today for a long private talk on the western diplomacy to be used at the east-west summit meeting.

With only an interpreter present, the two leaders got down to business after their foreign ministers had worked over issues on which they agree and disagree.

It was understood that the two would be in conference most of the day until Adenauer's departure early tonight for Bonn.

The second day of Adenauer's visit was greeted by French headlines hailing the postwar friendship between West Germany and France and the close relations that have developed between the two statesmen.

Renew Assurances

The French yesterday renewed their assurances to Adenauer that de Gaulle would insist at any summit conference on a Berlin settlement only as part of an over-all German reunification settlement.

One of Adenauer's biggest worries has been that the west, because of Soviet Premier Nikita Khrushchev's threats to West Berlin, would agree on an isolated Berlin settlement. However, de Gaulle has always sided with Adenauer on this.

Spokesman said yesterday's meetings went well, but that differences remained.

cigarettes at times where they were represented to aid in reducing weight or to have some medical effect. But such action was based on grounds the cigarettes were sold as drugs and were mislabeled.

Steel Strike Story Clouding Issues

BY SYLVIA PORTER

When the polls on the top business news stories of 1959 are opened a couple of weeks from now, the prolonged steel strike will well may be in the top spot. While it wouldn't place it first, it ranks among the major economic - financial events of the year.

An obvious reason for selecting it would be the way the duration of the shutdown of the steel mills is dominating the closing weeks of the year. No judgment of the economic picture today can be made without considering how in the future. What happens in this 80-day cooling off period, surely will provide a key test

Any forecast for prosperity in 1960 must be based on the premise that (1) the steel strike will not be resumed after the Jan. 26 deadline and (2) the settlement will not set off another inflation spiral in our country. A strike which has so altered this year's economic pattern and upon whose settlement terms so much of next year's pattern rests is a vital story indeed.

New Labor Era
But there also would be other reasons for the selection. Many serious observers believe the drama of the steel strike, coming on top of a year of labor turbulence, will open a new era in labor-management relations, lead eventually to historic legislation to prevent such crippling strikes in the future. What happens in this 80-day cooling off period, surely will provide a key test

of collective bargaining as we have known it. Some hail the steel industry's stand in this strike as marking an end to the cycle of major annual wage gains by unions. Others think the settlement terms will decide whether the United States is to win a crucial battle against inflation. Still others emphasize the most significant aspect has been the way the upsurge in steel imports has underlined the threat to America of competition from other lands.

There is validity in each claim. But I do not rank the steel strike in first place because, while it has shifted the economic pattern, so far I believe it has not fundamentally altered it.

In any settlement the steel union will win wage gains, and while these negotiations have been hugging the headlines, millions of workers in other industries have been winning pay increases comparable to those in previous prosperous years. "Hold-the-line" has been more a headline than a fact.

Bargaining Talk
If a settlement is reached before Jan. 26, the excited talk about a new era in union-

regulation and bargaining could quiet down—particularly if the settlement is non-inflationary.

Yet the impact and implications of this strike will be felt by our nation and millions of us as individuals for months to come.

We would now be riding the crest of a record boom in production, jobs, incomes and sales—were it not for the cutbacks in output and employment forced by the steel strike and the resulting scarcities of the metal.

Joblessness Up

Instead, unemployment is much higher than it otherwise would be. Auto sales that would have been made in December are being delayed until cars can be produced in 1960. Profits that seemed certain in September have disappeared into the air. The precarious balance in the federal budget for 1960 apparently has been turned into another deficit by the shrinkage in profits and incomes.

The strike dramatically interrupted the boom of 1959, although, hopefully, the business postponed will spill over

Basketball Clinic to Open Recreation Play

Hortonville — A basketball clinic at 1:30 p.m. Saturday at the high school gymnasium will open a recreation program for fifth through eighth grade basketball players. Russ Tiedemann, Hortonville Union High coach, has announced. The program will be active throughout the basketball season Saturday afternoons with the exception of the Christmas recess. John Quinn and Tiedemann will conduct the clinic.

into next year and the prosperity of 1960 will be stretched out. But any forecast for prosperity in 1960 must rest on the premise there will not be another strike and the settlement will not be violently inflationary.

Few events illustrate as clearly as the steel strike the point made in Monday's column that a review of the top stories of 1959 is a preview of the top stories of 1960.

Red China's Actions With India to Occupy Eisenhower

Foreign Aid Requests Also Will Be Heard by Touring President

BY DOUGLAS B. CORNELL — Neither in India nor elsewhere has a formal, item-by-item agenda been laid down as a basis for discussions. But the border issue is certain to arise in New Delhi where Eisenhower will see fit to take on the numerous opportunities for sessions with Prime Minister Jawaharlal Nehru. Indian relations with Pakistan, an American ally, may arise also. These relations have been improving recently. It is to the interest of the United States that they continue improving. Eisenhower might see fit to touch on them only if Nehru raises the subject, since it is a delicate one, of emotional concern to India. Requests for more U. S. military aid might grow out of the border difficulties and a desire to strengthen the Indian army. Possibly Nehru may ask to buy U. S. weapons outright, because of his country's dislike of strings attached to the aid program. India also is counting heavily on continued economic assistance. It might feel inclined to ask Eisenhower how much can be expected for its third 5-year development plan, now on the drawing boards.

U.S. Aid Well Used — The United States has supplied almost \$2 billion in aid to India. The money has been an important element in Indian efforts to raise living standards through the development plans. An Associated Press check at presidential stopping places indicates more than half the nations Eisenhower will visit may make polite inquiries about continued or increased military or economic aid or both. In addition to India, the list includes Pakistan, Turkey, Afghanistan, Tunisia, Iran and possibly Spain. Generalissimo Francisco Franco of Spain may ask for an early shipment of promised military equipment for two divisions of troops. He may bid for a larger U. S. immigration quota for Spain. Franco may want to go into the entire question of North Africa and nationalism, and perhaps the effects on U. S.

air bases in Spain of the forthcoming evacuation of similar bases in nearby Morocco.

In addition, Franco is known to be concerned about a rise of anti-American feeling in Latin America, particularly evident of late in Cuba and Panama. He might see fit to offer his services in an attempt to clear and improve the atmosphere.

Diplomatic onlookers in Madrid believe, however, that Franco will be interested mainly in a first-hand report from Eisenhower on results of the western summit session in Paris and American ideas for dickering with Soviet Premier Nikita S. Khrushchev at a projected east-west summit next spring.

Breakdown Given — Country by country, here is a run down on possible points of discussion elsewhere along Eisenhower's route:

Italy — No real major problems in Italian-American relations to be threshed out. Maybe a subdued reminder that Italy would prefer a stronger role in NATO, at least equal to that of France, and more consultation among all western allies — big and little. Perhaps a generalized review of world problems, including German reunification, disarmament, NATO defenses, the middle east.

France — No separate talks scheduled with President Charles de Gaulle. If there are some, NATO, France's troubles with Algeria, French ambitions to master atomic weapons and other issues could arise.

Iran — Increased military aid and continued U. S. loyalty to friendly Iran. What happens to such smaller nations as Iran, Pakistan and Turkey if the United States and Russia come to some live-and-let-live understanding? All ranks of Iranians are concerned, even though the shah says an agreement that would be harmful to small countries "is not even imaginable." Iran thinks the United States has granted aid readily, but never enough.

Turkey — Time schedule for missile bases in Turkey; the possibility of adding Afghanistan to the Central Treaty organization; a favorable Turkish thesis: that American aid should go primarily

toward American allies rather than to such neutrals as the United Arab republic.

Afghanistan — Aid. The United States has provided only about half as much as Russia for a country which needs a great deal. U. S. state department concerned over possibility of extensive Soviet economic penetration, even though Afghans insist they aren't being pulled financially into Russian orbit.

Pakistan — Weapons as well as aid. President Ayub Khan concerned about the Chinese in western Tibet, near the Pakistan-held part of Kashmir, and Russian road-building program in Afghanistan. Pakistan's development program is heavily dependent on U. S. aid.

Greece — Greek relations with communist neighbors, Bulgaria and Albania, on which Greeks believe the United States somehow can bring pressure. Greek concerns: restoration of diplomatic relations with Albania; Bulgarian failure to pay any of the \$40 million in war reparations due under peace treaty, plus maintenance of estimated 240,000-man Bulgarian military force to Greece's 150,000.

Tunisia — Further financial aid for a struggling country; Tunisian plans to recognize Russia diplomatically; Algerian rebellion against France — Tunisia is the main supply and political base for the rebels; the future of big, French-held naval base at Bizerte, which NATO would use in wartime.

Morocco — Final arrangements for evacuation of four U. S. air bases and one naval base, already agreed upon in principle; the Algerian rebellion raging on and across Morocco's eastern frontier. Both Eisenhower and King Mohammed V support the principle of self-determination expounded by De Gaulle.

Perfumed Movies Set for Broadway

New York — Broadway is soon to get two kinds of scent-saturated movies, but White Way oldtimers claim such perfumed attractions are nothing new.

Back in 1923, Producer Harsard Short had an aide develop a chemical compound which emitted the aroma of oranges while singers crooned "An Orange Grove in California" in the "Music Box Revue."

The two new movies are being used by Michael Todd, Jr., and Walter Reade, Jr., in two rival film attractions.

For 2¢ plain

by Harry Golden

Schnorrers are a Problem

This is another of a series of articles from Harry Golden's latest bestseller, "For 2 Cents Plain."

The word is out at the dog tracks and night clubs of Miami: Schnorrers — stay clear of Columbia, S. C., on your way back to New York next season.

In Columbia they have decided to give each schnorrer, regardless of his story or gimmick, the sum of one dollar — no questions asked.

Literally, schnorrer means "beggar." But, historically, the schnorrer was a beloved wanderer among Jewish communities.

He was the medieval news reporter — and, for his food and lodging, he often performed services other than bearing gossip from place to place.

Frequently, he was a musician, a sort of wandering minstrel, or a badkhan — the jester at weddings. The schnorrer told jokes, and sometimes he danced and sang for the children of the village.

The American schnorrer is another story, of course.

Our American schnorrers begin to work their way down to Florida about the end of October, when it starts to get cold in New York. They hit most of the towns and use various angles and stories to get money from individual merchants, or from the organized fund in the community.

The modern schnorrer often calls the local rabbi and tells him that he is stranded. The question arises — how could you suddenly be stranded in a little town in eastern Virginia? The answer — he was recommended for a job in the vicinity which did not pan out. The schnorrers always spend the first few hours in town studying the terrain — the names of the streets and business houses.

firsthand, the rabbi and I guards have been set up in communities when illness or wound up carrying the guy's some communities.

Columbia, as I have mentioned, now gives them one dollar. In Roanoke, Va., they give the schnorrer a bus ticket to the next city. The ticket has a stamp, "Not redeemable for cash." These two systems, of course, apply to the average schnorrer who comes through town for a handout.

It is precisely because of Other and adequate provision is made by the Jewish community when illness or an obvious legitimate need are involved.

In fact, Jews of many cities have set up a fund for such a purpose. They appoint a chairman — one whose business is easily accessible to both schnorrers and traveling Jews in real distress. They rely on the chairman's judgment in handling donations.

And these chairmen be- he gets \$10, and if he's clean-shaven he gets \$5.

Wednesday, Dec. 2, 1959 Appleton Post-Crescent A9

The schnorrer, of course, is not completely lacking in awareness and sensitivity. Next year the schnorrers from the North who followed the Seaboard Air Line down to Florida in 1958 will switch over and follow the Southern Railway, and the schnorrers who followed the Southern will alternate and give the folks on the Seaboard line a break.

PENNEY'S PETTIS

for fashion, fabric and fit, nothing beats
easy-care Dacron®-nylon-cotton batistes

Big, long Christmas lists aside — these are our best-sellers, your best bet! Firstly, women love their fabric — light, soft yet strong, requires little or no ironing. Next, they love their Penney supervised neat makings, lush yet lasting trims, proportioned-to-height fit, shadow panels! Last but not least, they love variety — slim or full, tailored or fussy, slips or pettis — we have them all. White, pink or blue. Sizes 32 to 44 in slips — small, medium, large in petticoats.

**3.98 - 2.98

Here's a gloriously full swing petti with 3 full skirts of nylon net. Comes in white. Hand washable, too! Tiny priced!

What's her line? PENNEY'S HAS THE PERFECT SLIP for her figure, her favorite fashion!

Women's Lingerie — Main Floor

19 Drivers Admit, Pay For Speeding

Most Arrested by State Patrol Using Radar Check Point

Nineteen drivers were fined or forfeited bonds on speeding charges Tuesday in municipal court.

All but one were arrested by the state patrol, most through the use of radar speed check points.

Thomas C. Van Gompel, 18, route 2, Kaukauna, charged with speeding in Appleton, was offered a choice between a \$15 fine and a \$10 fine and safety school attendance. He chose the \$10 fine and attending municipal court safety school Dec. 15. The conviction will cost him three points against his driving record.

3-Point Speeders

Charged three points each for speeding were Lyle A. Schwahn, 30, route 1, Brillion, \$13.95 forfeited; James A. Lund, 23, route 3, Antigo, \$13.95 forfeited; Edgar R. Van Barriger, 26, Rockford, Ill., \$10 fine; Dean C. Strong, 24, Main street, Hortonville, \$10 fine; Dennis R. Sedo, 21, route 2, Neenah, \$10 fine; Thomas L. Schider, 33, 304 E. Fourth street, Manawa, \$13.95 forfeited; Lavern F. Mullen, 26, of 1208 N. Richmond street, \$15 fine.

Robert E. Moon, 45, of 301 S. Lee street, \$10 fine; William B. Mitchell, 22, Negau-nee, Mich., \$15 fine; Isabel M. Kaderli, Brodhead, \$13.95 forfeited; Roger L. Johnson,

21, of 319 Wisconsin avenue, New London, \$10 fine; Donovan C. Hohnman, 41, route 1, New London, \$10 fine; Raymond J. Hoffman, 23, route 1, Clintonville, \$10 fine; Richard A. Fischer, 23, of 510 W. Pine street, New London, \$13.95 forfeited; Bert F. De Byl, 45, of 1031 W. Summer street, \$10 fine; Robert J. Conn, 38, Main street, Hortonville, \$10 fine; James W. Brochtrup, 23, route 1, Brillion, \$10 fine; and Edward J. Stanley, 20, of 308 E. Pacific street, \$15 fine, and \$10 fine for an illegal muffler on his car.

Illegal Passing

Charged four points for illegal passing were David D. Pugh, 21, Mundelein, Ill., \$25 fine, and Joseph E. Slivensky, 64, Ironwood, Mich., \$10 fine.

Charged three points for ignoring a stop sign was Richard J. Van Denzen, 41, of 738 E. Harding avenue, \$10 fine. Charged two points for following too closely in traffic was John S. Trybula, 36, Green Bay, \$28.95 forfeited.

Charged four points for driving without a driver's license was William T. Caspary, 22, Waukesha, \$15 fine.

3 Registration Charges

Richard G. Hearnden, 17, of 120 N. Main street, Kimberly, forfeited \$13.95 for failing to transfer title, \$13.95 for driving a non-registered vehicle and \$30.95 for offering improper evidence of registration to a state patrolman. Donald J. Clark, 308 E. Washington street, New London, was fined \$10 for failing to apply for a certificate of title and \$10 for driving an unregistered vehicle.

Duane Immel, 20, route 1, Appleton, was fined \$10 for failing to have registration on a trailer over 3,000 pounds gross weight. James W. Jobelius, 25, of

The New \$26,000 Retaining wall on S. Lawe street, just north of the Lawe street bridge, is taking shape. The new wall will replace the crumbling wall which Director of Public Works Duszynski said was so dangerous traffic on the street along side it should be stopped.

Kaukauna to Study Plowing Public Walks

Council Saves \$150 in 1960 Budget by Approving Sand Spreader Purchase

Kaukauna — Despite objections by two aldermen, the city will undertake a study to ascertain whether the policy of clearing all city walks of snow will be continued.

The board of public works recommended the city discontinue its policy of plowing public walks and notify property owners to clear walks within 714 E. Circle street, was fined \$10 for having expired license plates on his car.

Richard A. Skinner, 22, Antigo, forfeited \$13.95 for having a pair of illegal mufflers on his car. An \$18.95 bond was forfeited when the New London Co-Op Exchange, 305 E. Wolf River avenue, New London, failed to appear on a charge of having a defective hand brake on a truck.

Margaret Glaser, 208 W. Prospect avenue, who Oct. 6 denied two separate charges of failing to have a driver's license, failed to appear for trial and two bonds of \$13.95 were forfeited. The woman was charged by Appleton police Oct. 3 on N. Bennett street and Oct. 5 at Memorial drive and College avenue.

Mayor Bayorgeon objected, saying the cost of plowing walks had never been studied and he felt this service could be continued for residents at a nominal cost. Bert Roberts, chairman of the finance committee, agreed saying the program was particularly helpful to postal employees in making their rounds. A \$5,000 appropriation in the 1960 budget was intended to aid for snow removal on public walks, said Roberts.

Last year the city was the biggest violator about clearing walks after storms as all city personnel were tied up on street work, yet how can we expect citizens to clear their walks within 24 hours, continued Roberts. Jewell Toms, Second ward alderman, wanted the city to continue to plow public walks, particularly for widows, handicapped persons and others unable to wield a shovel. The majority of able bodied keep walks clear despite the city plowing program, stated

was accepted due to the date of delivery, type of equipment and availability of the concern for quick repairs to the sander when necessary.

No one objected to rezoning five lots in the Fourth ward from local shopping to residential business district as recommended by the planning commission thus the attorney

was instructed to take necessary steps to change zoning laws.

The public service commission informed the council it was undertaking a study on the request of the Kaukauna utility to install iron removal equipment at its new well at a cost of about \$34,200.

The city engineer was authorized to contact the board of education for permission to cross the high school athletic field with an 18-inch storm sewer to empty into the tailrace adjacent to the field. This sewer will divert storm water from the Elm street sanitary sewer system.

Lawrence Adopts Improvement Plan

CONTINUED FROM PAGE 1

itory, and a \$65,000 beginning has been made on the renovation and expansion of the library.

About \$18,000 is available for the chapel remodeling project, and a little more than half of the Peabody infirmirary can be financed by an

existing fund established in the will of George E. Peabody. Appleton businessman who died 50 years ago. Small starts also have been made on the Main hall and science laboratory improvements.

A plan to increase sources of annual income in several categories includes:

	1958-59	1959-60	1963-64
Number of students	830	860	1,000
Student fees	\$758,600	\$ 937,400	\$1 400,000
Endowment	177,000	201,300	260,000
Gifts for Current Operation	189,019	222,938	300,000
*Plant Assets	23,770	24,770	25,000
Other	24,000	24,000	25,000
Totals:	\$1,172,389	\$1,410,408	\$2,010,000

* (Income derived from rental of college buildings, etc.)

These amounts are for educational expenditures only; the dormitory budgets for student room and board are in a separate category.

Marked For Education

The additional income is earmarked for a steady improvement in faculty salaries, library collections and classroom equipment.

President Knight commented: "We feel these plans approved in principle will enable Lawrence not only to sustain its place in the world of higher education, but to meet with even greater effectiveness our responsibility toward the country in the cr-

Grand Chute Puts Delinquent Bills On Tax Rolls

All delinquent bills owed the town of Grand Chute as of Dec. 1 will be placed on the tax roll for collection after the first of next year.

Bills owed the town total nearly \$7,000 from unpaid fees for weed cutting, snow removal, road grading and culvert placement.

The town board Tuesday night also approved the first addition to the Frank Heilmann plat, north of Highway 41 and west of Lyndale drive. It is on the north proposed extension of Bluemound road.

The 11-acre plat has 28 lots 90 by 160 feet.

Town Constable Russell V. Neubert asked the board to warn residents of fines levied for stray dogs. Fines from \$5 to \$50 can be assessed on owners whose dogs run at large.

With the advent of winter and colder weather, some owners have permitted their dogs to run loose, he said.

Planning Underway on Sewage Plant

CONTINUED FROM PAGE 1

1961, but will not be finished by the deadline.

The state pollution committee, in its order, said its inspectors found that the Appleton treatment process reduced pollution qualities of sewage dumped into the Fox river by about 29 per cent. The recommended level is between 70 and 75 per cent.

Net result of conditions, not only at Appleton, but at points along the river, both from municipalities and industries, is a polluted river, the committee said.

The Appleton sewage treatment plant, on the south shore of the river at the east city limits, has a primary treatment capacity of about 11 million gallons a day. In peak storm times, gates are opened and raw sewage is permitted to run into the river untreated.

Present primary treatment consists of adding alum to the sewage as it flows through the plant. In summer chlorine is added to reduce pathogenic (disease causing) organisms.

An addition to primary treatment would be required soon anyway because of growth of the city and its increased demand for sewer services.

But, the secondary treatment facility which the state is requiring is due to the change in the character of sewage in the 25 years since the primary plant was built.

Use of detergents by the housewife, an unknown and unlooked for practice when plans for the present plant were approved in the mid-1930s, is one of the major factors, state officials have said.

Christmas Baskets

The Appleton Relief and Welfare council again is acting as a clearing house for Christmas baskets for all organizations, churches and agencies. Groups preparing Christmas baskets may submit names to avoid duplication. Names should be cleared at the Red Cross office, 110 N. Durkee street, by Dec. 11.

Set Meeting On Obtaining Packard Ravine

Works Board to Ask Realtors to Serve As Agents for City

The board of public works will explore a proposed method of obtaining options to buy Packard street ravine land. Board members Tuesday instructed Mayor Mitchell to invite representatives of the Appleton Board of Realtors to their Dec. 15 meeting.

It is planned to ask the realtors to quote a price for acting as the city's agent in obtaining the options.

The city for several years has been contemplating extension of Franklin street across the ravine. Several plans exist for extension of other streets across the ravine as alternate routes, but the Franklin street plan apparently has received most favor.

Mayor Asks Plan

Director of Public Works Duszynski has shown the board a Franklin street extension plan which includes provisions north and south of the extension for 650 parking stalls in two off-street parking lots.

Mayor Mitchell has said the city ought to outline the intended use of the land before proceeding with attempts to obtain options. Some property owners would oppose sale to the city if the monthly "pig fair" would be moved onto the parking lots, he said.

Police Station

The board authorized City Clerk Broehm to advertise for bids for constructing the estimated \$95,000 to \$105,000 police station addition. Plans are by Architect Raymond N. LeVee. Money for construction is provided for in the 1960 city budget.

Edison School

The mayor and clerk were recommended for authority to sign a contract designating LeVee as architect for the new Edison school. It was decided state law permits the school board to act as the board of public works in school building construction, so the school board will have jurisdiction over the work.

Swimming Pool

The board authorized City Clerk Broehm to apply for a service by Wisconsin Michigan Power company for the new south side swimming pool. Pool construction, on the Interlake park site, is scheduled to begin next spring.

No Bids to Open

There were no bids on sewer and water laterals for Lee and Fairway courts and Shaw street, near the South Side Athletic club. Most property owners have obtained private contractors to install them. Director of Public Works Duszynski said.

Nelson, Kuehn In Clash Over Withholding

CONTINUED FROM PAGE 1
publican nomination for governor.

His testimony before the committee, carefully prepared and distributed to the press as was Nelson's, showed that he is eager to fight Nelson on the ground of tax policy and that he is only waiting for the results of the legislative struggle on the tax question to make his candidacy known in a public declaration.

Nelson removed all doubt that he regards his withholding tax measure as the key to his political strategy.

Kuehn was equally adamant in opposing it, and apparently confident that the Republicans who hold the majority in the state senate will defeat it again as they killed it last spring.

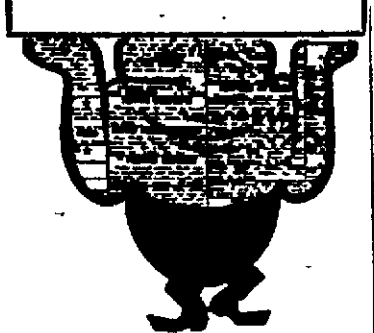

Nelson acknowledged the possibility that his bill will be defeated, and said he is willing to campaign on the record of the withholding fight in the legislature because he is sure that a majority of the people of the state back him.

800 Registered
The hearing was difficult to appraise, with respect to its measurement of popular sentiment of withholding. The registrations filed showed slightly more witnesses opposed to the governor's tax program as a whole than there were for it. Nearly 800 registrations were filed, which may be a record.

The governor and the Democrats may find their withholding campaign weakened because they have wrapped up in the administration revenue bill other tax features that will arouse bitter opposition, including plans to embrace savings and loan association under the income tax laws for the first time, to increase the taxes on banks, and to increase cigarette taxes and to tax Wisconsin grown tobacco

Pinned Across an Overturned police motorcycle, Edgar A. Whitehead, 54, San Francisco, battled furiously as Policeman David Ansuriya attempts to help in subduing his prisoner. Ansuriya said Whitehead, whom he had radioed for speeding on the James Lick Freeway in San Francisco, slugged him as he was writing out a citation.

May Move to End Strike
**Eike Talks of Action
In Steel Controversy**

CONTINUED FROM PAGE 1
cepted, the strike would resume after Jan. 26. In speaking of the effects of the steel strike, Eisenhower said it has placed budget balancing in a very precarious position in the current fiscal year by reducing tax revenues.

On another issue, the president said the United States will never have a positive political doctrine on whether its foreign aid funds should be used for birth control projects by the recipient nations. That is not our business, Eisenhower said.

This government has no intention of interfering in the internal affairs of other governments, he said, adding: If those governments want to do something about this admittedly difficult and even explosive problem, that is their responsibility. The question was raised by a reporter who recalled that a study group's report on foreign aid earlier this year suggested that this government, on request, might help in the formulation of plans to deal with population growth in countries whose resources could not keep up with the birth rate.

The questions ranged over a wide field and produced these replies from the president: Eisenhower said he felt it imperative to try once again to reassure the nations of the world — including America's friends — of our genuine sincerity in the pursuit of peace. He has only a few months

left in office, Eisenhower said, and has decided he must make an effort that no president ever has been called upon before to make. He hopes, he went on, to tell the nations he visits, and through them other nations, that America seeks no territorial gains and desires to violate no one's rights.

He said he hopes to use such prestige as he has gained through the years to assure the world that the United States wants only to be a good partner to all nations and to cooperate in searching out a better life for all, politically and economically.

The president reported that his doctors have told him he is as fit as he could possibly be at his age to undertake the 22,000-mile journey. Eisenhower indicated this government intends to pursue a middle course in the transition from manned warplanes to intercontinental missiles as key elements in the nation's deterrent strength, even though Russia will move ahead in the missile race for a time.

The president reminded reporters of the adage: Be not the last by whom the new is tried, nor yet the first to lay the old aside.

The question was linked to yesterday's disclosure that the pentagon will cut back on spending to produce the faster-than-sound B-70 nuclear bomber.

Eisenhower volunteered, at the opening of the conference, an announcement that Premier Nobosuke Kishi of Japan

will visit the United States probably in January. For some time this country has been negotiating a revised treaty with Japan, the president said, and the two heads of state will discuss any questions remaining on that problem at the time of the premier's visit.

Eisenhower said he has received proposals from the agriculture department for new legislation to deal with the problem of farm surpluses, and will have ready for congress next month a program to free agriculture from what he described as its almost complete dependence on the government.

Eisenhower said he deplored the fact that some universities have considered it necessary to refuse federal loan funds for students because of the accompanying requirement, imposed by congress, that the recipients take loyalty oaths to the United States.

The president added that he too would resent it if he were a member of a group which was singled out and obliged to take an oath of loyalty under legal compulsion.

For himself, he said, he is ready to take an oath every day that he is not a communist and is loyal to the United States.

He recalled that he did not favor all portions of the law when it was enacted, but had to sign it to achieve the intended good—helping students obtain college educations.

the corporate tax prepay-

ment. What may look like a windfall to the tax collector is certainly a deadfall to the taxpayer and he is caught in the trap," he said, referring to the state regime's hope for

a "windfall" of receipts through the acceleration of tax collections. Whitney protested the provision of the proposed legislation that would make the employer responsible for collecting for the state the delinquent taxes of an employee.

"It would seem that the existing processes of judgment and garnishment are adequate for collecting delinquent taxes," he asserted.

Forcing the Kimberly-Clark corporation to surrender a substantial amount of its working capital will damage job opportunities and company purchase plans in the state, he told the legislators.

Town of Neenah Cuts Rate to \$3

Tax Charge for School
Districts Less for 1960

Neenah — Town of Neenah residents will get lower tax bills for next year, the town board of audit decided Tuesday night as it cut the town's tax rate in half.

Despite increases in the rates to be paid to school districts, the entire tax rate for each district will be lower. The town board set a rate of \$3 per \$1,000 valuation, which is half of the \$6 rate paid for this year. This does not include the school tax rates certified to the town board.

The county tax will take \$2.72 of the rate and the state tax 28 cents. No tax money will be raised for township expenses. The town also will pay out the \$49,378 for high school tuition, \$3,322 for high school transportation and \$16,121 of the county tax out of money on hand and expected from various sources during the year.

The \$2.72 rate will pay the balance of the county tax. Residents of Gillingham

Citizens Commends Menasha Police Force

Menasha — A letter to Mayor R. G. DuCharme, commending the police department in its efforts to recover a stolen car, was read by City Clerk Ira Clough at the Tuesday night council meeting.

The letter was sent by Mrs. Zella Frederick, whose car was taken last week from Mill street, near the Elks club.

The mayor said he was happy to receive the letter, since so often he receives complaint on city operations.

Brigade, Father-Son Hockey Night Planned

Neenah — A father-son hockey night is being planned for the Boys' Brigade ninth grade group to see the Green Bay Bobcats play the Japanese Olympic team at Green Bay on Thursday, Feb. 4.

Letters have been sent to the parents and all reservations must be made by Thursday night's meeting along with special price of \$1 for each ticket to assure securing the tickets.

joint school district will pay a \$23 rate next year as compared with \$24.16 this year. This rate includes \$20 for the school district, up from \$19.16 this year, plus the \$3 state and county tax rate.

Tullar joint school district residents will pay at an \$18.60 rate as compared with \$19.32 this year. Its school tax rate went up to \$15.60 from \$13.32.

Lakeview joint school district No. 5 also will pay at a reduced rate. It has been cut to \$17 from \$18.79. The school rate went up to \$14 from \$12.79 but the cut in the state, county and town rate causes the lower rate.

Mears joint school district No. 6, which contains only one parcel of property in the township, will have a rate of \$13.25 next year as compared with \$13.79 this year. The school rate will be \$10.25 as compared with \$7.79 this year.

For this year's taxes the \$6 rate included \$5.08 for the county tax, 29 cents for the state tax and 63 cents for township expenses.

No Protests Against Falcons' Clubhouse

Menasha — No protests were registered Tuesday against rezoning the land on which the Polish Falcons Athletic association clubhouse stands, with the result the city council approved the application for commercial zoning. The land, at 544 Fourth street, will be the site of a new clubhouse. No building plans had been prepared pending outcome of the hearing.

Making of Advent Wreaths was a spare time project for these St. John School students in Menasha, from left, Marilyn Magalski, Barbara Buksyk and Sherry Kettelson. Each candle on the wreath, made of greens, stands for 1,000 years of the biblical four millennia before Christ's birth. The custom of making advent wreaths, dating to early days of Christianity, is observed by many Christian churches. During the first and second weeks, one and two purple candles are burned. In the third or halfway week, the pink candle also burns, to signify rejoicing. In the final week, all four candles are burned.

Final Reports in Campaign Due Tonight

Plants Submit
Last Hospital
Drive Collections

Neenah — As the Theda Clark Memorial hospital building fund campaign nears its close with a final report meeting at 6:30 tonight at the Presbyterian church fellowship hall, additional in-plant campaigns have been completed.

Included in the completed campaigns in the B group, of which S. N. Pickard is chairman, were the following employee campaigns: Central Paper company, with a total of \$6,389.58 from 75 employees; First National bank of Neenah all 44 employees contributing \$3,733; Galloway company, 37 employees for \$1,847.98; Hewitt Machine company, 14 employees giving \$1,157.20; and Hardwood Products company, where \$5,679.16 was given by 95 employees.

Group C, with Gordon W. Sawyer as chairman, reported two company campaigns had been completed with the following results: John Strange Carton company, with 21 employees contributing \$1,151.88, and Sawyer Paper

company for \$1,229.04 from 11 individuals.

Dedric W. Bergstrom, chairman of the D group, reported the campaign results from these in-plant campaigns: Atlas Tag company \$1,208 from 27 employees; Chemical Supply company, \$516 from eight; William Krueger company, an additional report, all 16 giving a total of \$704.60; and the Twin City News-Record \$1,067.16 from 16 people.

The E group, with C. M. Flaherty, chairman, reported the Winnebago corporation employees' total of \$1,013 from 11 contributors.

Clean-Up Work Although the campaign meetings officially close the scheduled phase of the appeal, Leo E. Croy, general chairman, said the headquarters office at 111 S. Commercial street would remain open for several weeks preparatory to moving the collection office for the building fund to the hospital.

A contributor who had not been solicited called at the downtown office Tuesday and wrote his subscription for \$2,000 to the building fund, and a number of others who work out of the city but live here have stopped in to make their pledges.

Croy will preside at the final report meeting tonight.

Kimberly-Clark Names D. E. Smith General Attorney

Neenah — Darwin E. Smith, route 1, Menasha, has been appointed general attorney for Kimberly-Clark corporation, it was announced today by G. Kenneth Crowell, executive vice president.

Smith succeeds Roger A. Baird, 137 S. Alton court, Appleton, as general attorney. Baird was recently elected secretary of the corporation and many of its subsidiaries and will henceforth devote full time to that function.

Smith joined Kimberly-Clark in 1958 after being associated with a law firm in Chicago. He is a graduate of the Harvard law school and has a degree in business administration.

Twin City Deaths

Elmer J. Fogle

Oshkosh — Elmer F. Fogle, 64, Oshkosh, a former Neenah resident, died unexpectedly at 1:15 p.m. Tuesday. He was born Jan. 4, 1895, in Formosa, Kan., and lived at Parish and Fond du Lac and at Neenah from 1939 to 1957.

He was an employee of the Soo Line railroad. Funeral services will be at 1:30 p.m. Friday at St. John Lutheran church here with the Rev. E. W. Rabe in charge. Burial will be at Lakeview Memorial park. Friends may call at the Konrad Funeral home Thursday afternoon and evening.

Survivors are the widow; two daughters, Mrs. Gregory Friedel, Oshkosh, and Mrs. Floyd Peterson, Lansing, Mich.; a son, Donald Fogle, Neenah; two sisters, two brothers, six grandchildren and five great-grandchildren.

Mrs. McMurchie

Neenah — Mrs. Mathilda McMurchie, 75, formerly of Neenah, died Tuesday at Minneapolis, Minn., where she had been living for the last three years. She was born March 17, 1884, at Amery and lived for many years in Neenah.

Funeral services will be at 11 a.m. Saturday at the West for funeral home with the Rev. L. Clarence Kelley, pastor of First Methodist church in charge. Burial will be in Oak Hill cemetery. Friends may call at the funeral home after 4 p.m. Friday.

Survivors are three sons, Donald, William and Angus, all of Minneapolis; a brother, Edwin Smith, Portland, Ore.; a sister, Mrs. Lavina Clark, Minneapolis; four grandchildren and 11 great-grandchildren.

Priscilla Armstrong

Neenah — Priscilla Ellen Armstrong, infant daughter of Mr. and Mrs. Arnold Armstrong, route 1, Neenah, died at 3:30 p.m. Tuesday, shortly after birth.

Funeral services will be at 4 p.m. this afternoon at the

Menasha Council Sets \$34 Tax Rate

Adopts \$2,340,362 Budget
After 8 Citizens Protest
Cuts in 4 Departments

Menasha — After a 70-minute public hearing in which pleas for increases in four budgets were made, the city council adamantly and unanimously adopted its originally proposed 1960 city budget of \$2,340,362.

The new budget carries a \$34 per \$1,000 assessed valuation rate for 1959 taxes, payable in 1960. The new rate is a \$2 increase over last year's \$32 per \$1,000.

About 40 persons jammed the spectator section in the rear of the council chamber. Eight citizens spoke on the budget, five on behalf of schools.

The new budget total, including school monies, is \$45,100 lower than this year's spending estimate.

Increases, not granted, were asked by representatives of the board of education, police and fire commission and Elissa D. Smith Public library.

Board of Education

William Snyder, chairman of the board of education's finance committee, told the council the \$872,966 maximum figure allowed by the council would result in school program cuts and deferred maintenance.

The council had ordered a \$40,000 cut from the board's original budget of \$912,966. The board had cut per-pupil costs were nearly \$11,200 from its total budget, mostly through postponed maintenance and equipment purchases. This year's budget was \$792,395, or \$80,000 lower. Added to the school budget

is \$3,500, representing the town of Menasha's share of Clovis-Grove and Sixth street school sites. Chairman Amos Page voted with the council on the budget.

The budget, Snyder said, provides for no teacher salary raises. "We don't set teacher salaries in the area. We generally are behind other cities, like Neenah and Appleton," Snyder commented. He closed his first remarks with a request for specific help from the council on where to cut. The new Sixth street school, he added, will open next fall, resulting in higher costs.

Shows Charts Ald. E. R. Rather, council finance committee chairman, presented charts showing that Menasha and Neenah pupil-teacher ratio is 24.8 while Neenah's is 26.3. Rather suggested raising the Menasha ratio by having 85 teachers instead of the present 87 and the request 92 for 1959-60. At an average salary of \$5,800, that saving would be \$40,600, Rather said. Carrying his increased ratio further, he contended 27.5 would save \$58,000 and 28.5, \$76,400.

"If Neenah can maintain the 26 1/2 to 27 1/2 rate, why can't we? I believe this is one area that can be worked on to take care of the \$40,000 we asked you to reduce," Rather said.

Snyder pointed out Neenah has a higher enrollment, "where it is easier to have larger classes. Menasha has to offer so many classes with smaller numbers in them."

Teachers Shared Supt. of Schools M. J. Gegan said some of the 87 present teachers are shared with

Turn to Page 8, Col. 2

Dairy Barn and Silo Construction was discussed at the third farm short course meeting held Tuesday night at the Neenah club. Among those participating were, left to right, Harold Jacobsen, Ed Bruns, University of Wisconsin Agricultural engineer, Carlton Haase, Ronald Meyer and William Roper, field representative of Portland Cement association.

Honeybugs SLIPPERS

The nicest thing you can say about a slipper is... "it's a Honeybug." And remember... whether they're frilly and feminine or prim and practical, all Honeybugs slippers are wonderfully soft & cozy.

Neenah Hunter Waives Hearing In Waupaca

Charged in Death Of Companion; Trial Set Jan. 4

Waupaca — A Neenah man who shot a hunting companion Nov. 21 in Waupaca county waived preliminary hearing on a charge of negligent homicide by use of a gun routine road check in the when his case was heard by Justice George Whalen Tuesday afternoon.

He is Ambrose Naleway, 36, 1704 Henry street, Neenah. He is charged in connection with the death of Anton F. Przybylski, 48, 818 Adams street, Neenah. Przybylski died of a wound from a 30-06 rifle which was said to have discharged as Naleway was loading a clip into the weapon.

Bound Over
Naleway was bound over to circuit court for trial.

Conservation wardens have charged him with having a big game rifle for the purpose of hunting deer in Waupaca county. Only shotguns are allowed. His attorney entered an innocent plea to the charge and trial was set for 2 p.m., Jan. 4, before Justice George Whalen at the Neenah courthouse.

Przybylski died about four hours later at the New London Community hospital. He has been free since the day following the accident on a \$2,000 property bond. The same bond was continued.

County police and sheriff's department gave this description of the accident: Naleway, 36, was driving on Highway 100, near the intersection of Highway 100 and Highway 101, when he shot Przybylski and his two sons, Robert and Anton F., death.

Menasha Hunters Fined \$200 on Game Law Counts

Waupaca — Carrying home a doe fawn which was untagged and unregistered cost two Menasha hunters fines totaling \$200 when they pleaded guilty Tuesday before Justice George Whalen.

The hunters are Donald Scidling, 24, 212 Racine street, and Raymond Hoppe, 23, 731 Jefferson street. They both paid \$50 fines on each of two charges of possession of untagged venison and transportation of an illegal deer.

They were stopped by wardens Sunday night during a routine road check in the town of Fremont on Highway 100.

Others fined for violations found in the road check include Allen Kalman, 27, Fond du Lac, \$50 for possession of untagged venison, and Howton J. Przybylski, 48, 818 Adams street, Neenah. Przybylski was fined \$10 for transporting Christmas trees out of a county without a dealer's license.

The Compatibility of Science and Religion was discussed by Jack T. Wilson, noted scientist in the industrial field, for Men's club of First Presbyterian church, Tuesday. At the supper meeting from left are John Humphrey, Clarence Hoepfer, program chairman, and Mr. Wilson.

Church Women Present Skit

Menasha — A skit, "Born in Us, Today," was presented at the general meeting Tuesday of St. Timothy Lutheran church United Lutheran Church Women.

Mrs. Robert Jacobson was narrator and participants were the Mmes. Ralph Stahl, Hugh Geibel, Ervin Dutler, Joan Christoph, Stanley Smarzynski, Hilda Fickel and Ralph Fritsch.

The unit will make holiday cookies for shut-in members of the congregation. "African Safari" will be theme of the family night planned for February. The next general meeting is March 1.

Mrs. Roger Wright conducted the thankoffering service and Mrs. Caroline Stahlman was games chairman. Members of Esther circle were in charge of social hour arrangements.

Scientist Guest Of Presbyterian Men

Neenah — "The scientist and the religion student each speak a symbolic language, but when we define their terms, we find they are the same," Jack T. Wilson, physicist and director of research for the Louis Allis company, Milwaukee, told the Men's club of First Presbyterian church Tuesday.

Discussing the compatibility of science and religion, the noted scientist in the industrial field, pointed to the parallels between science and religion and said, "instead of a conflict, we find a complement."

Classing the first phase of the scientific method into creative mind and creative idea, development of creative art and communication and reduction to practice, Wilson compared the Trinitarian idea to the basic concept of science. The scientific method has a quality in it very much like that of qualities in religion, he said.

"The scientist is a man often called upon to profess an act of faith," he said illustrating his point with his own faith in one system when faced with multiple choices in the laboratory.

Wilson assisted in the planning and development of the first large fissionable material production program at Oak Ridge, Tenn. He is recognized as an authority in the field of effects of solar radiation on the earth's atmosphere and under his direction the Kolff artificial kidney was perfected and introduced into clinical practice.

More recently he has contributed to the launching of satellites, the design and development of fuel pumping devices for vehicles entering extra atmospheric regions at supersonic velocities and the production of high temperature insulation materials.

Advent Quiet Day Scheduled At St. Thomas

Neenah — The Very Rev. James Winchester Montgomery will conduct the advent quiet day being held by women of St. Thomas Episcopal church Thursday. The day will begin with a 9:30 a.m. communion service and continue to 3:30 p.m. A luncheon is scheduled for 1 p.m. with reservations due today.

The speaker is rector of the Church of St. John the Evangelist, Flossmoor, Ill. and dean of the Chicago - South deanery.

He is a graduate of Northwestern university and General Theological seminary, New York. He was ordained both deacon and priest in 1949.

Before becoming rector of the Flossmoor church in 1951, the speaker was curate of St. Luke's church, Evanston, Ill. He is a member of the diocesan council and since 1955 has been dean of the Chicago-South deanery. In 1958 he became a member of the Cathedral chapter and in the same year was a clerical deputy from the Chicago diocese to Mrs. Ben Matthews, 635 S. Lake street.

Golden Age Club Plans Yule Party

Neenah — The annual Neenah Golden Age Christmas party will include a program of dancers, musicians, singers, community singing of favorite carols and a visit from Santa Claus.

The party is scheduled for 7:30 p.m. Dec. 15 at Neenah Recreation building. Cards, table games and refreshments will follow the program. Gifts will be exchanged and Golden Agers will bring articles for Christmas baskets to be distributed to the needy.

Mittens, knitted by members, will be displayed at the party before being added to the holiday baskets. The women will have about 18 pairs ready for the party.

Among the activities at the Wednesday afternoon programs at Boys' Brigade building are sewing dolls clothes for Mrs. Herman Meyer, who each year refurbishes a large number of the toys for needy children and those in hospitals. The Wednesday programs, open to anyone 60 years or over, will continue through Dec. 16. There will be no center programs Dec. 23 or Dec. 30. The program resumes Jan. 6.

Golden Agers stuffed about 5,000 Christmas seal envelopes at a recent meeting. The first program after the holidays will be Jan. 5.

Hawley-Dieckhoff American Legion auxiliary was host unit for a dinner meeting of County Council of Legion auxiliaries Tuesday evening. Before the dinner from left are Mrs. Amanda Robinson, County Council president; Mrs. William J. Killeen, sixth district president; and Mrs. P. J. Cummings, president of the host group.

DAR Guest Tea To Hear Talk on Holiday Music

Neenah — At the guest tea to be given at 1:30 p.m. Friday at the YWCA by the Neenah chapter of the Daughters of the American Revolution, Franklin Doverspike will speak on "American Music—Its Contribution to Christmas Carols."

Mr. Doverspike is choir director of the First Baptist church at Appleton and music instructor at the University of Wisconsin Extension.

Mrs. A. P. Austin is chairman, assisted by Mrs. E. C. Joyce, Mrs. H. A. Johnson and Mrs. William E. Smith.

Unit Elects New Officers

Menasha — At the annual meeting held Monday in the church recreation rooms, the Missionary circle of Trinity Lutheran church elected Mrs. Martin Speidel, president; Mrs. Kenneth Waldburger, vice president; Mrs. Leo Nielsen, secretary; and Mrs. Jesse Redmond, treasurer.

There will be no Christmas party this year, as the money will be used for sending CARE packages to Europe.

Marriage Licenses

Oshkosh — Marriage license applications have been filed in County Clerk Nell Hoffmann's office by James L. Veach, 832 John street, Oshkosh, and Esther M. Sahl, 867 Roosevelt street, Menasha; Wayne W. Ruelke, 417 W. 14th avenue, Oshkosh, and Vivian M. Bernhardt, 949 Elmwood avenue, Oshkosh.

Meeker, Marie Metz, Lillian Nelson, Betty Niemuth and Ida Miller.

Museum Show Opens

Oshkosh — The second exhibit of Oshkosh Public Museum artists opened Tuesday with a display of oils, caseins and water colors. The display will be shown during December and January.

The Artists group organized in 1934 to work and study under Mrs. Alma Monahan, former art teacher at Roosevelt school, Oshkosh. The first exhibit was held in December, 1956 and the present display offers museum gallery-goers an opportunity to view how the 11 painters have improved in techniques.

The women paint for pleasure, to blend with the decor of their homes or those of their friends. As a result, no

effort is made to sell paintings.

Many of the members began by copying pictures to study methods, techniques or skills, but before long they began creating original works.

The group meets informally every Monday afternoon at the museum with occasional sketching trips.

Members are Belle Carver, Amy Davies, Grace Hathaway, Augusta Janda, Mary Janda, Ivy McMillan, Thelma

Tuesday Club Hears Talk On Japanese Art Forms

Neenah — Miss Margaret Gentles, associate curator of oriental art at Art Institute of Chicago, traced the development of art in Japan with slide illustrations of art mas-

terpieces for Woman's Tuesday club Tuesday afternoon. One of the reasons Japanese art and architecture is so popular in this country today, said Miss Gentles, "is because all unessential things are out of the way." She called the Japanese style "very relaxing and restful" in the American rush-type way of life.

Changes in the oriental art form were noted through the characteristics of Buddha figures from early wood carvings to silk scroll paintings.

The speaker, who planned the first exhibition of contemporary Japanese prints shown in this country after World War II, explained the snail type head-dress seen on many Buddha figures. She said the belief is Buddha was meditating in the sun and snails feeling sorry for him, formed a protective covering on his head.

"Women of Destiny" will be presented by Mary Leader, Milwaukee dramatic actress, next week.

Consultant to be Introduced at Party

Neenah — B. W. Keese, Neff court, will give a cocktail party at his home from 6 to 8 p.m. Thursday, to introduce Mrs. Elsa Meyer, Chicago, who will be associated as fashion consultant with Olene's shop.

Zephyrs Test Bays In FVCC Inaugural

Seek 14th Straight League Win; Average 79 Points Per Game in Posting 4-0 Record

Menasha — St. Mary's Marquette Central Catholic 48-44 in their initial league start, conference league schedule. In non-conference games, Thursday night in a familiar, they turned back Sturgeon role — that of defending champion.

The Menashans, who draw Green Bay Prentiss as their first foe at Green Bay, have won clearly or tied for the championships in six of the nine years that Coach Ralph McClone has been at the helm.

St. Mary's has a current string of 13 straight conference victories; 10 last year, plus the last three of the preceding campaign.

The Zephyrs take a perfect 4-0 pre-conference record into this FVCC inaugural. In defeating Don Bosco, North Division and St. Benedict, all of Milwaukee, and Wisconsin Rapids Assumption, they have averaged 79 points to their opponents' 53.

New Cadet Coach
Premontre is coached by Clayton Maloney, who played high school basketball at Green Bay Central Catholic, and was a college grid star at St. Norbert. He has been a varsity coach the last five or six years and was moved up to the varsity job this fall, succeeding Ted Fritsch, who remains as football coach.

The Cadets were beaten by

Unbeaten Clubs Vie In Industrial Wheel

Neenah — Bergstrom and Marathon, both of which won their first two games, collide at 7 p.m. tonight at the Roosevelt gym in the feature Neenah Industrial Basketball league game.

Main Office (0-2) and Lakeview (1-0) are matched in the 8 p.m. test and Company E (0-1) and Neenah Paper (0-2) vie at 9 p.m. Neenah Foundry (1-1) gets a bye.

Smarzinski's 600 Trio Paces Menasha Loop

Becker Collects Leading Totals in Couples League

Menasha — Al Smarzinski tallied a 600 series and Gene Klingner had a 237 loner in the Twin City Men's Industrial Bowling league Tuesday night at the Mid-Town alleys.

Klingner finished with a 596 set while other honor scores included Al Figgins 588, John Suchodolski 586, Jack Laeyendecker 582, "Nubbs" Goffard 234-579, Pete Jenz 560, Bob Hanson 558 and Dom Wilayat 554.

Marathon Neenah Plant is in first place with 167 Petersen points. It has a 7-point lead over two runnersup.

Harold Becker jolted a 644 set, including games of 247 and 235, in the Advance Auto Couples league last weekend at Mid-Town.

Bob Voissem collected a 241 loner. Pontiac (14-7) holds first place by one game.

St. Mary Frosh Play Fondy Five

Menasha — Herb Batley's St. Mary frosh basketball team makes its second start, facing Fond du Lac Springs at 4 p.m. Thursday in the Zephyr gym.

The Zephyrs downed Fox Valley Lutheran of Appleton 52-46 in their initial outing. Springs beat the Fond du Lac St. Joseph ninth graders 39-23 but lost to Our Lady of Angels of Armstrong 40-19 in their first two games.

The St. Mary starters are Tom Heroux, Bill Starr, Steve Schmidt, Tom Johnson and Doug Kiefer.

Take Reservations For State Tourney

Neenah — Reservations for the state bowling tournament are now being taken by Earl Haase, a director and former president of the state association. March 26 and 27 has been reserved for the Neenah kiegler. Bowlers have been asked to contact Haase before next Monday.

Menasha's Ron Dibelius Came to a sudden halt as he ran into opposition from Dennis Burke, St. Norbert college forward in Tuesday's Oshkosh State college-Knight game at Oshkosh. St. Norbert's No. 45 is Don Gardner and Oshkosh's No. 42 is Mike Grabner. Dibelius scored 29 points in the Titans, 111-78 win.

Stordock Cracks Leading 663 Set

Walker Takes Game Honors On 233 Score

Neenah — Paul Stordock unleashed a 663 series to pace the Neenah City Bowling league Tuesday night at

Muench's Recreation alleys.

Singleton honors went to Bob Walker with his 233 effort. Walker closed with 585. Stordock's three games of 200 were topped by a 225.

Other honor scores included Al Kobussen 604, Harry Walsh 596, Bob Hanson 225-594 and Warrent Whitlinger 571.

First place Friendly Bar won two games and leads with a 29-10 record. It has a 4-game edge over Gilbert Dowling, which speared three wins.

MHS Yearlings Face St. John in

Menasha — Coach Leo Kenney's Menasha freshman basketball squad will open its season in a non-league game against Little Chute St. John at 5:15 p.m. Thursday at the Butte des Morts gym.

Kenney is expected to pick his starters from among Tom Konkol, Phil Strong, Bill Herrbold, Jim Flynn, Marty Stahl, Dennis Doverspike and "Rocky" Gmeiner.

Pennings Captures FVCC Cage Opener

Fond du Lac — De Pere Pennings edged Springs 58-54 in the Fox Valley Catholic conference opener for both squads here Tuesday night. West Green Bay turned back Prentiss 61-50 in a non-league game.

Leske Authors 620 Series in Neenah League

June Trumbell's 549 Count Tops Women's Circuit

Neenah — Art Leske of the Rainbow Bar quintet socked a 255 game and 620 series in the Goodfellowship Bowling league Tuesday night at Lake-road Lanes.

Milt Grundy fired 602; Ron Boushley 578, Lew Hollinbeck 573, Jim Kampe 575, Ken Gutowski 558, Bill Mowers and Gerry Hoerning 557, Glenn Nau 553 and Tom Ryan 551.

Ed and Woody's (25-11) holds first place by a 1-game margin.

June Trumbell of Schmidt Drugs fashioned a 549 series and Jean Holdorf of Pantton's posted a 210 game in the Tuesday Night Ladies Bowling league at Lakewood.

The latter finished with a 524 set while other honor scores included Aggie Fuhs 184-523 and Verna Schindler 195.

Wanserski's, the first place team, has a 3-game advantage over two runnersup.

age over two runnersup teams with its 25-11 record. No honor scores were rolled in the Tuesday afternoon Kitchen Dodgers league which has McClone's (25-11) in first place by two games.

THE HOME OF WONDERFUL HOME SMOKED MEATS

WANSERSKI'S HOME SMOKED HAMS - BACON and SAUSAGES, a real delicacy for breakfast, lunch or dinner. Instead of being smoked in lots of hundreds at a time, Wanserski's Hams - Bacon and Sausages are given that wonderful flavor by individual smoking and care.

Also Wanserski's feature an outstanding selection of Luncheon Loafs, specially prepared, to offer you something really different... for those daily lunch boxes. These are not the ordinary run of the mill luncheon meats that you can find in almost any store... but a delightfully different taste treat! The next time that you order lunch meat, ask for "Wanserski's Home-Made Luncheon Meat." They include BIG BOLOGNA, BOLOGNA LOAF, PORK & VEAL LOAF, HAM LOAF... AND MANY OTHERS... try them all, you're sure to come back for more!

Dibelius Scores 29 in Oshkosh College Win

Titans Rout St. Norbert 111-78; Karisny Collects 12, St. John Beats OSC Reserves

Oshkosh — Ron Dibelius, freshman at St. Norbert, poured in 29 points as Eric Kitzman's Oshkosh State college five opened its schedule with a 111-78 win over St. Norbert here Tuesday night.

The former St. Mary High school and Marquette university star hit 12 baskets and five free throws. He had 19 points at halftime and didn't play at all during the last half of the final period.

Another ex-Zephyr, Bob Karisny, had 12 points, all in the last 10 minutes of play, and Gordy Seibach, former Menasha High star, hit nine.

Al Wisneski of Menasha, a

points and Don Nelson had 12 for the winners. Dean Austin hit 17 and Jerry Koslowski, a former Bluejay cager, hit 15 for the Titan reserves.

The box scores:

Oshkosh—111	St. Norbert—78

Freshmen Students at Winneconne Community High school have named as their class officers for this year John Raehl, seated, president, and standing, left to right, Dave Gorshe, vice president; Jerelyn Schmude, secretary, and Judy Clark, treasurer.

Winneconne Eastern Star Chapter Elects Officers

Winneconne — Officers were named at Tuesday night's meeting of the Order of Eastern Star. Mrs. Verna Clark was named worthy matron and Carl Kolodzik worthy patron to succeed Mr. and Mrs. Fred Wirch.

Also elected were Mrs. Oliver Kinsler as associate matron, Ralph Zehner as associate patron, Mrs. Elsie Bartelt as secretary, Mrs. Isla Uvaas as treasurer, Mrs. Sarah Bersch as conductress, Mrs. Clarence Wine as associate conductress and Mrs. Lois Riley as trustee for two years.

May Scrap Ship In Order to Realize Profit

Norfolk, Va. — Four men who risked life, limb and financial savings to refloat a broken tanker may have to take the ship apart for scrap to realize a profit.

That was the prospect facing the four amateur salvagers after a federal court-ordered auction Monday failed to produce any bidders for the 428-foot stern section of the African Queen.

Not an offer was heard as 200 persons assembled to hear a deputy marshal call for bids. By court order and at the request of the new owners, the opening bid had been set at a minimum of \$250,000.

Henry E. Howell Jr., attorney for the Queen's owners, said the ship may have to go for scrap—not in one piece, but in sections. There would be more financial return that way, Howell said.

One shipbuilder, John L. Ropeer III, said the Queen might bring as little as \$100,000 if sold as scrap. The salvagers estimate they spent more than that to raise the broken ship from the ocean floor off Maryland and have it towed to a shipyard here in September.

There had been predictions the former Liberian tanker might bring \$1 million from someone interested in making the vessel seaworthy.

Judges Open 43rd Annual Meeting Today

Milwaukee — The Wisconsin Board of Juvenile Court Judges and the Wisconsin Board of County Judges opened their 43rd annual meeting here today.

Business sessions for the juvenile judges began this morning. Formal convention activities for the county judges will not get under way until Thursday.

Family Gives Four Paintings to U of W

Milwaukee — The Marc Rojtmans continued their series of art contributions to state universities Tuesday, announcing that four more Renaissance masterpieces valued at \$50,000 have been given to the University of Wisconsin.

The industrialist, president of the J. I. Case company of Racine, and his wife previously had given paintings worth about \$250,000 to the University and to Marquette.

100 Present at Farm Building Short Course

UW Specialist Discusses Silos, Barnyard Paving

Neenah — Approximately 100 farmers throughout Winnebago county attended the third farm building short course Tuesday night at the Neenah club.

Silos, barnyard paving, bulk feeding and silo maintenance were the main topics of discussion. Ed Bruns, agricultural engineer from the University of Wisconsin, with the use of slides showed the various

alternatives in the placement of feed bunks for outdoor upon building arrangements. Roper stated that a 4-inch thickness of quality cement is adequate for a barnyard. The least 24 inches of bunk side outer edge where machinery will be driven onto the concrete should be reinforced to a thickness of approximately 10 inches. Expansion joints should be provided at 10-foot intervals to reduce cracking.

A slope of approximately a quarter inch per foot was recommended by Roper.

County Agent V. W. Peroutky and Donald A. Tripp, assistant agricultural agent, jointly participated in the evening's program. The final meeting of this series will be held at 8 p.m. Tuesday, Dec. 8 at the Wisconsin Public Service corporation meeting room on Ceape street. Milkling rooms, bulk tanks and pipeline milking separations will be discussed.

Democrats to Pick Officers at Oshkosh Session

Oshkosh — Winnebago county Democrats will elect a chairman, vice chairman and sergeant-at-arms at their meeting at 8 p.m. tonight at the Athearn hotel.

Running for the chairman post are Al Charapata, Ted Jackson and Herbert Pitz, all of Oshkosh. Dr. Ralph Norem has declined renomination.

John Dachel, Neenah, Chester Hofberger, Fremont, and Ray Robertson, Oshkosh, are nominees for vice chairman and Herman Brandt and Joe Hentz, Oshkosh, are sergeant-at-arms candidates.

Renominated without a contest are Charlotte Schaefer, Oshkosh, secretary; Ronald Basken, Neenah, treasurer;

and Audrey Zarnott, Oshkosh, membership chairman.

The group is collecting toys in the "toys for tots" program. Mrs. Herbert Pitz is chairman.

Third Street 6-Ton Weight Limit Set

Menasha — Third street, between Manitowoc and Konomac streets, will be posted with 6-ton gross weight limit signs, the city council decided Tuesday, on recommendation of the street committee.

Employees of the Neenah-Menasha Sewerage commission will be offered group insurance from the Wisconsin Group Insurance board, Nov. 12 commission minutes showed. Mayor R. G. DuCharme said it was the same proposal to be offered city employees. The commission acts independently, he pointed out.

Commission Voids Boathouse Lease

Menasha — The city council Tuesday learned a 99-year land lease for a boathouse, granted Oct. 20, was void.

The water and light commission Nov. 9 acted to disprove the lease because oil and exhaust fumes would be deposited in the water near the filtration plant intake by power boats using the proposed channel.

The lease was granted subject to commission approval to the Fishermen's club of Menasha. The boathouse would have stood on land occupied by the Sensenbrenner boathouse.

Boat traffic would have passed through the area near the water intake.

Lawrence Says Cold War Now Fought Through Propaganda

**Congressman Calls
Red Efforts in
Asia Very Clever**

BY DAVID LAWRENCE
Washington — It's a good thing for congressmen and senators to go abroad to get the feel of the "cold war." It opens the eyes of government officials to the "battle for people's minds" which in some respects, is more important than all the bombs and missiles.

Representative Hale Boggs of Louisiana, Democrat, chairman of a subcommittee of the house ways and means committee studying foreign trade matters, has just come back from a lengthy tour abroad. He is very much impressed by the strength of the communist propaganda. He said to this correspondent:

"I went to the world-trade organization meeting at Tokyo and then to the underdeveloped countries, taking a look at what we might do to encourage private investment in these areas. When you get into these things, you get into a lot of other matters. In India, for instance, those people are flooded with slick propaganda not only from Russia and red China but from each one of the communist satellite countries.

Impact of Propaganda
"It's very clever stuff—it's all about how these nations have made the 'great leap forward' without being exploited by the communists, and so on.

"I went to Baghdad—I believe I was the first member of our congress to go there since the overthrow of the previous government in Iraq. The communists are doing a fantastic job there, but the real job is done by internal subversion rather than by propaganda from the outside. They've got almost complete control of the local press, and it's violently anti-American. The U. S. information agency office in Baghdad was seized by the Kassim government when they took power.

"The propaganda line in these countries is something. In every one of the slick-paper publications they had inserted in English a copy of Khrushchev's speech as he reached Moscow on his return from the United States and also a copy of his last speech over television before leaving the United States. The number of copies of this thing distributed must have been astronomical to go through all these countries.

New Communist Line
"The whole pitch of the propaganda was that Khrushchev is a great man of peace, that he's the fellow who is calming down the 'warmongers' in the capitalist countries. The readers are told not to worry about the red Chinese—Khrushchev is supposed to be taking care of them, too. That's an interesting propaganda line in India. As for the idea that there is some grave defection between red China and Russia—I think that's the biggest piece of deceptive propaganda of all."

This may come as a surprise to Americans who pool-pool the communist menace and seem to think the Khrushchev trip to the United States has lessened the intensity of communist "cold war" tactics. There is every evidence from observing Soviet propaganda the communist idea of world communist conquest has by no means been dropped. Internal subversion is expected to attain communist goals.

American propaganda is limited by congressional funds and is by no means as extensive as is generally believed. Propaganda costs big money, and the Soviet government regards it to be of such importance that it is willing to hold down the standard of living of the Soviet people in order that billions of rubles may be spent annually to infiltrate the free countries of the world.

(Copyright 1959)

Brigade Group Seeks Stamps From Old Letters

Neenah — Organized this fall as one of the Boys' Brigade activities is the Stamp club which meets every Monday night as boys discuss their hobby and hear about the history of stamps and postal service.

Harry Bishop, a charter member of the Brigade, spoke to the group Monday night on his collecting stamps as a young boy and resumption of that hobby for the last 15 years.

He showed them some stampless covers from 1836 to 1838 and other covers from his collection. Bishop pointed out he has been specializing in American stamps and gave hints on collecting stamps.

The Brigade Stamp club is seeking to build up a stamp bank by securing stamps from old letters in Twin City attics or from people who have discontinued their stamp collecting hobby and still have albums which they might like to donate to the Brigade group.

These stamps will be used also in their "Pen Pals" project in which the 10 club members exchange stamps with other youths around the world.

Howard Angermeyer is serving as the club's adviser.

Supreme Court Hears 5 Cases From County

**Accident, School
District, Rights of
Parents Involved**

Oshkosh—Five cases appealed from decision of Winnebago county circuit courts are being heard by the state supreme court this week, three of them being companion cases resulting from a Highway 41 accident.

trucks collided about head-on, against the Packer City Transit Line and the Continental Casualty company.

In an accident on Highway 41 in the town of Menasha about 3:20 a.m. on Nov. 25, 1957, Both drivers were killed. They were Marvin Steiner, route 2, Chilton, and Cleo D. Evjem, Rochester, Minn.

The issues involved are if there is "any evidence to support the jury verdict that respondent's deceased was casually negligent by failing to give oncoming tractor-trailer unit at least one-half of main traveled portion of road in this collision of two tractor-trailers on a state highway where both drivers were killed and there were no witnesses."

The three cases involve the estate of Evjem against the Packer City Transit Line, employer of Steiner, the Sizer Grain company, employer of

Wednesday, Dec. 2, 1959 Appleton Post-Crescent B7

a Winnebago county couple to their five children in juvenile court in which the rights were terminated because of "incompetence and unfitness."

This action was reversed by the circuit court and the question involves whether the order of the circuit court was valid, whether the finding was contrary to the evidence and whether there was an abuse of discretion.

The fifth case involves the city of Oshkosh and the Winnebago county school committee and involves detaching school district areas. The appeal was taken by the city of Oshkosh and involves whether the circuit court had jurisdiction and whether the city is a proper party to the action.

Student From Italy To Talk to Rotary

Neenah — Paolo Grandi, a 19-year-old student of business at Lawrence college from Italy, will speak to the Neenah Rotary club Thursday noon at the Valley Inn. He has been at Lawrence college since September. The club will have its Christmas program on Dec. 10.

Blinding Kiss

Sedalia, Mo. —(AP)—Frank Butler, 54, of Salisbury, Mo., paid a \$25 fine on a careless and reckless driving charge after his car smashed into a utility pole. He explained his girl friend leaned over and gave him a "blinding" kiss.

K-C to Train Personnel for Test Program

2-Day Conference Planned by Firm's Psychology Section

Neenah — Kimberly-Clark corporation today opened a 2-day training course in preparation for inaugurating or expanding personnel testing operations at several of its plants and sales offices throughout the United States.

Purpose of the testing point will be to administer employment tests to under study and sales applicants, the majority of whom have been taking the tests at the headquarters of office here. The move to decentralize the testing procedure is in the interests of economy and time-saving.

Corporation personnel officials said that the program, promoted by Harry D. Gates, manager, personnel procurement, already has been put into operation at the Niagara Falls, N.Y., Memphis, Tenn. and Fullerton, Calif., plants and at the regional general sales office in Palo Alto.

Additional testing points will be in sales offices at New York, Chicago, Atlanta, Arlington, Va., Cincinnati, Kansas City, Mo.; Detroit, Cleveland and Minneapolis.

Outlines Purpose
The psychology department is in charge of the training session and Dr. William VanBuskirk, director of psychology for the corporation, introduced the program and outlined its purpose.

Actual training in testing procedures is being conducted by Kermit Johnson, test supervisor of the psychology department. Other speakers include Scott Fithian, personnel manager, industrial product sales, and W. H. Webb, personnel manager, consumer products marketing and sales.

The "student" group will four main office today and then visit the sales promotion center for a briefing of the center operations by R. V. Lloyd and the showing of the movie, "The Kimberly-Clark Story." A full day of work is planned for Thursday.

St. Margaret Mary, Trinity, Our Savior's Chalk Up Wins

Neenah — Wins went to St. Margaret Mary, Our Savior's and Trinity as the Neenah Junior Church Basketball league opened its schedule Tuesday night at the Roosevelt gym.

St. Margaret Mary bested Presbyterian 26-21, Our Savior's turned back Methodist 42-33 and Trinity won over Christian Youth 36-28.

St. Margaret Mary's quarter leads over Presbyterian were 5-4, 13-11 and 19-15. Jim LaSalle had six points for St. Margaret Mary and Pete Miller and Bob Lang each had six for Presbyterian.

Adopt \$34 Tax Rate, \$2,340,362 Budget

CONTINUED FROM PAGE 1
the vocational school and the speech correctionist, nurse and dental hygienist also service non-public schools. Thus the pupil-teacher ratio is larger than it appears, he said.

Ald. Gordon Schanke contended the council was "not really cutting the allocation of money to the board of education. We merely reduced the increase." Schools in 1958 took about 33 per cent of the total budget and about 25 per cent other years, he said. If all departments were to get proportionate increases, the new budget would have been \$320,000 higher than this year, meaning an \$8 increase in taxes, Schanke said.

"We need to set the budget on the basis of income. We set it on the basis of what we think we honestly can

take from the taxpayer. The park and recreation budget was cut 25 per cent," he concluded.

Mayor R. G. DuCharme cited figures by the public expenditure survey showing Menasha had 22 students per teacher, 36th in a group of 47 school systems. Specifications by the department of public instruction and North Central Association of Secondary Schools and Colleges, he said, both set an overall pupil-teacher ratio of 30. Included as teachers are nurses, librarians and administrators.

Menasha schools, the mayor, went on, pay two teachers more than \$8,000 a year; 11, between \$7,000 and \$8,000; 5, \$6,500 to \$7,000; 36, \$6,000 to \$6,500; 14, \$5,000 to \$6,000; 10, \$4,500 to \$5,000; and 9, \$4,155 to \$4,500.

Snyder said all the salaries are not base pay, some reflecting co-curricular activity pay. Gegan said the local schools could not attract beginning teachers at the \$4,000 starting pay, since Neenah and Appleton pay \$4,100 to \$4,150.

John Fitzpatrick, vice president of the board of education, said the board had deferred building 23 new classrooms and reminded that in another five years, another new school will be needed to take care of children who will enter school then.

Contents Fallacies
Teacher-student ratios look bad, but there are fallacies, Fitzpatrick went on. The recently completed Northwestern survey shows Menasha "has been niggardly in some areas, expensive in others."

The board's attitude is to present a good, above-average education, no frills. The city is faced with a 10 per cent increase in operation cost in the next decade" (as the Northwestern survey pointed out, excluding any increase for higher enrollments.)

"For the guidance of the board of education," Fitzpatrick asked: "How far does the community want to go in providing education? If we cut the \$40,000 from the school budget, we will not only have to defer maintenance items but also look at September 1960 and seriously consider cutting out some educational programs. We can't cut by reassigning pupil-teacher ratio — it's not that large a school system."

Mrs. Joe Kubicka said it was "unfair" to compare school budgets of the last few years since enrollments and costs have been rising so fast. "In the last several years we have had to build two new schools. The rate of interest (on building loans) also is up. If we had built before, we would have saved money. It was short-sighted."

Concerning a raise in pupil-teacher ratios, Mrs. Kubicka asked: "What of pupils in the

Free Elections to be Sought for Algeria

United Nations, N.Y. — (AP) — The 29-nation Asian - African group is expected to ask the U.N. assembly today to call for guarantees for free elections in Algeria.

The group has hammered out a draft resolution after two days of closed talks on the Algerian rebellion now being debated in the assembly's 82-nation political committee. It is expected to be introduced late today.

Prince Aly Khan of Pakistan, chairman of the Asian-African group, told newsmen the resolution would be mild in tone, urging both sides to get together. He indicated, however, it would make specific mention of guarantees for Algeria's political future as well as the cease-fire negotiations the French already have offered to hold.

larger classes? Why are we considering that many pupils per teacher? Are we sending them to school to spend their time or to get education?"

Perry Kimmell, identifying himself as a former teacher (not in the Menasha system), thought the pupil-teacher ratio was too high, as North-western has said.

Police, Fire

The most graphic budget argument was presented by John Novokofski, secretary of the police and fire commission. In the \$279,124 allowed for protection of persons and property, 2 per cent pay raises for policemen and firemen are allowed. The 1960 budget is \$23,000 above the present year.

"What does 2 per cent mean compared to protection of millions of dollars in homes and industry?" he asked.

On a blackboard, Novokofski showed the average member of both departments, including chiefs who receive \$6,375 a year and new men who get \$4,926, is paid \$5,300. Only using the average, Novokofski showed the 2 per cent hike would mean \$106 a year. Assuming \$16 for federal income tax, the net average increase would be \$90, or \$7.50 a month or 25 cents a day.

"What will 25 cents buy? A loaf of bread. And the policemen and firemen who are below the average evidently will have to get the economy-size loaf. Therefore the commission suggests that beside the loaf of bread you put a bottle of milk."

The budget includes \$133,861 for police department operations, including salaries of crossing guards, the police justice and radio repairman; \$9,300 for police expense; \$97,413 for fire department operations; \$2,500 for fire department expense; \$6,200 for salaries of plumbing and building inspector and city sealer; and \$30,350 for hydrant rental and plumbing-building inspector's and city sealer's expense.

The new budget allows two new firemen, to bring the strength to 19, including the chief.

Library Budget

Ferd Jung, president of the library board of trustees, objected to the council's holding the library budget to \$41,439, the equivalent of one mill. The board has asked \$48,413 for 1960.

The budget, he said, does not even allow 2 per cent pay raises as other city employees receive. The average library employee, he said, receives \$3,500. "It's not like the old days when the library did not need its one mill. In those days, the library was a bookstore. Now it is a place of education."

Marvin Melick, head librarian, said in the last three years circulation has gone up about 30,000 a year. "If we are limited to the 1-mill figure, there are only two places to cut — salaries and new books. I don't know where we can get even a 2 per cent increase in pay unless we quit buying books." One staff member, he said, receives \$4,500 a year after five years of college and 15 years experience. That is the present starting salary for a librarian, Melick added.

Challenge to Press Cited By Reporter

The great challenge to American journalism today in providing better coverage and depth in reporting was explained to the Appleton Kiwanis club today by Post-Crescent Staff Writer Roy F. Valitchka, II.

"Newspapers now are serving the public better than they served it 25, 50 or 100 years ago," he said. "Their service to the public, however, has not increased as rapidly as public demand for service."

Journalism has been endowed with vast resources and efficient tools for reporting and interpreting the news. This is evidenced through greater coverage and addition to informative columns and features in the daily newspaper, Valitchka said.

Without the medium of the press much of the happenings in the world would be lost in a whirl of events, he said.

"Your newspaper covers the latest developments in rocketry to the nearest twist of a woman's curl," he added.

Britain Rejects Cuban Bid for Jets

London — (AP) — Britain today announced a turn-down of Cuba's request for 15 new jet fighter planes until tension in the Caribbean subsides.

Lord Lansdowne, parliamentary undersecretary of state for foreign affairs, told the house of lords: "When, as we hope, the situation (in the Caribbean) improves we will gladly reconsider the matter."

Some months ago, Cuba asked Britain to supply 15 Hawker Hunter jet aircraft in exchange for 15 out-dated piston engine sea Furies which the British had sold to the government of former President Fulgencio Batista.

Chinese Accused of Violating Regulations

Jakarta, Indonesia — (AP) — Chinese communist embassy officials have continued to violate military regulations banning them from West Java, army authorities charged today.

A military spokesman said Chinese Consul General Ho and a military attache were found roaming about in two cars at Tjandjur, a rural town 35 miles from Bandung. The government has accused Ho of trying to sabotage government efforts to move alien Chinese traders from rural areas where they dominate retail trade into large towns. The army put West Java off limits to all Chinese embassy personnel except the ambassador and his councilor.

Student Accused of Negligent Homicide

Marquette, Mich. — (AP) — A former Northern Michigan college student faces trial here this month on a charge of negligent homicide in the traffic deaths of two other college students last Oct. 20.

John R. Forton, 23, of Menominee, stood mute Tuesday at his arraignment. He was ordered bound over to Marquette county circuit court and released on \$1,000 bond. Forton was the driver of a car in which Richard H. Caron, 23, of Marquette and Richard Sundquist, 24, of Crystal Falls were killed when it plunged down an embankment and rolled over near here. Caron and Sundquist also were students at Northern Michigan.

Foundation Man Cites Work of 'Dimes' Chapter

Harlan Hunger, Wausau, state representative of the National Foundation, Tuesday night said the Outagamie county National Foundation chapter is one of the top organizations in the nation. Speaking to 15 chairmen of the 1960 March of Dimes fund campaign, Hunger said past operations of the group now are being copied by other chapters in the U.S.

The county fund drive chairmen met at Butte des Morts Golf club to discuss plans for the January campaign. The National Foundation movie for 1960 was shown by county campaign chairman Donald Genge and Appleton chairman Alvin Braun.

Present for the kickoff session, in addition to Hunger, Genge and Braun, were Mrs. Paul Cary, county chapter chairman, Mrs. F. H. Jenkins, George Drews, Hortonville, John R. Adrian, Karl P. Baldwin, George Kubisiak, Daniel P. Ornstein, F. John Barlow, Gerald Capitaine, Keith Buxton and John Gueinzus.

Ike May Return With Zoo From India Visit

Bombay, India — (AP) — President Eisenhower may end his good will mission to India by taking home a zoo — or at least two tigers, a bull and a couple of lions.

The health minister of Madhya Pradesh state, Rani Padavuti Devi, announced that she will present Eisenhower with two Royal Bengal tiger cubs recently captured in the jungles of central India.

The government of Andhra Pradesh state has announced it will give him a bull of a rare Indian breed when he visits the New Delhi world agricultural fair.

Reports here say that other state governments plan similar gifts, including lion cubs from Gir forest.

Wind Patterns Said to Point to Stormy Winter

Washington — (AP) — Wind patterns in November for the most part still pointed to a rough and stormy winter, the weather bureau's top long-range forecaster said Monday.

Except for what he called a slight transitory change about a week ago which brought somewhat warmer weather, Dr. Jerome Namias said winds generally moved from north to south in November. High winds generally move west to east during the fall.

Dr. Namias said a cold wave followed when the winds again shifted to north-south.

The shift in normal wind patterns, Dr. Namias said, could portend unusually stormy winter weather with sharp temperature contrasts between one section and another.

He explained that polar air moves south in one channel and tropical air moves north in another. Where these channels brush against each other, he said, temperature contrasts often produce unusually stormy weather.

Dr. Namias said that even-

if the north-south wind patterns continue, this will not necessarily mean unusually heavy snows and extreme cold for all parts of the country. Storms, he added, could bring either rain or snow and temperatures could be cold or mild, depending on the movements of tropical and polar air.

Hunter Fails In Ditching Illegal Meat

Waupaca — Although a Milwaukee hunter thought he had gotten rid of evidence of possession of untaxed venison, he was spotted by wardens during a road check and paid a \$50 fine Saturday before Justice George Whalen.

He is Donald Miller, 44, Milwaukee. Wardens said they saw Miller stop his vehicle shortly after passing a sign warning of the road check ahead. They said Miller pitched two packages of venison hind quarters into a field. Miller admitted the charge.

Francis Vaughan, 22, 137 Walter avenue, Appleton, paid a \$75 fine for carrying a tag issued to another person.

Effect of Tax Cuts Bothers Reformists

Personal Property Levy Often Big Revenue Source

Post-Crescent Madison Bureau

Madison—The familiar generalizations about need for relief in certain areas of Wisconsin taxation are running up against the fact that there are wide variations in the effect of particular kinds of taxation among Wisconsin localities.

An example is provided by the general demand—currently led by Gov. Gaylord Nelson—for the repeal or drastic modification of the rate of levy of the tax on personal property.

Cities Depend on It

The tax revenue study commission has found that repeal of that tax could be accomplished with only slight effect upon the local tax budgets in some counties.

But, in other localities the effect would be ruinous, unless the legislature finds a replacement for the revenues lost through a repeal or even a reduction in the rate.

A study of the range in importance of types of Wisconsin property taxes in various counties has been submitted to the revenue study commission.

It shows that in one county 75 per cent. of total taxes collected may be from the real property tax, and 25 per cent. from the personal property tax. In another nearly 92 per cent. will come from real property, and less than 9 per cent. from personal property.

Generally, the urbanized localities show a higher dependence upon personal property tax income, because of heavy inventories of merchants' and manufacturers' stock that are easily identified and easily assessed.

Differ Within County

But, within a county other classes of property may be important. Thus, in one Wisconsin county 22 per cent. of the property tax base of town governments is represented in the personal property tax on farm livestock.

The wide variations also suggest that any revenue replacement that might be devised for the abolition of the

Christmas Gift Is Lighthouse

New York — The gift chosen by Thomas Consorti for his son this season won't be found in many Christmas stockings.

It's a lighthouse on the New Jersey coast. The tab: \$16,313. Consorti, a Manhattan business man who lives at Paramus, N.J., was the highest bidder of 30 who submitted offers to the U.S. government's General Services administration.

The lighthouse became surplus when it was replaced two years ago by an automatic light installed in the same area. Before that it had been guiding mariners for 100 years.

Consorti said he wanted it for his 20-year-old son, Peter, an amateur astronomer who hopes to set up an astronomical station.

Known as the Chapel hill Light station, it is about 11 miles from Sandy Hook in New Jersey's Middletown township. With it went a 2-story frame dwelling, a garage and three other small structures.

Student Nurse Chorus To Present Concert At Moravian Church
Sixty-eight student nurses of Bellin Memorial Hospital School of Nursing, Green Bay, will present a program of Christmas music at 8 p.m. Wednesday, Dec. 9, at the Moravian church, route 3, Appleton.
The program is open to the public and proceeds from the freewill offering will be used to further chorale work at the school.
The chorus is one of the extra-curricular activities of the Green Bay nursing school. All student nurses belong to the chorus which meets weekly for rehearsals under the leadership of Martin M. Johnston, De Pere.

True artistry is finally brought to the Biblical epic thanks to the taste and intelligence of director William Wyler. It is worth seeing not only for the pageantry, but for the human drama as well.
The title role calls for a wide range of emotional skill, and Charlton Heston is up to it. He is required to act in this one, and he performs beautifully. So do the cast, especially Hugh Griffith, a scene-stealer with his much-needed humor.
The most expensive film of all time, it is not quite perfect. The music is too often obvious and overpowering. The second act slows down after the chariot race, one of the great action scenes on film.
At three hours and 33 minutes, "Ben Hur" is a half-hour too long. There is nothing wrong with lengthy movies; "Gone With the Wind" was 3:45, but the plot kept crackling along so you didn't mind. Few tales are that good.
Not the least of "Ben Hur's" achievements: It disproves Alfred Hitchcock was an amused spectator at "Dear Liar," a dramatization of the letters between George Bernard Shaw and Mrs. Patrick Campbell. The director recalled meeting Shaw in his London apartment.
Hitchcock slipped and referred to "Antony and Cleopatra" (by Shakespeare) instead of "Caesar and Cleopatra" (by Shaw). "That was written by the other fellow," Shaw corrected.

Baby-Sitting Service Supplied to Showgoers
New York — (AP) Babysitters are being supplied now as a new theatrical service at the "Billy Barnes Revue."
Producers George Brandt and Samuel J. Friedman devised the innovation to encourage weekend show going by husbands and wives. Seventy-five college students and members of Actors Equity provide home service at nominal fees for ticket buyers.

Mack the Knife' Loses Top Fox Cities Billing

Record by Songstress Della Reese,
'Don't You Know,' Favorite Again

BY DICK DISC

Top tune in the Fox Cities this week is "Don't You Know" which has for the second time dethroned "Mack the Knife." These two songs have been battling it out for the last few weeks, and it's anyone's guess who is going to win.

The Fox Cities either leads or follows the national trend. Nation-wide, Della Reese's "Don't You Know" also has nudged the Bobby Darin tune down to second place.

There are no new tunes this week.

Here's the top ten:

1. "Don't You Know" by Della Reese.
2. "Mack the Knife" by Bobby Darin.
3. "Mr. Blue" by the Fleetwoods.
4. "This Friendly World" by Fabian.
5. "Primrose Lane" by Jerry Wallace.
6. "In the Mood" by Ernie Fields.
7. "True True Happiness" by Johnnie Tillison.
8. "You Were Mine" by the Fireflys.
9. "We Got Love" by Bob by Rydell.
10. "Unforgettable" by Dinah Washington.

Top tune 10 years ago was "That Lucky Old Sun" and

five years ago "I Need You Now," the old Eddie Fisher standard, was popular.

New Records

Records in review:
"The Big Hurt" by Toni Fisher. Fast tempo, chalyppo type number that has a good beat, though typical rock sound. It features some rather strained singing by Fisher, though it all comes through. All in all, a good tune with good potential.

"You Hold the Future" by Tommy Sands is one of the few good sounding numbers out by this young artist in a long time. It's a slow ballad sung with a soft sound and light choral backing. Pretty tune with a nice set of lyrics. Generally, a production song.

"The Village of St. Berna-

Dietrich Show In Paris Taped For Color TV

BY CYNTHIA LOWRY
AP TV-Radio Writer

New York —(AP)— Marlene Dietrich, a television hold-out all these years, finally has given in. She signed for a 1-hour color special called "Dietrich in Paris," filmed in color on opening night of her appearance in the French capital.

"It has been very difficult to find a vehicle," confided the glamorous grandmother. "But in this case, I play my show anyway. This prevents a lot of complications."

"Usually, when you are signing to do something in television, everybody hopes for the best and is full of ideas. Then later, the ideas are forgotten, even if intentions are still the best. That is particularly true when you

really are a masterpiece of vocalizing.

New in albums:
"Here We Go Again" with the Kingston trio is among the new albums. This album is a variety of first-time ballads in rather diverse styles. Included are old timers like "Molly Dee," "Across the Wide Missouri," and the trio's latest recording "The Worried Man."

ettes" by Andy Williams, an inspirational number done More good music from the in good taste with a lush ballad master himself. This is backing. It's well done and is

are involved with music and singing. This way, I know what I'm doing."

Orson Wells Producer

Miss Dietrich, who usually does know what she's doing, feels she has insured her show by inviting Orson Wells to produce it.

Film cameras covered Miss Dietrich's opening night performance at Paris' Etoile theater while she sang many of the songs with which she is associated — "Falling in Love Again," "The Boys in the Back Room," and her nightclub opener, "Look Me Over Closely."

The problem, of course, is that any between-songs talk will be in French. Therefore, this portion of the show will be done in English later before an invited audience.

Son of Famed Pianist Makes Debut at 12

New York —(AP)— Peter A. Serkin, 12-year-old son of famous pianist Rudolf Serkin, made his New York piano debut Sunday.

The boy appeared as guest artist with Alexander Schneider's chamber orchestra in a Haydn program at the New School for Social Research in the afternoon and again in the evening. His father was in the audience.

Peter, who has been playing the piano only since he was 9, is studying with his father and Lee Luvisi at the Curtis institute in Philadelphia.

DOWNTOWN APPLETON CORNER OF COLLEGE & ONEIDA STS.

Beethoven-Era Piano Given to Lawrence

By Marguerite Schumann
A graceful old rosewood piano, introduced in 1811. For a number of years the piano was a thousand miles in a hundred years, has come to rest in Lawrence college's new Music-Drama center.

The instrument was given to the college by Miss Mary Grace Powers and her brother W. C. Powers of Ellison Bay. It has been in their family since it came from the hands of a Boston builder around 1809.

The piano first traveled on the back of a wagon from Boston to Concord, N.H.; then as the Powers' ancestors migrated to Wisconsin after the Civil war, it was shipped up the Wolf River by steamboat to New London. After another residence in Oshkosh, it was removed to Ellison Bay. "Often it was out in the apple shed, because it took up too much space in the house," Miss Powers reports. In spite of knocking about in steamboats and apple sheds, the case—its front inlaid in a scroll pattern—is in handsome condition, but the tuning of the whole keyboard has slipped down about three notes in pitch.

Original Strings
Most of the original strings are still in the piano, and they will be carefully and slowly brought back to concert A-440 if the instrument allows.

With the arrival of the Beethoven piano, it now will be possible for Lawrence pianists to reproduce faithfully the sound of the German masters music. The wooden frame and the brass strings of the early 19th century created a much less brilliant effect than today's instruments.

The Beethoven piano is the second old instrument to come to the college. In 1943 Lawrence received a small cherry piano, era of Mozart, from the estate of the late Mrs. John Allen Johnston. Said to be the first piano in Outagamie county, it was built in Leipzig, Germany, by the I. G. Darnstaedt company and was imported sometime before 1850.

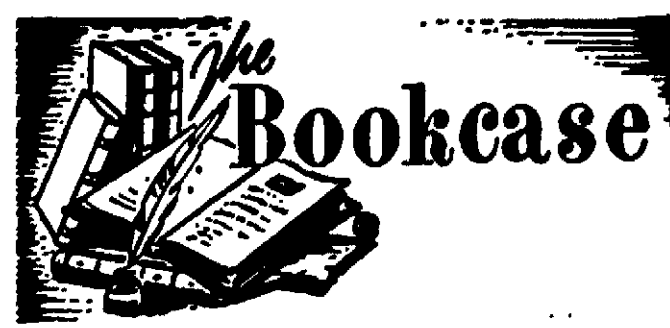

A Rosewood Piano Dating from the era of German composer Ludwig von Beethoven has been given to the Lawrence college Music-Drama center by W. C. Powers and Miss Mary Grace Powers, left, of Ellison Bay. At right is LaVahn Maesch, director of the Lawrence Conservatory of Music. The piano is on the stage of Harper hall.

Supv. D. C. Evans Says He Won't Run for Election

Appleton Tenth Ward Supv. Douglas C. Evans, secretary of the airport and parks committee, has told fellow committee members he will not run for supervisor in the April election.

Evans, long a backer of the present airport and airline service for the Fox Cities, cited the press of business. He is secretary and general sales manager of Scolding Locks corporation. Evans was appointed to the Outagamie county board in April, 1957, when redistricting left the Tenth ward without representation.

He is secretary and general sales manager of Scolding Locks corporation. Evans was appointed to the Outagamie county board in April, 1957, when redistricting left the Tenth ward without representation.

Long Novel on Hawaii Called Author's 'Most Accomplished'

BY W. G. ROGERS
AP Arts Editor
("Hawaii," by James A. Michener. Published by Random House. \$6.95.)

"Millions upon millions of years ago" — that's when Michener opens this novel and whatever else may be said for this timing, it is at least a way to get a running start. It carries him through 937 long pages right up to Hawaiian statehood. The reader meets over 200 people of about 200 different colors from dark or black to leprosy white, a quarter of them filling important roles. And we don't skip many of those years, either.

This is a Book-of-the-Month club selection, and 30 pages a day will bring the reader through just in time for the next selection. A land is built, a people is born, a state is organized, and the grand tale is told in Michener's most accomplished novel.

From Early Days
It's the story of the countless men and women of varying skins, countries, purposes, cultures and abilities who have converged upon Hawaii.

Harold Blessman Retires From Police Force

Patrolman Harold Blessman has resigned from the Appleton police force effective Dec. 8.

Blessman said he was retiring to take other work. Blessman, 48, of 1230 Lutz drive, joined the Appleton force June 1, 1937, and is a mechanic. He is married and has two daughters.

Blessman served four years in the marine corps, 21 years in China. He graduated from Appleton High school and attended the marine corps institute. He formerly worked for Appleton Machine company and Kimberly-Clark corporation.

harbor, consulates and offices. Naturalism vies with sophisticated civilization; artificial restraints and inhibitions are imposed and then relaxed — the white man learns, says Michener, if he has to.

Sugar and pineapple are part of the story, and measles, leprosy, venereal disease and bubonic plague. But it all comes full circle when a wartime emissary from Hawaii goes back to Bora Bora, sheds his social veneer and finds again, 10 centuries after it had been lost, a love as natural and free as the wind and the waves.

Holiday Decorations for the 27th annual Charity Ball Saturday at North Shore Golf club were fashioned by members of the Infant Welfare circle of the King's Daughters at a recent meeting. The group,

which met at the home of Mrs. M. J. Schulenburg, 824 W. Front street, included from left, Mrs. Chandler Rowe, Mrs. Charles Lingelbach and Mrs. Chester Perschbacher.

A Sample of the Christmas corsages which will be sold at the Charity ball was demonstrated by Mrs. Schulenburg, right. Watching are Mrs. Kenneth Craig, Neenah, and Mrs. Douglas Knight, other committee members from the Infant Welfare circle of the King's Daughters, sponsor of the annual holiday ball.

Your Problems

Raising Four Boys, Soothing Mother-in-Law Harasses Wife

BY ANN LANDERS

DEAR ANN: I have four boys who are always getting bumped, bruised or hurt. I'm thankful nothing serious has happened to them but anyone who has raised boys will tell you that one is always bandaged or healing.

My mother-in-law enjoys making trouble for me in small ways. Whenever my husband mentions one of the boys had a fall or cut himself she says "Where was your mother when it happened?" Then he looks at me and says, "I never thought of that."

Now you know, Ann Landers, no mother can police her kids 24 hours a day. I do my best, but when my mother-in-law gets through with me you'd think I was the poorest mother in the world. How can I defend myself? — Resentful

Dear Resentful: You don't need to defend yourself so don't bother. Ask your husband to keep

his lip zipped about what happens on the home front. It isn't necessary that he brief his mother on all the small casualties.

When she notices a bruise or a bandage and asks where you were when it happened, simply say, "Drunk in a saloon — as usual." This should defang her.

DEAR ANN: I'm going to be married in January and I need a common sense opinion.

My mother has a lovely singing voice and has been singing solo at many weddings. She would like to sing at my wedding and I have no objection, but something tells me that it isn't proper. Another complication is that she would have to sing from the balcony and not be able to sit care of this newspaper on the cost of a party down.

May I have your advice on dressed envelope.

whether or not it's proper? — Berkely Bride

DEAR B.B.: Your mother can sing at a wedding any old time but the pleasure of sitting beside her husband and witnessing your marriage will come only once.

Hire someone to sing from the balcony, and suggest that your mother attend the wedding in a non-professional capacity.

If alcohol is robbing you or, too, but if it is a main meal, it someone you love of health should be filling. Do some parting work in advance to see what a meal will cost; and the alcoholic, enclosing you won't go over your head.

(Ann Landers will be glad to help you with your problems or eggs or tuna fish casserole (made with noodles) can keep closing a stamped, self-addressed, and a dish like chicken

Infant Welfare Circle Finishes Plans for Holiday Charity Ball

Final plans and decorations for the 27th annual Charity ball Saturday evening at North Shore Golf club are being completed by members of the committee. The annual benefit event is sponsored by the Infant Welfare circle of the King's Daughters and all proceeds will be donated to the King's Daughters' foundation of the Infant Welfare circle.

General chairman is Mrs. William E. Buchanan assisted by Mmes. Kenneth A. Craig, Douglas Knight, C. J. Lingelbach, Jr., Lois P. Meade, Victor I. Minehan, Heber H. Pelkey, Chester I. Perschbacher, Chandler Rowe, M. J. Schulenburg and F. Stansbury Young.

Holiday decor will transform the club into a gala Christmas setting and carnation corsages backed with greens will be sold to party-goers. Committee members will gather for cocktails and dinner at the club before the dance and a number of small cocktail parties are also planned.

Entertaining a neighborhood group before the Charity ball will be Mr. and Mrs. Harold Adams, 1400 W. Cedar street, and another small gathering will be given by Mr. and Mrs. Abbott Byfield and Mr. and Mrs. Paul Truttschel at the Byfield residence, 808 E. Alton street.

Hosts at a small supper party preceding the ball will be Mr. and Mrs. John C. Stevens, 1721 S. Peabody street. Other pre-dance gatherings will be given by Mr. and Mrs. Charles McClure, 825 E. Alton street; Mr. and Mrs. Allen Hansen, 1206 W. Elsie street; and Mr. and Mrs. Edward Bollenbeck and Mr. and Mrs. Carl A. Stracka. The latter event will be held at the Stracka home, 1121 E. Moorpark avenue.

A few friends of Mr. and Mrs. Kenneth Ward, 1901 W. Prospect avenue, will be entertained at a buffet supper at their home before the holiday ball.

Simple Remedy Removes Stains Of Yule Tree

Washington, C. C. — The occasional housewife who bans Christmas trees from the home through fear of staining her rugs and carpets is needlessly depriving her family of part of their holiday pleasure, according to the National Institute of Rug cleaning.

Pitch stains and needles can be kept off the floor by use of plywood or plastic sheets, but if they do fall on the carpet it's not necessarily a calamity. A safe drycleaning fluid will remove the stains with little difficulty, NIRC technicians say. (Carbon tetrachloride is highly poisonous to many individuals and should be avoided.)

Apply the fluid in small quantities with an eye dropper and then blot it up with clean unstarched toweling or cleansing tissue. Always work from the outside toward the center and be careful not to rub too hard.

If the rug has a rubberized backing, use as little of the solvent as possible since it may damage the rubber.

Harold Altman Will Display Art Work at Worcester Center

Milwaukee artist, Harold Altman, chosen as one of two draftsmen from the United States to be represented in the I Biennale de Paris exhibition this fall, will display his work during December at Lawrence college's Worcester Art center. Accompanying Altman's work will be prints by Richard C. Schneider of Racine.

Assistant professor of art at the University of Wisconsin-Milwaukee, Altman has recently gained considerable prominence in the international art circles, following success on this continent. Besides participating in the Paris exhibition for artists 35 years old and under, he has received top prizes in the three major drawing exhibitions in the U. S. in recent months — at the Boston Arts festival, the Pennsylvania academy of Fine Arts, and Ball State college in Indiana. Other awards include the Wisconsin State Fair, the United Nations exhibition, Wisconsin Salon or Art, and the Associated American Artists 25th anniversary print exhibition. His work is among the collections of the Museum of Modern Art, the Art Institute of Chicago, the National Gallery of Art, the Library of Congress, Beloit college, and the private collections of Gov. Nelson Rockefeller, Mrs. Irene Mayer Selznick, Mrs. Donald B. Strauss, and others.

Chicago Show

He has already had one-man shows of his work in Paris and New York, and is scheduled to have an exhibition at the Art Institute of Chicago early next year.

Altman has studied at the Florence Cane school of art, the Art Students league, the Cooper Union Art school, the New School for Social Research, all in New York, and has spent three years in Paris at L'Academie de la Grande Chaumiere. He joined the faculty at UW-M in 1956, after having taught at Alfred university, the University of

In Good Taste Mrs. Post Agrees on Thank-You

BY EMILY POST

Dear Mrs. Post: I work in a doctor's office. Several months ago we had to ask a laboratory in another city to rush a report on a patient. It was at the last minute over a weekend and I know it meant special work for someone there. A few weeks later when writing the same laboratory on another matter, I asked if it wouldn't be a good idea to thank them for their previous efforts. I was told by one of the top secretaries that it was not at all necessary to thank them as they were merely doing their job. Maybe I'm of the old school but I can't convince myself good manners should be excluded from the business world. It has bothered me ever since that I could not be gracious enough to say thank you. Who is right?

Answer: I agree with you. Although thanking them was not necessary, to have done so would have been gracious on your part and would have made them happy to know that the extra work was appreciated.

No Present Best

Dear Mrs. Post: I am a young woman and work for a wealthy couple at their house as their only secretary. I have worked for them for the last six months. I know they are going to give me a gift for Christmas and I don't know whether I should give them each a gift or a joint gift or would it be better not to give them a gift at all. Please advise me.

Answer: My advice is not to give your employers any gift at all, because I think that the thought of you spending your hard-earned money on them will embarrass rather than please them.

Gift for Fiancee

Dear Mrs. Post: Will you please tell me if a gift is expected from us after the engagement of our son is announced?

Answer: Engagement gifts are never an obligation, nevertheless it is a welcoming gesture for his family to give her a present—particularly something personal for her.

Mrs. Post offers readers leaflets on a variety of subjects concerning etiquette. If you would like to have her booklet No. 504, entitled, "Etiquette of Table Setting," send 25 cents in coin to Dept. E. P., care of this newspaper, P. O. Box 99, Station G, New York 19, N. Y.

BDM Juniors Plan Holly Hop

The Butte des Morts Golf club will be setting for the Junior High school Holly Hop beginning at 8 p.m. Friday.

Dr. and Mrs. M. J. Eich head the committee and are being assisted by Mr. and Mrs. Robert Chase, Mr. and Mrs. O. G. Koller, Dr. and Mrs. Paul Cunningham and Mr. and Mrs. Gordon Gill.

Moisten Slaw With Dressing

For especially delicious cole slaw, moisten the cabbage with old-fashioned boiled dressing.

Holidays are Perfect For Playing Hostess

BY VIVIAN BROWN

Christmas is a good time to rehearse the role of hostess. Younger marriages makes it important for every girl in her teens to begin to learn about keeping house, entertaining, and caring for children. Invite your friends in and pretend that you are the lady of the house. Give your mother a holiday—clean the house, prepare the food and do the serving, just as you would if you were married and in your own home.

Plan the decorations from scratch, and try for originality. If you have a fireplace, decorate the mantel simply, but effectively. You'll spend less if you put thought into your decorating instead of buying decorations willy-nilly.

A very pretty, chic decoration may be achieved with pine rope placed swag-like across the fireplace and down the sides of the mantel. Attach lemons, kumquats, oranges, limes, crab apples, nuts, tree ornaments, sprinkles or what have you to the pine rope. Put heavy pieces along the top of the mantel, and lighter pieces on hanging parts. Tall red candlesticks on either side of the mantel will achieve a lovely effect.

Red Cloth

Bright red felt makes a wonderful buffet table cloth that can be used other years and for other occasions. Green napkins or paper designs are ideal. A simple bowl of Christmas ornaments and tiny pine boughs could make a charming centerpiece for a table.

Food should be kept simple. If alcohol is robbing you or, too, but if it is a main meal, it someone you love of health should be filling. Do some parting work in advance to see what a meal will cost; and the alcoholic, enclosing you won't go over your head.

(Ann Landers will be glad to help you with your problems or eggs or tuna fish casserole (made with noodles) can keep closing a stamped, self-addressed, and a dish like chicken

tetrazini is easy to prepare, delicious and filling. Just make a cream sauce, add some mushrooms and pimientos, add cooked chicken, mix all with cooked spaghetti, put in the oven with a layer of buttered crumbs and parmesan cheese on top.

Easy Cheese Cake

A cake could be the piece de resistance to a holiday party. Here's one you don't have to bake — a pineapple cheese cake.

Drain 1 can of crushed pineapple (1 pound 4 ounces). Save syrup. Add enough water to syrup to make 2 cups. Combine 1 package of lemon mix with 2 tablespoons unflavored gelatin, 2 cups liquid, 1 cup sugar and 2 slightly beaten egg yolks in a saucepan. Cook over low heat, stirring until thickened. Cool. Beat 1 cup of cream-style cottage cheese until creamy. Add pudding mixture, continue beating until blended.

Combine 1 cup of instant dry milk crystals and 1 cup of ice water. Whip until soft peaks form (3-4 mins.) Add 2 tablespoons of lemon juice and continue whipping, while gradually adding 1 cup of sugar, until stiff peaks form (3-4 minutes). Fold whipped instant milk crystals, 1 teaspoon vanilla, 1 teaspoon lemon extract, 2 stiffly beaten egg whites and crushed pineapple into pudding mixture. Pour into pan over crumb mixture. Chill until set (about 3 hours.) Unmold.

Garnish with canned pineapple slices and maraschino cherry halves. (Crumb mixture: Blend 1 cup fine graham cracker crumbs with 1 tablespoon sugar, 1 tablespoon melted butter. Line bot-

Latin, American Dance Club Will Meet Saturday

The first meeting of the Latin and American dance club will be held at 7:30 p.m. Saturday at the YMCA. Various dances will be demonstrated including the rumba, mambo, tango, jitterbug, waltz, faso-doble and cha-cha. Mr. and Mrs. Gordon Miller are in charge.

Relief Corps Meets Thursday

The George D. Eggleston Women's Relief corps will hold a noon luncheon Thursday at the Castle hall. Mrs. Wesley Wagner is in charge. A business meeting will be held at 2 p.m. Officers will be elected.

Cocktail Parties Precede Gala Century Club Christmas Dance

A Colorful Cocktail Table greeted guests at the Bradford home. From left are Alfred S. Bradford, Mrs. Henry Pollard, Mrs. Bradford and Pollard. This was one of the four parties preceding the Century club dance Saturday evening.

gadget. Maybe a stuffed animal." One of her co-workers still treasures a Chinese back-scratcher from her husband.

A former small-town girl still gets dreamy-eyed about a date who brought her gardenias from a plant in his mother's garden.

"The old fashioned courtship might not be such a bad idea after all," suggests Mrs. William Blalock. "At least it would be different. Might even prevent some divorces."

"A man used to send out roses—the symbol of love—or orchids. Today he wants a blooming plant," sighs Herb Mitchell. "It has to last for a few weeks."

Mitchell blames the women, says their practicality has nipped romance in the bud.

That's the problem, one recent bridegroom points out.

"The girls want to be sensible to prove they're good wife material, but once they catch the guy, they expect to be courted the rest of their lives."

at the North Shore Golf club. They are shown at a cocktail party preceding the dance at the Alfred S. Bradford home.

Mr. and Mrs. Alfred S. Bradford, 312 W. Prospect avenue, entertained a number of partygoers before the Century club dance Saturday evening at North Shore Golf club. Parties were also held at the Sidney Dutcher, Martin Knauer and Charles McClure residences. Here Alfred S. Bradford, Jr., is welcoming guests, Mr. and Mrs. Edward S. Pfefferle.

Hearts, Flowers Vanish From Courting Picture

Dayton — (M) — Boy meets girl, boy marries girl. That just about summarizes the modern courtship, American-style.

If she's lucky, however, today's sweet young thing with the stars in her eyes may be swept off her feet—as the saying goes—by a round of football games, a platter of pizza and a bit of woo at a drive-in movie.

Whatever happened to the old-fashioned courtship—complete with hearts and flowers? The girls themselves are to blame, judging from the results of an informal survey here.

Girls too Practical

"American girls are trained to face the world alone. They're so independent," muses Mexican-born Mrs. Adam Trapp. Even in Mexico, all the wonderful courtship customs are fading from the picture, Mrs. Trapp adds sadly. Reason, she says, is the presence of numerous exchange students there. The chaperone has all but disappeared.

Modern girls are too practical for romance, one young wife says, adding that hers is the voice of experience.

"I wish now I had insisted on some elegant evenings—you know, theater and dancing. But I thought we should save our money. We're still trying to save," she adds wryly.

"But even the most practical girl expects candy and flowers once in a while—maybe only for special occasions," points out Mrs. Jack Ellis. "If he forgets before marriage, though, look out."

A bright-eyed girl in a gray flannel suit, however, turns down on the formal type of courtship. This working bride, married last June, admits she delighted in the kind of informal fun her husband served up during "courtship" days.

Love Surprises

"No plans for me," she explains. "I like to be surprised."

Little "fun" gifts rate high with most of the young

women than the more costly presents.

"You can buy good costume jewelry anywhere," says one bride-to-be. "I'd rather have a single flower or some little

Reducing Aftermath

A mature lovely writes: By dieting, I lost 20 pounds and am so happy. My one complaint is that, in losing weight,

LOST

measures. (Take them while reducing, and you prevent the problem.)

Perform this firming routine: Lie across bed, on stomach, so head dangles over edge. Slowly and with tension raise head up and back, as far as possible. Return to starting position and repeat ten times, daily.

On retiring, massage the skin with oil-rich night cream

Mother's Helper
by Hoggan & Pearson

MORE than one child in a family makes Christmas shopping expeditions a bit complicated. Each should have a chance at your undivided attention as he chooses the gifts he'll give. Do your best to arrange this — either by hiring sitters or taking turns with neighbors who have a similar problem. (Copyright, 1959)

for ten minutes. Be sure to use firm, upward strokes. On arising, apply moisturizing cream or lotion; make a second application in the late day.

Wear a wide choker. It will camouflage the difficulty, while you await improvement. It also will remind you to hold your head erect, and that is large factor in speedy results. Besides, chokers now have a real fashion-y flair!

Crepey Throat

To firm and uplift sagging facial muscles and flesh, use my four-way method. It works wonders through corrective exercise, posture, skin care and make-up. Procedures are detailed in the leaflet, "Banish Crepey Throat and Chin." For your copy, write me in care of your newspaper, enclosing 10 cents in coin and a large self-addressed, stamped envelope. Testing the Very Young A Mistake, Says Patri

BY ANGELO PATRI
In our anxiety to make certain that everything possible is done to forward our children's education we make some mistakes. One of them, in my opinion, is that of testing very young children. "I want to enter my 3-year-old in nursery school and the school I want for him gives him tests so I bought them and taught him how to do them. Oh, yes, he passed." The mother who did this

worked hard to help her child (that is plain) but I am not sure that she really did do much for him. If a child has been drilled so that he can pass well on a test of any sort that test is useless. To be useful a test should tell us where the child stands at the present, tell us something about the stage of development he has arrived at. A learned test does not do that. It enables a child to give correct answers to questions or to solutions of situations facing him but it doesn't tell us of his ability, his real, basic ability.

Too Many Factors
I have scant faith in any test given a child under 6. Too many factors enter into such a situation. First the child is too young, meaning that he lacks the background of experience essential to the success of such tests.

The tests must be given by a professional and mothers, and few teachers have such training and such knowledge. A little child has such a short attention span, is so easily frightened by a new experience such as a test given in a strange place by a strange person, that the results, even when the test is made by a professional, can be doubted. I want any such test given three times about three to six months apart before allowing it any importance.

See Annoyances
I am not talking about the tests for hearing, or vision, that the doctor makes when trouble is indicated. What I object to are the intelligence tests given very young children. To my mind they are annoyances that these little

Five 4-H Congress Conventioneers model dresses which they have designed. Grouped around Louisa Cain, seated, Oswego, S. C., are state champions. Louisa Cain has dacron and cotton sleeveless dress.

Windows Key to Cheerful Rooms in Dark Winters

Instead of brooding over the prospect of spending another dark, gloomy winter, ladies, why not try science's latest triumph, windows? Just as important to windows as a ceramic tile sill that sheds rain, snow, sunlight or grime are such considerations as the direction a room faces, shape and position of windows in wall, type of glass used, amount of light reflected by ceiling, walls and floor, and the type of sunlight control used inside and outside the house.

Of all the factors affecting distribution of daylight, the direction a room faces perhaps is the most important. Except in the extreme southern part of the country, principal window areas should be placed toward the south. A southern exposure admits the greatest amount of daylight. Furthermore, direct rays of dark day bright, but you can the sun are more controllable control excessive brightness from the south than on the east and west during early morning and late afternoon hours.

Another important factor in even distribution of daylight is grouping windows in such a way as to minimize contrasts in brightness. A single large window is better than several small ones. It avoids shadows from wall areas between windows.

The higher a window is placed, the deeper daylight penetrates into the rooms. There are two reasons for this: more sky is visible through the upper part of a window than the lower and the sky overhead is brighter than at the horizon.

The ratio of window area to floor area recommended by most building codes is 10 per cent, but this would leave a room in a gloom on cloudy days. A more generous minimum would be 20 per cent. Remember you can't make a room bright, but you can the sun are more controllable control excessive brightness from the south than on the east and west during early morning and late afternoon hours.

HIS AND HERS -

BY MURIEL STAFFORD, GRAPHOLOGIST

HE *Don't answer*
SHE *married a fool*

Bewildered Bride

"...We have been married a week and I am wondering if our personalities are suited to each other. I'm deeply in love with him and I want the type of home life I've missed."

No wonder you are perplexed and, according to the slight down-slant of your lines of writing, somewhat depressed. The man you have married is very different from you. It may be necessary for you to adjust your ideas about him and determine to accept him as he is to achieve a happy marriage. By temperament you are like a violet. He is more like a chrysanthemum. Your tiny, precise handwriting is lightly penned and very slanted. You have a meticulous mind and a gentle,

Harold Adams Will Address Service Guild

Harold Adams will address the Service guild of the First Congregational church at 7:30 p. m. Tuesday. A Christmas dinner at 6 p. m. will precede the meeting to which other church groups have been invited. Mrs. A. F. Tuttle is dinner chairman.

Your choice, try to accept him as he is. Too much correction by you is inadvisable. He has a loving nature but is restless. You can't box him in and find happiness.

Don't feel responsible for his actions nor show your annoyance indiscreetly. Never be petty. Be cheerful and loving. That will help more than all your fretting.

Miss Stafford welcomes letters from her readers. They cannot be acknowledged but the most interesting ones will be used in her column. (Copyright, 1959)

Prize Stamp Collector's Packet Includes Magnifier

BY CAPPY DICK
A stamp collector's packet consisting of 100 world-wide postage stamps and a magnifier to use in studying the fine details of the interesting pictures on the stamps will become yours if you win today's prize contest.

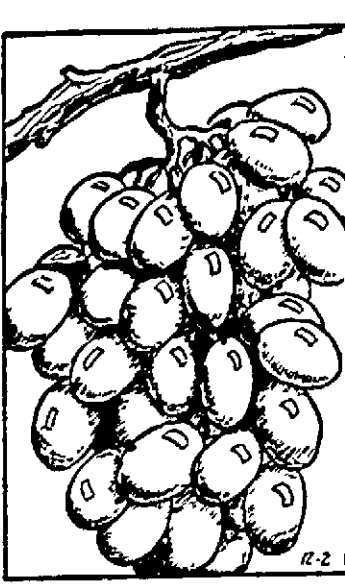

There will be five winners and each will receive one of these educational packets. Prizes will be awarded for the five best entries in the contest.

To try for one of the prizes there is nothing for you to solve, no problem to figure out. All you have to do is use your paints or crayons to color the big, luscious grapes in the adjoining picture, making them look as good to eat as possible. Do your work neatly because neatness will be the basis on which the contest judges will select the winning entries.

When you have completed the coloring to your satisfaction, clip the picture out and paste it on a sheet of paper or a postal card. Beneath it print your name, age and address. Add any decorations you feel will improve the neatness of your entry.

As your final step, address your contest entry to Cappy Dick at the Post-Crescent and mail it before midnight of day after tomorrow.

The contest judges will ex-

Color these grapes to win a prize.

amine all entries to find the five they consider to be the neatest. The packets of stamps from faraway lands, accompanied by the handy magnifiers will be awarded to the boys and girls who are the winners.

British Envoy To Talk Today

Alan Harvey, information officer at the British consulate general in Chicago, will address the International club of Lawrence college at 7:30 p. m. today in the Worcester Art center. He will discuss "Recent Elections and Current British Politics."

Harvey joined the British Foreign service after World war II. During the war years he had served with the RAF in Egypt, Jordan, Palestine, Turkey and France. After duty in the London foreign office, he went to Turin, Italy, as vice consul in 1952 and subsequently served as assistant information officer in the embassies in Rome and Tokyo.

The talk is open to the public without charge. An informal reception will be held after the speech.

Charts U.S. Role in Asia

Free Nations Will Resist Communism, Professor Says

"The policy of the United States should not be to win Asian nations for military purposes, but to help them gain freedom and independence, for no free and independent people wants to fall to communism," Minoo Adenwalla, professor of history and political science told Junior Chamber of Commerce Tuesday night.

Speaking at the Jaycee International dinner at Louie's Supper club, Prof. Adenwalla, a native of India, said the U.S. should pursue two courses in Asia.

First, the U.S. should not insist on military alliances in Asia unless the individual countries ask for them.

Second, the U.S. should give as much economic assistance as possible to those countries which have constructive development plans, he said. India, for example, is beginning its second "Five Year Plan" and Pakistan also has a development program.

He said the U.S. already is working toward economic development of Asian countries, but unless the program gives enough aid to permit these countries to maintain democracy, the aid "will be too little and too late."

Quoting a Chinese proverb, Prof. Adenwalla said, "The man who plans for a month plants grass, the man who plans for a year, plants corn, but the man who plans for a century, plants men."

He said maintenance of democratic institutions forces slower economic development, and the U.S. should aid the Asian nations in developing nationalism and democratic principles so they will resist communism.

Quack Cures, Rejuvenators Prove People Buy Anything

BY BERNARD GAVZER

New York — Reaching for eternal youth, yearning for relief from pain or just relief from surplus fat, Americans apparently will buy and try anything.

There are quacks aplenty to oblige them. They gyp the public of hundreds of millions of dollars — and many victims pay with their lives as well.

At least 75,000 Americans needlessly died of cancer in 1958 because they relied on cancer quacks, claims the National Better Business bureau.

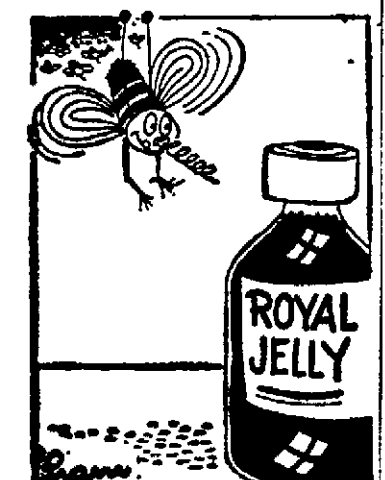

Activities of quack operators in cancer, Swindle nutrition and weight-reducing became so alarming, a public warning was issued by Arthur S. Flemming, head of the department of health, education and welfare.

AMA Estimates

Last September, Flemming blasted weight reducing quackery, citing American Medical association estimates that overweight Americans were being fleeced of \$100 million a year through fraudulent products and schemes.

He noted the problem of weight control was a serious one for many people and this created an intense de-

mand for an article that science has not yet produced: a simple, safe and sane food, drug or device which will bring about loss of body weight without exercise or the will to cut down the food intake.

Royal Jelly

"But unscrupulous promoters by the scores have rushed into the vacuum with their worthless pills, potions, freak diets, mechanical gadgets and the like," Flemming said.

"Riding the crest of the popularity wave at the moment are electronic vibrator devices, running the gamut of hand units, pillows, chairs and mattresses."

In the field of nutritional quackery, "royal jelly" became the biggest thing in the market in recent years. This is a special food prepared and given by worker bees to those they select to become queens.

It was made into foods, drugs and cosmetics and held forth by some promoters as a virtual cure-all, with emphasis on sexual rejuvenation. Flemming gave the "royal jelly" promoters a real sting by declaring:

"For bees, 'royal jelly' is indeed a miracle food, but it has no practical value for humans as a food, drug or cosmetic. The claims made for it are groundless."

Opportunistic promoters will exploit the human fear of any known disease or pain.

APCs 'Discovered'

Miss Maye A. Russ, NBBB expert on foods, drugs and cosmetics, says millions of arthritis victims have been exploited through promotions of "amazing medical discoveries" or "new revolutionary formulas." She cites one scheme in which aspirin-phenacetin - caffeine tablets—familiar to any armed services

veteran as A-P-C pills as an "amazing discovery... released for the first time." The pills were sold for \$3 for 30, yet the

same ones could be bought in most drug stores for two for a penny.

"The types of fraud and deception in promotion of drugs and devices are quite numerous," Miss Russ says, "but among the various categories there are fake cancer cures; baldness remedies; bust developers; some alleged weight-gaining preparations; products which will allegedly prevent heart attacks; alcoholism

cures; certain vitamin products promoted as tranquilizers, sexual rejuvenators and to increase mental powers."

In the cosmetics field, Miss Russ says the parade of creams and lotions which will purportedly banish wrinkles, facial lines and blemishes, firm or lift facial muscles, is steadily growing longer.

Faces Unchanged

"Yet, despite the claims for royal jelly, estrogenic hor-

mones, placenta extract, plankton, turtle oil, mink oil, shark oil, orchid pollen, vitamins or the biogenic stimulants, unfortunately, we know of no cosmetic preparation which will significantly alter the physiological changes which accompany aging."

What can you do to protect yourself?

Obviously, the first thing is to get competent advice from a doctor before trying any-

thing that promises miracle results. Before you fall for any gimmick, remember that there's nothing now known to science which can stop the process of growing old, that 80 per cent of baldness is beyond any effective treatment, that to lose weight the main thing is to cut down on foods, that no cream can enlarge a bust, that the best attack on cancer

is to have it properly diagnosed and professionally treated early.

Before buying and trying any of these quick and easy miracle products, get in touch with your local Better Business bureau, chamber of commerce, or write government agencies such as Flemming's department, the food and drug administration or the federal trade commission.

These Four Women are among the 21 members of the Peabody Manor speakers' bureau who met Tuesday morning for their first workshop session at the home of Mrs. Paul E. Truttschel, 23 Winona court. Preliminary work was done on talks the group will be ready to present on the VNA-sponsored home for retired persons by January before organizations in Outagamie county and the Twin Cities. From left to right are Mrs. Gordon R. McIntyre, Mrs. Joseph A. Foley, Mrs. Robert J. Spooner and Mrs. Truttschel.

Speakers on Peabody Manor Hold Workshop

21 Women Prepare Talks for Groups in County, Twin Cities

Twenty-one members of the Peabody Manor speakers bureau met for a workshop session Tuesday at the home of Mrs. Paul E. Truttschel, 23 Winona court. The group is preparing for speaking engagements before organizations in Outagamie county and the Neenah-Menasha area during January, February and March to coincide with the Appleton Visiting Nurse association's area-wide fund drive for the retired people's home the organization plans to build by 1963.

Mrs. T. A. Howells is the VNA board member in charge of bookings.

Besides Mrs. Truttschel, members of the speakers bureau include Mrs. Joseph Foley, Mrs. Harold A. Ornstein, Mrs. Robert J. Spooner, Mrs. Fred C. Heinritz, Mrs. Gordon R. McIntyre, Mrs. L. E. Pask, Mrs. F. H. Sprowl, Mrs. Dexter Wolfe, Mrs. Dan Hardt, Mrs. Ralph T. Alton, Mrs. Chandler Rowe, Mrs. Eugene Pierce, Mrs. K. E.

Safety Tips December to March Peak Fire Months

"You don't have to be near a fire depends on how well you know what to do."

The National Safety council said this today to point up arrival of the season when the number of home fire deaths reaches a peak. More than half the year's home fire deaths occur during four months — December through March.

"Smoke and combustion gases," the council said, "often are the cause of death in home fires, rather than flames."

Odd on Fire
Fires are the leading cause of home death to everyone except infants and the very elderly, and are the second highest cause of home death to persons of all ages. Home fires take more than 5,000 lives a year and cost the nation billions of dollars. Your chance of surviving

Kloehn, Mrs. John Reeve, Mrs. Ralph McCowan, Mrs. Wilmer Stach, Mrs. Glenn Hoffmann, Mrs. Ben Wadsworth, Mrs. Robert Johnson and Mrs. William Buchanan. All are from Appleton except Mrs. Buchanan, who is a Menasha resident.

More Epitaphs Reported, These Written for World-Famous Folk

BY CHARLES HOUSE
Post-Crescent Staff Writer

Throughout the brief series presented here on the subject of off-beat epitaphs, I have sought avidly for some quaintness or humor on the tombstones of celebrated people, but have found none. Perhaps dignity has something to do with that; perhaps prophets have honor in their own country. But for today, here are epitaphs from some of the great people of history:

The tomb of Alexander the Great contains a brief but excellent epitaph which reads:

Here a mound suffices for one for whom the world was not large enough.

Perhaps simplicity is the finest way to recall a great person to memory. So many important people seem to be commemorated by simple epitaphs. Among them:

Robert Browning
1889

Charles Dickens
Born 7th February, 1812
Died 9th June, 1870
Here lies buried
Thomas Jefferson
Author of the Declaration of
American Independence,
Of the statute of Virginia
for Religious Freedom,
And Father of the Univer-
sity of Virginia.

BENJAMIN AND DEBORAH

FRANKLIN

DANIEL WEBSTER
Born Jan. 18th, 1782
Died Oct. 24th, 1852
"The Gospel—a divine reality."

LINCOLN
"With Malice toward none
With Charity to all"

GEN. WM. T. SHERMAN
William Tecumseh Sherman
General, U.S.A.
Born at Lancaster, O.
Feb. 8, 1820
Died at New York City,
Feb. 14, 1891
Faithful and Honorable

A little greater puff at senti-
mentality is on the tomb of
the great Robert E. Lee, for
it is in poetry, thus:
An angel's heart, and an-
gel's mouth,
Not Homer's, could alone
for me
Hymn well the great Con-
federate South
Virginia first, and Lee!

JUDGE STEPHEN A. DOUGLASS
Born April 23rd, 1813—died
June 3rd, 1866
"Tell my children to obey

on his tombstone. But here is
what he wrote for himself
when he was a very young
man:

The body of
B. Franklin
Printer
Like the cover of an old
book,
its contents torn out,
and stripped of its letter-
ing and gilding,
lies here, food for worms.
But the work shall not be
wholly lost:
for it will, as he believed,
appear once more,
in a new and more per-
fect addition,
Corrected and amended
by the Author.
He was born Jan. 6, 1706
Died 17

Police Seek To Clear Up Argument

Little Chute — An appeal
for help in settling a minor
traffic offense which has de-
veloped into a dispute was
made to village officials by a
policeman Tuesday night.

Patrolman Robert Bruyette
told the board that the situa-
tion was at a standstill and he
asked the attorney and offi-
cials for their opinion and as-
sistance.

The case started when
Bruyette, in the line of duty,
arrested a 16-year-old Kau-
kauna youth for traveling 50
miles per hour in a 25 mile
per hour zone on E. Main av-
enue in November. A date was
set for the driver to appear
in justice court.

Two days before the court
date, the father of the boy, a
Kaukauna attorney, left a
change of venue writ in the
justice of the peace's mail
box. Justice Anton Jansen fig-
ured this was an improper
method of presenting the writ
and promptly mailed it back
to the attorney.

The attorney then gave it to
the Kaukauna police depart-
ment to deliver to Jansen and
the justice in turn gave it to
the Little Chute police to bring
back to Kaukauna.

Bruyette said he went to the
district attorney for assistance
but he refused to take a hand
in the matter. The policeman
said he told the father, in a
telephone conversation, that
the boy would be summoned
to appear but the father
threatened to bring charges
against the village if such ac-
tion was taken.

President Paul Kostka said,
"The law will be upheld in
this case and we will not drop
it." Atty. Urban Van Susteren
added, "We must pursue this
case as though it is one of the
most important we have ever
had."

The attorney and two police-
men then left the council room
with statute books in hand to
check on the procedure to fol-
low.

In other action the board
transferred the \$111.40 left in
the recreation fund to the gen-
eral fund as requested by the
clerk-treasurer and auditor.
Purchase of a suction pump
at a cost of \$415 was ap-
proved.

48th New Home Permit Issued

Kaukauna — The forty-
eighth new home permit of
the year, two more than is-
sued during 1958, was issued
Monday by Lother Kemp,
building inspector, to Jerome
Koch, 232 E. Second street,
Kaukauna.

Koch will build a single
story, \$11,900 home at 524 W.
Ninth street.

FVL Next Foe For Chuters

Clash Thursday In Non-Loop Tilt At Little Chute

Little Chute — St. John
High school cagers will try to
even their season record at
2-2 Thursday night when they
entertain Fox Valley Luther-
an of Appleton.

The Chuters won their first
game by beating Assumption
of Wisconsin Rapids 70-5 Sat-
urday night.
Fox Valley Lutheran has a
1-3 record for the season. All

three losses have been by non-loop tilt for the Chuters
close margins.
Won Last Year
Last season the Dutchmen
posted a 61-49 victory over
the Appleton club.
The game will be the final
who swing into Fox Valley
Catholic conference play Dec.
10 when Premontre of Green-
Bay invades the Little Chute
court.
Coach Bill Fitzpatrick has

Wednesday, Dec. 2, 1959 Appleton Post-Crescent C7
shuffled his lineup considera-
bly in the first three games.
The probable starters are
Mike Bongers and Ady Ebben
at guards, Harley Hietpas at
center and Ed Hammen and
Tom Verhagen or Roy Van-
denberg at forwards.

Freedom High Junior Class Will Present 3-Act Comedy

Freedom — "For the Love of Pete," junior class play at Freedom High school, will be presented this weekend in the school auditorium.

The public will be invited for the 8 p.m. Sunday performance and special showings have been scheduled for students from surrounding schools Friday morning and afternoon.

The setting for the 3-act comedy is a high school student council room. Pete gets in a mixture of trouble which brings out both trying and humorous moments.

Ronnie Sprister is cast in the leading role and other characters are Bonnie Trow, Vernon Vandenberg, John Kerkhoff and Phyllis Garvey.

Other parts are portrayed by Sharon Weyenberg, Margaret Hofacker, Robert Schub, Judy Thyssen, Carole

Smith, Bob Stoffel and Leone Smudde.
Mistress of ceremonies will be Patricia Weyenberg. Ushers are Barbara Fox, Betty Vandenberg, Barbara Hooyman and Judy Gonnering.
On the makeup committee are Joyce Dietman, Julie Van Munn, Lois Voeks and Roy Weyenberg. Handling the sale of tickets are Bonnie Kumrow, Betty Kumrow and Mary Ellen Van Hooft while Janet Fredrickson and Mary Ann Schlimm will be in charge of the box office.
John DeWan and William Schoenberger of the faculty along with Roland Ferron will prepare the stage. Prompters will be Betty Scheibe and Shiela Van Schindel. Bonnie Trow and Susan Webster will make posters for publicity.
Sharon Weyenberg, Margaret Hofacker, Robert Schub, Judy Thyssen, Carole

mary Trettin is the director.

The Junior Class Play at Freedom High school, "For the Love of Pete," will be presented Friday afternoon and Sunday night. Players in a scene above are Vernon Vandenberg, on the floor while kneeling over him is Carole Smith. Standing, left to right, are John Kerkhoff, Ronald Sprister and Bonnie Trow.

Nurse Problem Again Aired by City Council

Alderman Clashes With Attorney as Issue Is Confused

Kaukauna—Members of the finance committee of the common council refused Tuesday night to meet jointly with the board of health as proposed in a committee report of the board.

Ald. George Simon, chairman of the board of health, read minutes of a meeting calling for a joint meeting with the finance unit at 7 p.m. Monday to discuss qualifications, salary, duties and clerical help for a nurse before advertising for the position to be filled with the resignation of the present nurse Jan. 15.

Bert Roberts, chairman of the finance committee, said no need was shown for a meeting as the budget had a \$5,000 appropriation for a nurse and a city stenographer has been supplied to do clerical work for the nurse. The city stenographer claimed she has been doing all work required by the nurse, said Roberts, thus the only problem is finding a replacement for the retiring nurse.

He suggested the consolidation of the nurse's office and the stenographer's office might help settle some of the difficulty being noted by individual party's claims about how the work was being handled. Putting the two offices in near proximity would put the stenographer at the fingertips of the nurse and still permit the nurse a private office, said Roberts.

Issue Confused

Ald. Simon and Robert Main, school commissioner on the board of health, said the meeting was called to clarify issues as to who hires the nurse, to which group she is responsible and what are her duties. It was hoped the finance committee could help settle the problem.

The finance committee suggested these matters could be decided by checking city ordinances. Emmet Rohan, city attorney, read the ordinance covering the nurse, her duties and other information. Rohan said he felt the finance committee was cracking the whip over the board of health by not furnishing full time secretarial help as recommended for the nurse by the board.

Roberts took exception to Rohan's statement and told him the city stenographer was being paid close to \$4,000 to handle the secretarial work for the nurse. Mayor Joseph Bayorgeon informed Rohan he was not to set policy for the council but to help interpret laws and rules as desired by the council.

Roberts reminded Rohan of rules whereby the attorney should address the chair before making statements which did not concern him. He suggested the attorney become accustomed to addressing the chair prior to making any statement.

Bayorgeon suggested the board of health investigate the possibility of a school nurse, talk to all city doctors and the superintendent of schools before deciding on whether to advertise for a nurse.

Student Council Clothing Drive Ends Thursday

Kaukauna — The annual clothing drive sponsored by the student council at Kaukauna High school will close Thursday, according to Kenneth Kavanaugh and Ronald DeBroux, co-chairmen of the drive.

Each year the council sponsors the drive and the clothing is packaged for shipment to needy children all over the world. Each student contributing an article of clothing receives a ticket for a special program to be given in the auditorium while those without tickets spend the auditorium period in study hall.

Working with the drive leaders are Daniel Van Dyke, Thomas Otte, Thomas Verhagen, Greg Russo, Douglas Sachs and Edward Lutzow.

Express Agency Public Hearing Set Thursday

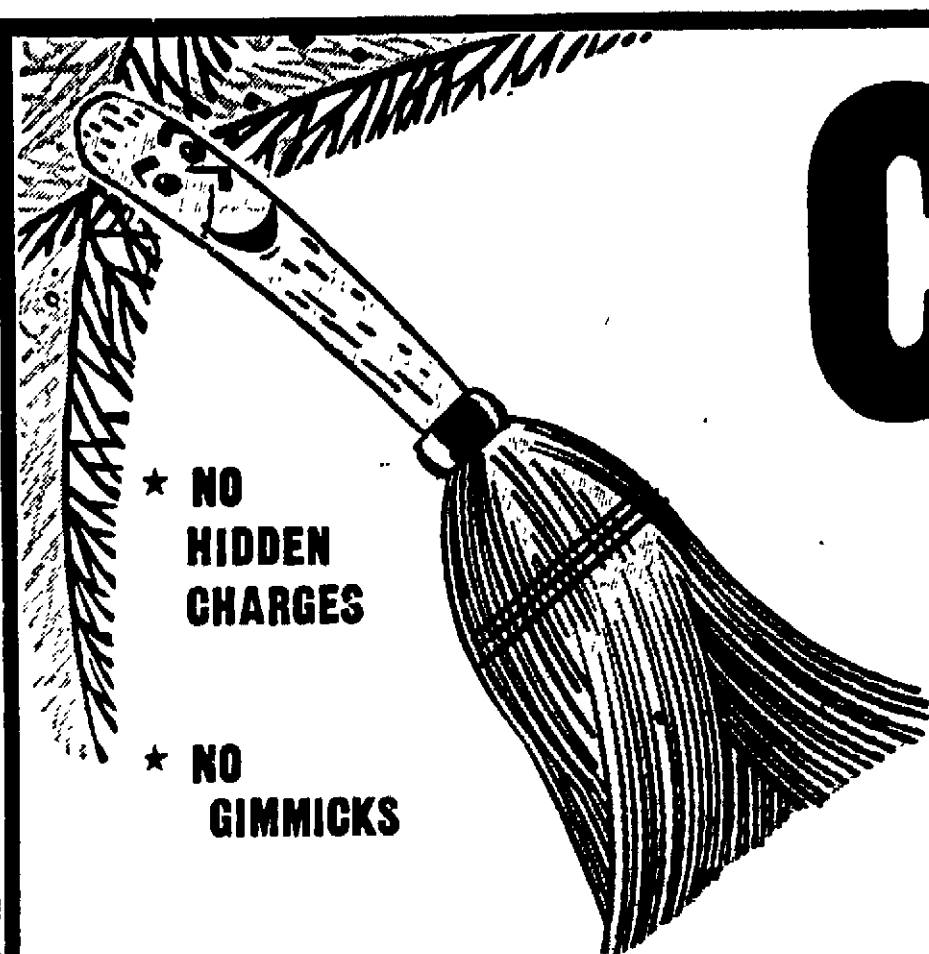

Kaukauna — A public hearing on the application of Railway Express Agency, Inc., for authority to withdraw service and close its offices in six area communities will be held at 9 a.m. Thursday at city hall by the public service commission.

Communities affected include Reedsville, Whitelaw, Brillion, Hortonville, Kaukauna, and Kimberly. The PSC will consider truck service out of Appleton to Brillion, Hortonville, Kimberly and Kaukauna.

City to Have \$311,513 Fund Balance Jan. 1

'59 Sewer Account
Has \$13,277 Deficit,
Other Funds Remain

Kaukauna — Council members were informed Tuesday night the city would begin operation in 1960 with an anticipated \$311,513 fund balance.

The planned budget shows \$133,136 in the contingent fund, due mainly to \$115,000 more in state income tax receipts than estimated in 1959. The road fund will have a balance of about \$9,735 while \$751 remains in the bond fund and \$3,437 in the poor fund.

Remaining in the high and grade school fund, but earmarked for use, is \$136,542 while the vocational school balance will be \$21,296. Balances in police and firemen funds to start 1960 will be \$10,795 while \$9,089 is anticipated in the sewer repair fund.

A deficit of \$13,277 is noted in the sewer fund for the start of 1960. The 1960 budget also includes a closing fund balance for the end of the year of \$231,686.

Mayor Refuses Pay Increase

Instructs Treasurer to
Return \$1,200 Hike
To City Fund in 1960

Kaukauna — Mayor Joseph Bayorgeon informed the council Tuesday night he had instructed the treasurer to take \$100 per month from his salary and deposit it in the city fund.

The action came as a result of a \$1,200 pay increase granted the Bayorgeon mayor by the council in the 1960 budget. Bayorgeon objected to the increase when proposed but his objections were voted down by the council.

Bayorgeon must await a ruling from the city attorney to see if the mayor can refuse a pay hike over the wishes of the council.

Jewell Toms, Second ward alderman and secretary of the finance committee, said the pay increase was granted as the office of mayor is nearly a full time job and if "it is not worth \$3,600 per year, it is not worth a nickel."

198-500 Lead Wednesday Night Women's League

Kaukauna — Laverne Ribarchek slammed a 198 game and 500 series to pace bowlers in the Wednesday Night Women's league at Verbeten's alleys. Theresa Bongers hit a 190 game.

In the Sunday Mixed Doubles league at the Bowling bar, Clayton Weyers led with a 569 series.

Girl Scout Leaders Of Two Communities To Exchange Ideas

Kimberly — A joint meeting of Kimberly and Kaukauna Girl Scout leaders will be held at 7:30 p.m. Monday at Holy Name school cafeteria to exchange ideas for troop operations and programs.

Leaders planning Christmas displays or projects are requested to bring items, made by girls, to the joint session to enable others to get ideas for projects.

Firemen Answer Call; Never Take Out Truck

Manawa — The Manawa firemen answered a call about 7:50 a. m. Monday to find they did not have to take out the truck. The fire was next door in an attached city hall building where a chimney was burning out.

Other fire calls this week include one at the Sol Roberts home in the town of Union, where the house, unoccupied, was totally destroyed about 10 p. m. Thanksgiving, and a chimney fire at the Otto Much farm in the town of Union about 3 p. m. Saturday.

Firemen Called When Children's Shed Burns

Kaukauna — Firemen were called about 6:45 p.m. Monday to Thirteenth street and Sullivan avenue to extinguish a fire in a wood and tar paper shack used by youngsters.

The shed fire started as two boys were attempting to cook in the shack. It took firemen about one-half hour and 500 gallons of water to extinguish the blaze. The shed was destroyed.

New London Cattle Sold in Oklahoma

Town of Lebanon Farmer, Promoter
Combine to Ship 2,045 Calves

BY DICK McDANIEL
Post-Crescent Staff Writer

New London — Promoting Wisconsin dairy cattle in Oklahoma is the business of Patrick Egan, town of Lebanon, and his agent, Casey Meyers, Enid, Okla.

The two men have combined to sell about 2,045 calves to farmers in Oklahoma. They are enthusiastic buyers when they learn calves are from Wisconsin, the men claim.

Wisconsin's title of dairy state has given the two men an advantage in promoting sales there.

Meyers, who was in the New London area last week to inspect some of the herds from

which the calves are being selected for shipment to Oklahoma, reported the farmers there have learned by experience Wisconsin cows are the best milk producers.

Dairying Growing
He explained that while most of the cattle raising in Oklahoma is for beef, the dairy industry there also is growing to meet population increases.

Most of the Wisconsin calves are being sold to small dairy farmers as replacements for their herds. Others, however, are being used to start new herds.

One of the advantages favoring the Oklahoma farmer is a longer growing season which offers a longer pasturing for herds.

The winter feeding consists of a type of rolled corn and grain, which looks somewhat like oat meal. Meyers said this type of feed is better because of the strong winds in Oklahoma. He said a ground feed would blow away before it could be consumed by the cattle.

Sunday afternoon, Meyers visited the Leon Thoma farm where the herd there had 409 pounds of butter fat produce on 50 head of cattle during last year.

Short Cut Corn Not Necessary For Good Silage

Cutting corn into lengths shorter than one-half inch doesn't seem to be necessary for good silage. The shorter cuts take more power.

In case corn is extremely dry — either due to freezing or over-maturity — cuts of less than one-half inch may be necessary to make good silage. But for normal conditions, half inch cuts are fine and they represent considerable power saving.

Actually, about the only benefit of cutting corn down to three-eighths or seven-sixteenths inch lengths is that it packs tighter so takes slightly less storage space.

When the silo is filled rapidly, the shorter cut material will pack more tightly at first. But after 24 hours of setting the difference is very small.

A Cowboy Booted Promoter, left, Casey Meyers, Enid, Okla., discusses cows during an inspection tour last weekend in the New London area. He sells Wisconsin cattle to Oklahoma buyers for stock replacement or to start herds there. Pat Egan, his town of Lebanon partner in this area, and owner of the herd, Leon Thoma, stand right.

Post-Crescent Names New Farm Editor

Roy F. Valitchka II has been appointed farm editor of the Appleton Post-Crescent. Gordon R. McIntyre, a long-time editor, announced today.

Valitchka will keep in contact with the agricultural extension offices of Outagamie, Winnebago, Calumet and Waupaca counties, cover important meetings of farm organizations and handle the news on the farm pages published in the Post-Crescent each Wednesday.

The farm editor was graduated last June from the Medill School of Journalism, Northwestern University, Evanston, Ill. He is a native of Oak Park, Ill., but lived most of his life in Manitowish, Wis.

He was assistant public relations director for a Chicago firm and made an 8,200 mile western State tour for that company while a student at Medill. On the trip he worked with construction test equipment including grain moisture tests.

Dutch Elm Disease Takes Great Toll of State Trees

Dutch elm disease cut deep into the elm tree population this year.

More than 3,500 cases hit 15 counties in southeastern Wisconsin. This almost doubles the 1958 figure.

A winter clean-up campaign is important in combating the disease. Infested elm wood should be burned now. The European bark beetle then will be killed before he does his damage next spring.

Adults Move
Larvae of the bark beetle winter in diseased elm trees and dead brush. With warmer weather, the adults move to healthy elms and feed in their twig crotches.

The bugs pick up the Dutch elm fungus from diseased trees. In feeding, they transfer the disease to healthy elms.

When combined with spray measures, clean-up really works. Recently among 40,000 elms, 16 times more untreated trees got the disease than sprayed and cared-for elms.

Don't Save Wood
Don't save elm wood for a fireplace.

For a successful spray job, follow a few simple rules. First, use large enough equipment. Big mist blowers or hydraulic sprayer work best. Use a two per cent DDT spray for the hydraulic kind.

Feeder Pig Prices Down For November

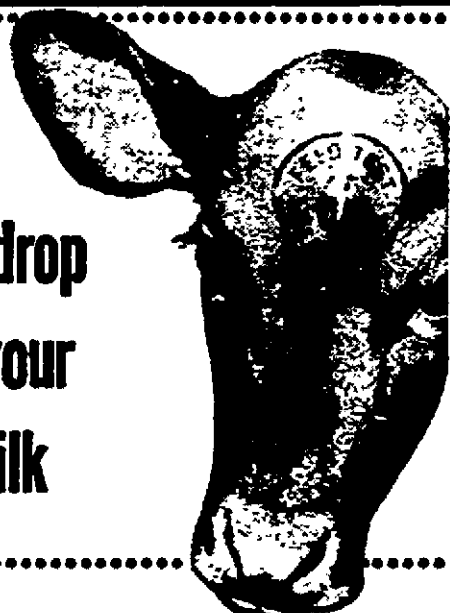

Wisconsin feeder pig prices are now only about half the average for November last year, according to the Wisconsin Crop Reporting Service.

Feeder pig prices in the state have been dropping steadily beginning with November last year, and they now average the lowest for any month since April, 1956. Feeder pig prices are following the trend in the market price for hogs.

Hog prices have dropped recently to the low level reached in 1955 when there was a large supply of hogs such as is in prospect for the coming months.

Prices of Wisconsin feeder pigs at the beginning of November averaged \$7.41 a head for pigs averaging 8 weeks of age and averaging 40 pounds. Pigs of comparable weight and age averaged \$14.29 a head Nov. 1 last year.

Sell every drop of your milk

Land O'Lakes Calf Milk Replacer switches calves immediately after colostrum, lets you sell all your valuable milk! Contains 10% added fats, 22% more calories — yet costs far less to feed than fluid milk.

And remember this about Calf Milk Replacer: It's a milk product, not a milk substitute, so it cannot create a milk surplus. Isn't it time you made the switch? It's as easy as ordering by phone.

Certified for switching calves at 4 days by Anoka Research Farms

Drive Started to Educate Migrants

Governor's Commission Seeks Aid To Run Children's Summer School

Post-Crescent Madison Bureau

Madison — The governor's commission on human rights has started a drive to get state and federal financing for summer schooling in Wisconsin for the educationally underprivileged children of migrant workers who throng into the state each harvest season.

The resolution approved by the commission here was directed especially at the state legislature now in session. It had earlier considered but did not actually enact a bill to permit state payments for local schools underwriting special summer schools for such children.

Federal aid is available, but only upon condition of some state support. Prof. Donald Thomas of the University of Wisconsin School of Education told the group. Thomas has completed a report, sponsored by the commission, on the problem of schooling for the educationally handicapped youngsters of migrant worker families.

Important Areas

Such a program would be especially important in the areas of migrant employment concentration, in the Green Bay district including particularly Door county, in the Wautoma neighborhood where the pickle pickers congregate annually, in Waupun and a few others.

He said up to 5,000 Texas migrant children come to Wisconsin each season.

The typical child in a family of Texas migrants of Mexican origin is retarded educationally, with respect to the expected educational attainment of a Wisconsin child of the same age, he said, and may be retarded as much as six years. Most of them speak Spanish rather than English, but are unable to read in either language. He has found Texas school authorities have shown no interest in reforming their own school arrangements.

Farm, Newspaper Meeting Planned

A meeting of all Outagamie county rural organizations and representatives of the Appleton Post-Crescent has been arranged 2 p.m. Friday in the county board room 208 at the court house, Appleton.

The meeting was planned to give farm organizations and editors of the farm sections a chance to exchange ideas and gain a better knowledge of coverage and information needed to continue coverage of farm activities.

Elected Counselor

Ará Call, of the Western Condensing company, Appleton, was elected section counselor of the Wisconsin section of the Institute of Food Technologists.

Maple Producers Form Council

Wisconsin maple syrup producers are organizing with producers in other states here and in the east in a National Council of Maple Producers.

The organization was created at a recent meeting in Philadelphia. The group will advise on maple syrup production research and on trade promotion.

M. R. Thibaut, a Wisconsin syrup producer from Luxemburg, is on the board of directors. He reports that one of the first goals of the group in Wisconsin will be to develop custom service community sap finishing plants.

More Birds on State Market

Turkeys Near Record Here and Rank 5th In Nation's Output

More Wisconsin turkeys will find their way to holiday tables this year than ever before.

Wisconsin produced a record of nearly four million birds in 1959.

A University of Wisconsin poultry specialist says the state now ranks fifth in the nation in turkey production. The plentiful kept prices at last year's level. Budget-minded housewives will find turkeys a good buy during the Thanksgiving and Christmas seasons.

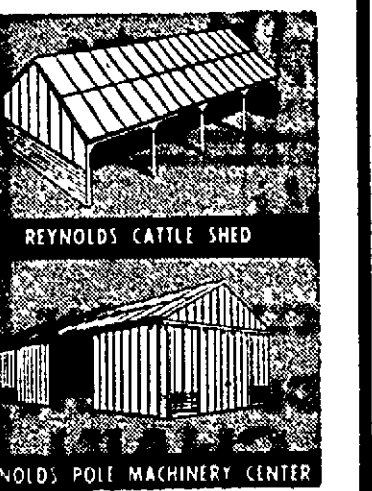

In spite of the big seasonal demand, prices generally don't go up during the holidays. This is because most birds are marketed from October through January. Nearly 75 per cent of all turkeys sold are marketed during these months.

The small, broad-breasted varieties are gaining popularity. Housewives prefer their extra amount of white meat and convenient size.

Usually these four to eight-pound birds market younger at 14 to 16 weeks. In contrast, the traditional turkeys weigh up to 25 pounds and sell at about six months of age.

New Regulation
Covering Sale
Of Dry Milk Set
Grade A Products Must Meet State Order Requirements

A new Wisconsin department of agriculture regulation covering the manufacture and sale of grade A dry milk products became effective Tuesday.
Under the new order no person may sell, offer for sale or have in his possession with intent to sell any dry milk products labeled or otherwise represented as "grade A" unless the requirements of the new regulation are met.
Operators of milk drying plants desiring to use the grade A label must make application for a permit with the department of agriculture. The permit will cost \$125 semi-annually, the money to be used to finance the cost of supervising the new program. Inspections Made
After application for a permit, the Department of Agriculture will inspect the milk drying plant. If it is satisfied that the operation of the plant can comply with the requirements of the new regulation, a permit will be issued.
Inspection of each grade A dry milk plant will be made at least once every six months. If a violation is found, no less than three days will be given to correct conditions. A suspension of operations may be ordered if a threat to public health is involved.
Accurate records must be kept of actual quantities of dry milk products manufactured and sold, together with a list of all sources of milk and milk products from which the product was made. Records of inspections, tests and pasteurization time and temperature records also must be kept.

Examine Sample
They must be retained for a period of one year and shall be available for examination in the plant by the department of agriculture.
Milk and milk products used in the manufacture of grade A dry milk must comply with the requirements of the regulation covering grade A raw milk. At least one sample of each grade A dry milk product being manufactured will be examined by the department each month.
Bacteriological and physical requirements have also been set up as well as methods of pasteurization. Cooling must be to 50 degrees or less unless processed within two hours after receipt.

Not All Birds Fly to South
Not all birds go South. Some actually seem to thrive when temperatures plummet. Birds come outfitted for winter's blasts.
First of all, they grow their own parkas. Several layers of feathers and "down" trap air next to their bodies. This insulation cuts down on heat loss.
Birds also have a better heating system than ours. Their body temperature runs around 103 to 104 degrees F. Ours is 98.6 degrees.
Birds eat a tremendous amount — in comparison to their weight. The extra food gives them plenty of energy and heat.

May Restrict State Migrants
Importation Stop Of Workers Due to Poor Housing
Post-Crescent Madison Bureau
Madison — New U. S. department of labor regulations may restrict the importation of migrant labor into Wisconsin canning crop harvesting fields next season, the Wisconsin Canners association says.
A principal change in the rules is the requirement that the state employment service may place an order for interstate clearance only if the housing and other facilities conform to the local housing and sanitary codes governing.
In practical terms, said the association, the rule means that Wisconsin employers who have not complied with the rules of the state board of health cannot get employment service certification of seasonal agricultural workers from outside the state.

Jazz Music Hurts Good Milking Cows
Salt Lake City — The barn is no place for rock and roll or jazz music. Cows don't like it, says a dairy industry representative.
"That music tightens the cow's glandular system and deters milking," says Will A. Foster of the American Dairy association in Chicago.
"Waltz music produces much better milking conditions," he told Utah dairy farmers.

Chicago Guests
Leeman — Mr. and Mrs. Gerald Gomm and Mr. and Mrs. Arthur Larson of Chicago are guests at the home of Mr. and Mrs. Mearl Allen and other relatives in Lee-man, Nichols and Black Creek.

Two of the County Award winners from the Pleasant Hill 4-H club, Clintonville, are shown above discussing draperies made by Cathy Boyer, left. Sandy Wied, right, and Cathy were both winners in the dress revue. Cathy also received an award for home furnishings.

Price Received for Products Lower Than One Year Ago
Prices received for most of Wisconsin farm products sold by Wisconsin farmers continue to average 14 per cent of the 1910-14 average and about 6 per cent less than a year ago. But the level of prices paid by farmers is slightly higher this year, according to index figures compiled by the Wisconsin Crop Reporting Service.
Prices received for milk sold by Wisconsin farmers in September may average \$3.45 a hundredweight or 5 cents more than a year ago. Calf prices also show a gain with prices averaging \$27.80 a hundredweight or \$2.80 more than farmers received in September last year.
But the farm prices of hogs, cattle, sheep and lambs averaged lower than a year ago. For the meat animal group as a whole, the index of prices was off 14 per cent from September last year.
Chicken and turkey prices averaged about 2 cents a pound lower than a year ago and egg prices, although showing some gain from August, are down 10 cents a dozen. Prices received for all chickens sold in September averaged 13 cents a pound and turkey prices averaged 22 cents a pound. Farmers received prices for eggs sold in September averaging 30 cents a dozen compared with 40 cents a dozen a year ago. Chicken prices are down 16 per cent and egg prices 25 per cent from September last year.
Wisconsin's index of all farm product prices at 250 per cent of the 1910-14 average is 4 per cent below the September 1958 level while the index of prices paid at 296 per cent shows a gain of 1 per cent. Purchasing power

See the New BOWE Self Unloading Rack
The only rack with the lower cleaning cylinder instead of a beater. It will outperform any endless optron type unloader.
IMPORTANT NOTICE
For the past few weeks our ad has appeared in this paper urging farmers to equip their present chopper racks with our new p.t.o. cross conveyor type unloader before Jan. 1960. HOWEVER, because of the unexpected out-of-season demand for our new self unloading racks and heavy duty wagons for the coming 1960 season, we cannot promise to take orders for this type of change-over after Dec. 15, 1959. If you are one of those who would like to have this work done, please contact us before the above date to insure having your rack equipped for the coming season. Don't put it off — you can be sure if you act now. Convenient payment plans can be arranged.

Council Okays \$1,396,231 Budget For 1960, No Tax Rate Hike Needed

Fund Balance, Increased Revenues Help Despite Small Decrease in Tax Levy

Kaukauna — The common council Tuesday night approved the 1960 budget calling for expenditures of \$1,396,231 compared to \$1,286,233 in 1959 with no increase in the \$37 per \$1,000 tax rate.

Amount to be raised by tax levy is \$842,624 compared to \$843,082 in 1959. Less is to be raised by the tax levy as the assessed valuation of the city dropped \$12,385 from \$22,786,025 to \$22,773,640 but increased revenues and a \$311,513 fund balance to start the year enabled the city to maintain the tax rate. Other revenues are estimated at \$473,780.

Budget Expenditures

Top single item in the budget is the appropriation for operation of the high and grade schools which will cost \$356,282 in 1960 compared to \$316,249 in 1959. Wage adjustments and the addition of four teachers to handle an increased first grade enrollment for the 1960-61 school term account for the major part of the increase. First grade enrollment will be up as St. Mary Catholic school is discontinuing these classes.

Protection of persons and property in 1960 will cost \$167,596 compared to \$157,149 in 1959. The major portion of the increase is noted in police department salaries where \$49,800 was appropriated in 1959 compared to \$58,500 in 1960. The increase includes additional personnel for the force. Fire department salaries were increased from \$62,000 to \$64,500 in 1960.

Money appropriated for highways and bridges in 1960 amounts to \$134,770 compared to \$103,548 in 1959. The 1960 budget includes \$12,000 for street construction whereas no money was appropriated for this in 1959, cost of snow and ice removal was raised from \$10,000 to \$15,000 and maintenance of street machinery in 1960 is expected to cost \$17,000 compared to \$11,500 in 1959.

New equipment appropriation in 1959 was \$4,725 compared to \$11,500 in 1960 and \$3,000 is included in the budget for revamping of the city map and sewer map whereas

raised from \$30,825 to \$61,780 in 1960 due to an increase of \$30,000 for sewer outlays.

Bond payments for 1959 was \$133,646 compared to \$134,544 in 1960 and the poor fund was dropped from \$15,600 to \$11,200. Police and firemen pension fund appropriation was \$13,905 in 1959 compared to \$13,341 in 1960. Cost of operating the library was raised from \$30,554 to \$34,589 and vocational school costs dropped slightly from \$40,331 in 1959 to \$40,309 in 1960.

Receipts Estimated
Receipts estimated other than from property taxes amount to \$473,780 in 1960 compared to \$443,150 in 1959. State income tax receipts for 1960 are estimated at \$170,000 compared to \$145,000 in 1959. Contribution from the local utility remained at \$100,000 for both years.

Local and state utility tax receipts are estimated at \$66,800 for 1960 compared to \$62,000 in 1959. Telephone tax receipts are estimated at \$9,000 for 1960 compared to

\$8,400 in 1959, while special assessments to the tax roll, receipts remained about the same for both years. The Advance special assessment 1960 budget shows \$10,000 for collections in 1959 were set at \$4,500 compared to an estimated \$10,000 in 1960. Liquor license fees are estimated at \$3,300 for 1960 compared to \$3,500 in 1959, while state liquor tax receipts were held at \$11,000 for both years. AAAs for bridges, streets and miscellaneous re-

Board Adopts 1960 Budget at Little Chute

Little Chute — The proposed budget for 1960, calling for a \$1 per \$1,000 of assessed valuation tax rate increase for most taxpayers, was approved by the village board Tuesday night. No taxpayers appeared at the hearing to discuss the proposed figures.

The budget for 1960 sets a record high of \$323,457, up \$19,438 over this year. The amount to be raised by a direct tax levy is \$230,634 compared to \$217,922 in 1959.

Three Districts

Because of the unique setup of three school districts within the confines of the village there will be three separate tax rates.

The majority of the residents live in District No. 1

where the rate will be .41 per \$1,000 of assessed valuation. This is \$1 higher than the rate was this year.

District No. 2 will have a rate of .42 compared to .38 this year. This involves persons living in the Kaukauna school district and the increase is a result of a marked increase in the Kaukauna school budget.

District No. 8 property owners will pay .36 per \$1,000 of assessed valuation, a decrease of .02 from the rate this year. The rate reflects lower school district costs.

Anticipated revenues for 1960 amount to \$92,823 compared to \$86,097 this year.

Assessed Valuation
The assessed valuation of the village showed an increase of \$158,705 in the past year. The figure jumped from \$5,620,070 to \$5,461,365. Figured on a \$41 per \$1,000 of assessed valuation rate, the increase in valuation will mean \$6,507 more in taxes for the village.

The overall increase in the budget for 1960 is accounted for by general wage increases for village employees, remodeling of the village hall to relocate the police station, an expanded program of road improvement for next year, a \$3,000 fund for industrial development and possible re-conversion of the village hall heating system to gas.

Wooden Shoe Captures Lead In Kimberly Basketball Loop

Kimberly — Wooden Shoe took over the lead in the Village Basketball league by rolling to a 53-38 win over previously undefeated Dud's Inn. The leaders now have a 3-0 mark while Dud's is 2-1.

The second game saw Connie's bar edge Shy's alleys 40-36 for its first win while the losers are looking for their first win after three starts.

Wooden Shoe and Duds matched points throughout the first period to make the score 10-10 at the quarter but the winners moved to a 14-8 advantage in the second period to take a 6-point halftime lead. The winners outscored the losers by three points in the third frame and then added 14 in the final quarter to eight for the losers.

had 11. The losers were led by Dick Atkins and Sheldon Haase, each with seven points, as nine men shared the scoring.

Connie's Win

Connies built up an early halftime lead and then fought off a last half rally to defeat Shy's. The winners led 10-5 at the end of the first quarter and at halftime had widened the margin to 18-7.

The losers outscored the winners 14-8 in the third frame to cut the margin to 26-21 and then added 15 in the final period to 14 for the winners.

Ken Ver Voort led the winners with 13 points while Ken Masaros contributed nine. The losers were led by Alan Hammen with 16 points, 14 coming in the second half, while Rich Van Hammond and Jerry Vander Velden each had eight.

Policy on Red China Fine, Alsop Declares

Columnist Says Negotiation Feelers Would Give Mao False Sense of U. S. Weakness

BY JOSEPH ALSOP
Washington — In ancient Japan, the emperor and his courtiers were sometimes called the "above the clouds dwellers," to denote their remoteness from the realities of every day life. The phrase nicely describes the well-meaning, intelligent and often highly-placed persons who advocate a new American approach to communist China. This much, at least, of final footnote to the long bout of inquiry across the Pacific just completed. It needs to be said, particularly, because of the signs that some leading Democrats, such as Adlai Stevenson and even the chairman of the senate foreign relations committee, Sen. William Fulbright of Arkansas, are tending towards open advocacy of a new approach to communist China.

At the behest of Sen. Fulbright for instance, a San Francisco public relations firm, Conlon Associates, was assigned to review our Asian policy. The just-published Conlon associates report does not go the whole hog. There is no call for recognition of the Chinese Communists and their admission to the United Nations, but the report proposes a policy of "exploration and negotiation" as the next best thing.

Opinions Changing
Meanwhile, the best opinion is now just about unanimous that circumstances could not be less favorable for any change at all in the American policy towards the Chinese communists. Among the very large group of extremely able Englishmen and Americans who study communist China from the vantage point of Hong Kong, there are many who disapproved of the American China policy when it was adopted. Among the English business leaders in Hong Kong, several even played a leading role in persuading London to recognize the Peking government without waiting for Washington.

More of New 94 to Open

Racine, Kenosha County Section Ceremony Thursday

Another 24 miles of Interstate Highway 94 in Racine and Kenosha counties will be opened at 2 p. m. Thursday after ribbon-cutting ceremonies at the Illinois-Wisconsin state line.

Gov. Gaylord Nelson will preside and Gov. William G. Stratton, Illinois, has been invited.

The program will be presented in front of the "Wisconsin Welcome" sign about a quarter of a mile north of the state line. Arrangements were handled by the Kenosha and Racine Chambers of Commerce, county officials, the state highway commission and the Wisconsin Road Builders association. James E. Meier, Waukesha, district highway engineer, was in charge of the project.

Along Old 41
The highway is built on the location of old U. S. Highway 41. Service roads have been constructed along its entire length, using old 41 whenever possible. There are 13 interchanges and seven other road separations.

The 23.7 miles cost about \$1,000,000 a mile. Nearly 5,700,000 cubic yards of earth were removed, and 197,000 tons of bituminous concrete pavement were used for surfacing the shoulders alone. The prepared surface extends nearly 24 inches from the top of the highway to the former subsurface.

There are 39 bridges along the route and 224 miles of culvert were placed under the road.

The state had to acquire about 900 acres of additional property for the right-of-way, averaging 450-feet wide.

Highway 94 runs from a point six miles north of Detroit, bypasses Chicago, enters Wisconsin south of Kenosha, will run north to Milwaukee, west to Madison, northwest to Hudson, then west to Billings, Mont., where it ends.

Greece to Issue Stamps Marking Hungarian Revolt

Athens — Greece reportedly will issue two postage stamps commemorating the 1956 Hungarian revolt despite a protest from Hungary's communist government.

The airmail stamps go on sale Dec. 6 in retaliation for a Soviet postage stamp bearing a picture of Emmanuel Glezos, editor of a leftist Athens newspaper who was sentenced to five years in prison for communist espionage.

The Greek stamps will carry the picture of Hungarian Premier Imre Nagy, executed for his part in the revolt, and the words "Freedom to the People." A source close to the government said they would go on sale despite the Hungarian protest.

Mince, Pumpkin Pies Are Holiday Musts

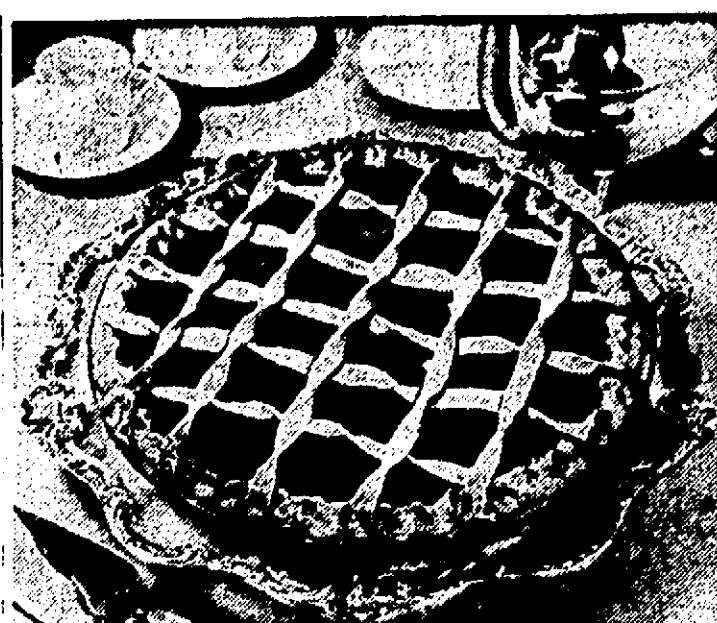

Two kinds of pie are in the musts for the holidays — mince and pumpkin. Roll out second portion so it is the size of plate; with fluted cutter cut into 12 half-inch strips. Weave strips in regular custard-type pumpkin lattice fashion over top of pie. Fold under edges of strips fresh from the oven. Fortify and edge of bottom crust to ately mince meat pie benefits. Bake in 425-degree oven 30 minutes or until brown. For a pretty twirly effect that requires no weaving, cut plain half-inch pastry strips; attach one end of each strip to bottom crust and twist as it is laid over top of pie in lattice pattern.

Added Flavors
Ready-to-use mince meat is convenient and exceptional-ly fine product out many good it is laid over top of pie in cooks like to add to it. We think orange gives extra pleasant flavor and that's what we've put in the following recipe.

Some mince meat - pie experts always add fresh apple, using one or two pared chopped apples for every two cups of mince meat.

Cranberries and mince meat are, of course, an old-time combination. In recent years other nominations for the mince meat team have been canned crushed pineapple and canned or cooked dried apricots.

Holiday Mince Pie
2½ cups sifted flour
1 teaspoon salt
2/3 cup shortening
4 tablespoons butter
5 tablespoons water
3 cups mince meat
2 tablespoons orange rind, coarsely grated
Sift flour and salt into a medium-sized bowl. With pastry blender or two knives cut in shortening until particles are fine. Add butter and cut in until particles are the size of small peas. Sprinkle water over a little at a time and mix lightly with fork until dough holds together; form into a ball, cover and refrigerate about 15 minutes.
In a small bowl mix mince meat and orange rind. Divide dough in half. Roll out one portion into a 12-inch circle; ease into 9-inch pie plate and trim overhang to within one

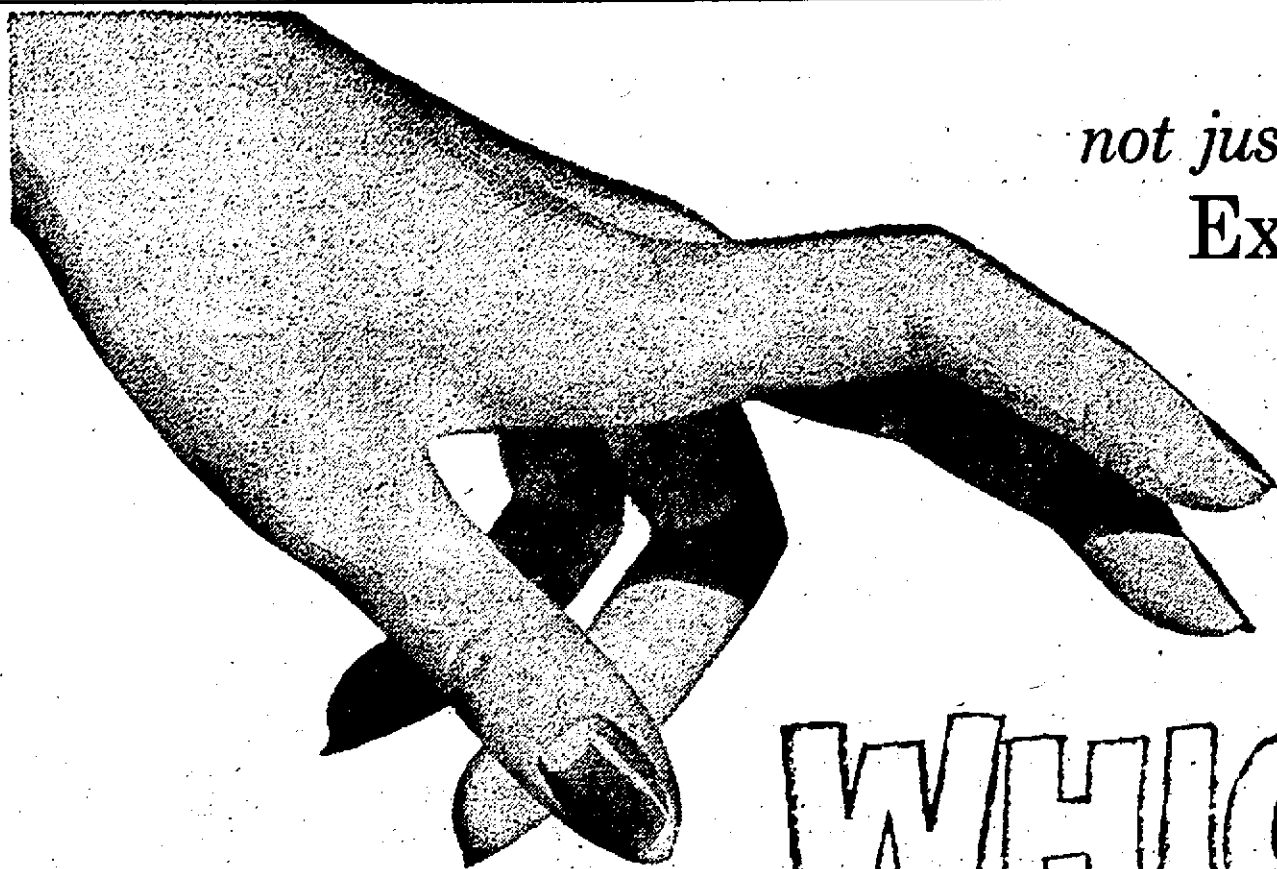

Twirled Pastry strips top this holiday mince pie, made several days ahead of time and popped into the freezer until time to reheat for the festive meal. To follow tradition, mince pie must be brought to the table steaming hot.

Savory Stuffings Easier to Make if These Tips Followed

How you organize the preparation of ingredients and store at room temperature when you fill a bird, cut of meat, fish or vegetables are all part of creating savory stuffings.
For easy doing, preparation may be divided into two steps: work to do the day before the meat is served and work to accomplish on the serving day.
A day ahead dry ingredients may be measured, prepared, such as cutting or tearing bread into uniform-sized cubes or made into soft crumbs. Bread cubes may be prepared, be sure to cover it or store it to keep it from drying out too much. After dry seasonings are measured, wrap all together in waxed paper and store at room temperature.
Other Jobs
Vegetables or fruits may be cleaned, chopped and then refrigerated. For those fruits which discolor, sprinkle with the new packaged ascorbic acid preparation that keeps them fresh and bright for days.
On the day of serving, combine liquid and dry stuffing ingredients at the last minute. It is best to leave the actual stuffing of the meat until just before it goes into the oven. If it is necessary to hold stuffed foods, refrigerate no longer than four hours before placing in the oven.
Another good point to remember about stuffing, never leave it in the bird after the

Swedish Meat Balls
Combine one slightly beaten egg with one-third cup undiluted evaporated milk and three-fourths cup soft bread crumbs. Set aside. In mixing bowl combine one pound ground chuck with one-half pound ground lean pork, one-fourth cup chopped onion, one and one-half teaspoon salt, one-fourth teaspoon each pepper and nutmeg. Add bread crumb mixture and mix well. Roll into 24 meat balls. String three meat balls on each of eight short skewers, and grill five minutes each side, 10 minutes in all.
meal and always refrigerate leftover meat that is to be used in other dishes later or the next day. It is wise to carve the poultry according to leftover uses and store in waxed paper as soon as possible.

Christmas Mail May Get Airline Treatment
Washington —(AP)— Ordinary mail would go by air during the Christmas rush under a Civil Aeronautics board proposal.
The post office wants to do this, but the railroads have opposed the idea. The CAB has given interested parties until Dec. 3 to file notice of objection.
The CAB proposed a rate about half of that paid the airlines for airmail, or about 19 cents a ton-mile.
The airlines had agreed to this rate for December, but indicated they would want a higher rate if they continued to carry ordinary first class mail.

War Hero Saves Buddy From Flames

Long Beach, Calif. —(AP)— A Medal of Honor winner has proved it doesn't take a war to make a hero.

Jackson C. Pharris joined two other men who disregarded their own safety to pull his old navy buddy from a certain flaming death Monday.

The rescued man, Marshall E. Wiegand, 36, was not the first to owe his life to Pharris, 48.

The day the Japanese attacked Pearl Harbor, Pharris, then a warrant gunnery officer, rescued 16 men who were floating in oil or trapped in the U.S.S. California.

He was awarded the Medal of Honor for his heroism. Ironically, Wiegand was also a crewman on the torpedoed battleship.

Monday, Wiegand was working in a gas line trench several feet deep when great flames burst out, apparently touched off by a spark. Stunned, he threw himself to the trench floor underneath the pipe.

Pharris, a pneumatic tool operator, was working with V. O. Lockridge, 63, and B. U. Bredahl, 38, a few feet away.

"I suppose it was instinct from the war—act first and think later," said Pharris.

They ignored the 20-foot-high flames to reach down and grab Wiegand. His clothes were afire but his injuries proved not serious.

The rescuers suffered flash burns on the arms and face. Pharris was inclined to joke about Wiegand's rescue.

"Anything to save an old shipmate," he said.

Pork Supplies High, Prices Economical

Pork supplies continue at high levels — 10 per cent more than a year ago, the American Meat Institute estimates.

Shoppers stretching, budgets to cover Christmas expenses will look with favor on the economical prices on pork. In addition to being an excellent source of proteins, pork is one of the largest sources of thiamine and also supplies important minerals.

Abundance and variety of hams will help them uphold their traditional role at Christmas time. Ham is expected to be attractively priced as a result of this year's large pork supply. The appealing price on bacon, sausage and other pork products should accentuate their holiday popularity.

Beef supplies are increasing slightly, running about 5 per cent more than a year ago.

Minc'd Onion Touch

Flatter a bowl of fish chowder with some instant minced onion added to the soup as it cooks. Use about two tablespoons for a 6-serving recipe.

WHEAT HEARTS

PROTEIN PLUS

HOT TOASTED 40% BRAN

Will it be **Wheat Hearts?** New golden cereal with golden storehouse of Vitamin B₁!

When you pour Wheat Hearts (from the handy pour spout on the package), you'll see the wheat germ—countless flecks of golden brown in each spoonful! And when you eat Wheat Hearts, you're getting Vitamin B₁, which you need each day for healthy, happy living. And Wheat Hearts is so good-tasting, too!

How about **Protein Plus?** Hot oat cereal—ounce for ounce more protein than meat itself!

No, don't skip meat with all its protein—but in the morning you could use a little extra protein boost couldn't you? Protein Plus, a new food discovery, combines concentrated protein from oats and wheat germ. The result is a wonderfully nutritious hot cereal that has a creamy oat flavor with the nut-like taste of wheat!

Perhaps **Hot Toasted 40% Bran?** First time ever—40% bran in hot cereal form!

Here it is at last!—The keep-fit benefits of bran combined with the good, sound nourishment of a hot cereal! Betty Crocker Hot Toasted 40% Bran has an old-fashioned flavor—country kitchen flavor, we call it. It brings to mind the rich, full-bodied taste of stone-ground cereals of long ago. And so good for you!

...and you can serve each for less than 3¢ per serving!

"We think you'll like every one of our new hot cereals. Each supplies a good measure of important nutritional needs; each has its own distinctive, delicious flavor; each costs less than 3¢ per serving. Your only question, like ours, may be: Which to try first? So why not take home all three—let your family decide!"

Vince Showed Confidence in Quarterbacks

Didn't Draft One High; Hackbart Ticketed for Defense

BY ART DALEY

Post-Crescent News Service

Green Bay — The Packers have a highly interesting quarterback program in progress.

The principal actors are Lamar McHan and Bart Starr, with Joe Francis sweating in the wings.

Coach Vince Lombardi emphasized his feelings toward the club's present QB threesome by not selecting a signalist—for that duty—in the draft in Philadelphia Monday.

Doesn't Mind Defense

He nailed Dale Hackbart, the Wisconsin QB and defensive stickout, and ticketed him as a leading prospect in the critical department of defense. Hackbart, despite the glamour of QB'ing, doesn't mind defensive duties and he stated the other day that he's getting to like it.

Dale's chances of breaking into defense would seem better than QB. Safety Bobby Dillon has announced that he'll not return and Em Tunnell, the other safety, may have to limit himself next year due to advanced age.

Good Thinker

Hackbart has shown some of the qualifications for a defensive back in major league football. He's a good thinker and he's a rough player — what Vince's calls "a good football player." And he has the size, 6-4 and 200, plus speed.

McHan was the best quarterback tonic the Packers could get, stepping into a situation that needed something new. Lombardi explained the other day, Starr represented too much of the past and McHan thus gave the Packers a new look and lift that carried to three straight wins.

Then McHan got hurt. The lively Joe Francis, who engineered two wins along the exhibition trail, was the first to be tested—against the Giants in New York. Joe couldn't cope with the Giants' great defense which has been a problem for greater QBs than Pineapple Joe.

Plugs Away

Starr, unhappy and miserable with it all but still plugging away, got his chance in the Bear game. He moved the Packers but couldn't score. He was fine against the Colts the next Sunday but the Bears lost.

The best thing that happened to Bart occurred a couple of days after that Colt game. It was a quote from Vince: "I know now we've got two good quarterbacks."

Starr started the next Sunday vs. the Redskins and won, 21-0, his first major league win after a rough apprenticeship. He won another one five days later—a 24-17 verdict over the Lions Thanksgiving day.

Cannon Named '59 Winner of Heisman Trophy

New York — Billy Cannon, Louisiana State's versatile halfback, is the twenty-fifth winner of the Heisman trophy, given annually by the Downtown Athletic club to the best college football player in the nation.

Cannon's selection in the balloting of 935 qualified electors was announced Tuesday by the trophy committee. He will receive the trophy at a reception and dinner here Dec. 9. Vice President Richard M. Nixon, the guest of honor, will make the presentation.

34 MU Gridders Receive Letters

Milwaukee — Major football letters were awarded to 34 members of the Marquette university squad at the annual grid dinner sponsored by the Knights of Columbus Tuesday night. Numerals were awarded to 30 freshmen.

Wisconsin Guard Marty Gharity (of Shawano) sinks one of his six goals Tuesday night as Butler guard Jim Barrick (30) fails to spoil the shot. Others are guard Larry Ramey (15) and center Ken Pennington (52) of Butler. Wisconsin lost, 88-82, though Appleton's Jack Ulwelling scored 21 points to lead the losers in his first varsity game.

Jack Ulwelling Debuts With 21 Points, but UW Loses

NOTES and NOTIONS

If the Packers have any kind of luck getting the autographs of their two top draftees on contracts, they may finally have the kind of breakaway speed that could make them a title contender in 1960. If you'll go back just 11 months, you'll recall how Iowa's Bob Jeter scorched TV tubes throughout the country with the kind of Rose bowl running that earned him the nickname, "The Jet." The lanky sprinter set two Rose bowl records: the longest run from scrimmage (81 yards) in the history of the classic and a sizzling 194 total yards gained rushing. Jeter could be to the Packers what Lenny Moore is to the Colts and Willie Galimore is to the Bears. This year, Jeter was named an all-Big 10 halfback and just missed making several All-American teams. Ron Burton, another ball-toting whiz, got more honors nationally, possibly because Northwestern was in the national eye for more of the season than Iowa. But, who's to say that Jeter isn't every bit as good as Burton? And, Jeter, who is bigger, could withstand rugged NFL competition better.

We're more familiar with Jeter's exploits in this section of the country, but Tom Moore should have even more potential, since he was drafted first. Moore, who boasts that hard-to-find combination of power and speed, (along the lines of Cleveland's Jimmy Brown), should be another exciting performer to watch. Vince Lombardi and Co. were certainly right in giving drafting priority to speedy, hard-running backs. With the passing game in good shape —quarterbacks Lamar McHan and Bart Starr having come through unexpectedly well and the end picture brighter than ever since the rapid development of Boyd Dowler— swift, breakaway backs alone seem to stand between the Packers and a powerful offense. Dale Hackbart could be QB insurance as well as a good defensive halfback bet. He's got the size and speed that the Bays could use to strengthen their pass defense further. Of course, Hackbart's availability hinges on whether he'd choose baseball as a career (or possibly even listen to the beckoning of the American Football league). If he were to sign with a pro baseball club, Hackbart might give it a whirl for a time before.

Kimberly to Defend Crown Against Strong M-E Field

Plays Host To Clints In Opener

MID-EASTERN CONFERENCE

	W	L	TP	GP
Kimberly	14	0	1079	25A
Two Rivers	11	3	954	431
Shawano	9	5	868	779
Kaukauna	7	7	755	764
Neenah	7	7	735	851
Clintonville	4	10	737	848
Menasha	4	10	728	875
New London	0	14	638	1026

BY GEORGE MANCOSKY

Post-Crescent Staff Writer

Neenah — Kimberly, which breezed through 14 league opponents without a loss last year, opens defense of its Mid-Eastern conference title Friday night at home against Clintonville.

Neenah is at Menasha, Shawano at Two Rivers and Kaukauna at New London in Friday's other scraps.

Every club has at least four returning lettermen and if their performances in pre-league games to date are accurate measuring sticks, a torrid race is in prospect.

Had Similar Role

Kimberly, with five of last year's top six players back in the fold, naturally is favored. The Papermakers had a similar role last year and didn't disappoint. The field can, however, take consolation in the fact that Kimberly already has one setback while last year the first blemish didn't appear until the first game of the state tournament in March.

Kaukauna has seven lettermen including scoring champ LeRoy Weyenberg. The 1958-59 Ghosts had a 7-7 record, their best in some years. Two Rivers, though small, also has seven returnees. It has romped over two Fox Valley conference representatives—Manitowoc and Sheboygan North.

Neenah lists only four returnees but has good height and speed and has run roughshod over three non-league opponents. Menasha is improved and Clintonville and New London have boys who gained valuable experience last year after their teammates were dropped for disciplinary reasons.

Shawano Weaker

Shawano figures to be weaker but still dangerous. Phil Timm, last year's top scorer, has transferred to Menominee Falls.

Weyenberg and Kimberly's Don Hearden and Darrell Jansen finished 1-2-3 in the

Turn to Page 3, Col. 3

Alex Olmedo Has Joined Pro Ranks

Los Angeles — Alex Olmedo, hero of the United States 1958 Davis cup victory, has turned professional.

He will make his pro tennis debut Dec. 26 in Melbourne, Australia, and his U.S. bow in Los Angeles' Sports arena Jan. 26.

Weyenberg, Borchardt Combine for 53 Points As Ghosts Beat Fondy

Kaukauna Shoots at 47 Per Cent in Recording Third Successive Victory

Fond du Lac — A hot-shoot field goals, the Ghosts opened up an early lead and never trailed. Center LeRoy Weyenberg and guard Bill Borchardt combined for enough points to surpass the Fondy total themselves. Between them, they had 53 markers as Weyenberg hooked in 31 and Borchardt netted 22.

Shiocton Quint Hands Foxes 48-42 Setback

Free Throws Decide Contest; Bartmann Leads Scorers

The Shiocton High school basketball team used free throw supremacy to fashion a 48-42 victory over Fox Valley Lutheran here Tuesday night. The Chiefs, who were outscored, 16 to 12, in the field goal department, dropped in 24 of 42 free throws. They took advantage of frequent fouling (29) by the Foxes, who used a press for the last three quarters.

Only One Basket

Shiocton jumped off to a 14-5 first quarter lead, as the Foxes managed only one basket. The hosts outscored the Chiefs during each of the next two periods and came within one point (36-35) early in the fourth quarter.

The Chiefs pulled away again, but Ron Olm's lay-up closed the Foxes' deficit to 42-40 with 2:42 left to play. The Chiefs then widened their lead to preserve the win. FVL's Rog Bartmann, hitting frequently from around the free throw circle, poured in 22 points for game scoring honors. John Johnson led Shiocton with 17 points, 11 of which came from 16 free throw tries.

Fox Lutheran made good on 10 of its 20 chances from the foul line.

Shiocton—18	Fox Lutheran—42
FG FT F	FG FT F
Conrad 2 4 1	Schmidt 2 2 5
Johnson 3 11 3	Bartmann 9 4 4
Schwandt 3 3 3	Kitowski 0 0 5

Shiocton 14 11 17	12-48
Fox Lutheran 8 14 14	9-42

Turn to Page 2, Col. 7

Knocke Tops Vike Scorers With 17 Points

Chicago — A University of Chicago field goal in the final 12 seconds Tuesday night handed Lawrence college a 59-57 basketball defeat. For the Vikes, who "specialized" in narrow losses a year ago, it was a disheartening 1958-59 season opener.

Knocke

Gray Slices Lead

Thrills aplenty were packed into the final two minutes as the Vikes tried to pull out a victory. With 2:00 left, George Gray sliced the Maroon lead to 55-54 by stealing the ball and dropping in his only field goal of the night.

Chicago's Pearson retaliated with a basket to stretch the margin to three points. But, Jim Rasmussen sank a free throw for the visitors. With the Maroons again in possession, Jim Jordan stole a pass and drove in for the tying basket.

Knocke Scores 17

The deadlock was shattered momentarily as Chicago's Woods popped in the winning basket. The Vikes took time out with 8 seconds left but failed on their final drive at the basket.

Hitting eight out of 10 shots from the floor, Chicago's Tor-en took scoring honors with

Unitas Has Tight Lead Over Morrall in NFL Passing Derby

Carpenter Paces Punt Returners; Symank 5th in Kickoff Runbacks

Philadelphia —(AP)— Lew Carpenter, Green Bay Packer safetyman, leads the National Football league in punt returns with 128 yards on 11 returns. His average is 11.6 yards and his longest return is 51 yards.

John Symank of the Packers is in fifth place in kickoff returns with 309 yards in 13 runs for an average of 23.7. His longest run was 39 yards. John Sample of Baltimore is the league leader in this department with 286 yards and a 28.6 average.

Paul Hornung, Green Bay halfback, is No. 4 in the scoring column with four touchdowns, 22 extra points and six field goals for 64 points. Pat Summerall of New York is the top scorer with 74 points.

No. 7 Punter Max McGee of the Packers is seventh among the punters with 55 punts for a 42.0 average.

The Packers, who meet the Rams on the West coast next Sunday, trail the Los Angeles team in both rushing and forward passes completed, the National league statistics show.

The Rams have 3,541 yards

Jimmy Brown Continues to Top Rushers

Philadelphia —(AP)— A fraction of an inch separate the two leading passers today in the National Football league.

Johnny Unitas, the Baltimore Colts' great quarterback, grabbed the passing lead over Detroit's Earl Morrall by the tiny fraction—actually one ten thousandth of a yard on the average gain per pass.

Unitas, fourth in the NFL standings a week ago, has thrown 304 passes and completed 159 for 2,516 yards—an average gain of 8.2763 yards. He has a completion percentage of 52.3 and 26 of his aerial hits went for touchdowns. The TD mark is only two short of the NFL record set in 1934 by Sid Luckman of the Chicago Bears.

Morrall has thrown 165 passes, completed 48 for 869 yards—an average gain of 8.2762.

114 More Yards Jimmy Brown, Cleveland's sparkling runner, picked 114 more yards last week to increase his total yardage to 1,127 in 242 attempts. This is an average gain of 4.7 yards per carry. Brown now is 400 yards behind his record-breaking performance of last year.

The official statistics place San Francisco's J. D. Smith in second place in ground gaining with 816 yards gained on 176 attempts for a 4.6 yard average. Among the leaders, Cleveland's Bob Mitchell has the best average—picking up six yards on every run.

Baltimore's Ray Berry is the NFL's No. 1 pass receiver. He's caught 38 for 895 yards and 10 touchdowns. His teammates, Lenny Moore and Jim Mutscheller, are second and fifth in the catching department. Moore has caught 38, Mutscheller 35.

The NFL's top scorer is Pat Summerall, New York's field goal specialist and point after touchdown kicker. Summerall has 74 points on 23 extra points and 17 field goals. Brown is second with 72 points on 12 touchdowns, while Bobby Joe Conrad of the Chicago Cardinals has 67. Don Chandler, of New York, leads the punters with a 48-yard average on 47 boots. Detroit's Yale Lary has 46.9 yards average on 35 kicks.

DeJohn Gains Unpopular 10-Round Win

London —(AP)— Lanky Mike DeJohn of Syracuse, N. Y., gingerly felt his wounds today and decided it may be a couple of months before he gets back into the ring after being battered by boos and hard right-hand shots by Welshman Dick Richardson Tuesday night.

After a pair of impressive

They'll Do It Every Time

Philadelphia Sidelights

Bays' Draft List Followed Selections Of Other Clubs Right Down the Line

BY ART DALEY

Green Bay — Philly left-overs. The real success of the Packers' 1960 draft won't be known until the league opener next September. But, Vince Lombardi was happy to note that the Bays' draft list followed the selections of the other clubs—as a group—right down the line. After seven rounds, the Packer lists—by position—had checkoffs behind the names of each selected player practically in the same order they were rated by the Bay coaching staff and Jack Vainisi and Verne Lewellen.

This proved to Vince that the Packers' method of ferreting out and rating the prospects is correct. And that's a compliment for Vainisi who has come in for some criticism in the last several years. Lombardi sat between Vainisi and Phil Bengston at the Packer draft table and they worked smoothly, discussing quietly this player or that player and picks taken by other clubs. Some clubs had eight or nine choices.

In Operation The highly-efficient Ram scouting system was in operation next to the Packer table, which means one Eddie Kotal, the onetime helmetless Packer, who is the only full-time scout in the league. "This complete draft early like this has thrown off my timing," Kotal pointed out, "but I suppose you get used to doing it in January. I can't get on the track."

(Kotal was a backfield star at Lawrence college in the 1920s before playing with the Packers, and later went on to coach at Lawrence and Stevens Point State college.)

The Rams, of course, were off to a good start, getting the

first pick and selecting the country's No. 1 player—Billy Cannon. Halfback Billy was present and that represented a victory for the NFL over the American league. "For one thing I've always wanted to play with the Rams ever since my high school days. For another, I don't want to miss any pay checks. So I want to be in the National league," he said.

The Rams have him sealed but they can't announce it yet since Cannon has a date in the Sugar bowl.

Seemingly, the most forlorn gent at the draft was Sid Gillman, the Ram coach who is on his way out. But Gillman is active in the drafting of LA futures with Kotal and he found time to quip: "I think the Rams would like to draft a new coaching staff."

There is some speculation that Bob Waterfield will replace Gillman. And there's a report that Lou Rymkus, the Ram line coach who did same with the Packers, is seeking a job with the Los Angeles Chargers of the new league, thus joining up with his old coach, Frank Leahy, who is charger GM.

Quote of the Day: Lombardi was present to help honor his former pupil, Charley Conerly, at the Giants' Conerly day victory in New York Sunday. When Vince walked into the NY dressing room after the game, a writer greeted Vince: "Welcome back, I knew that job wouldn't last out there."

Paul Brown said "Billy Howton is doing fine for us. I guess that deal helped both of

Final Shots Today

Horicon Marsh Goose Kill Set at 24,000

BY JAY REED

Post-Crescent Outdoor Editor Waupun—Gunners in the bleak blinds here at Horicon marsh today squeezed off the final shots of the 1959 managed goose hunt.

The season ended prematurely under the weight of a record kill estimated roughly at over 24,000 birds, highest on record. Shooting opened Oct. 15 and was not scheduled to end until Dec. 15.

Wisconsin shooters, of course, didn't kill off all the geese on the great national wildlife refuge which sprawls in snowy, wind-whipped splendor here. This writer hunted the refuge Tuesday as a guest of Ralph Raiche, route 3, Appleton. We canned one big honker but couldn't get a second.

Kaukauna Five Beats Fondy

Continued From Page 1

that put the game on ice. Kaukauna rolled in 20 points as the losers were limited. At one time in the quarter the Ghosts opened up a 23-point bulge.

With three regulars fouling out and reserves seeing some action, the Kaukauna point total faded in the final period. Fond du Lac came to life and pushed in 17 while Kaukauna had eight to cut the margin down.

John Brown was the scoring leader for the losers with 16, followed by Jack Nussbaum with 10.

Kaukauna—55	Fond du Lac—52

more from Columbus, grabbed scoring honors.

Terry Dischinger, 6-6, sophomore from Terre Haute, Ind., and Darrell McQuitty, a 6-5 newcomer from Elwood, Ind., took command for Purdue.

Dischinger scored 24 points while McQuitty was runnerup with 13.

Even in defeat, sophomores provided what spark Wisconsin could muster. Jack Uwellling, a rookie from Appleton, Wis., fired in 21 points for the Badgers and newcomer Marty Gharrity of Shawano, Wis., added 17.

We gathered our gear and took a few pictures just before the close of shooting and, as we walked back toward the car with our guns cased, a 'one honker swept in marshward honking plaintively in the growing cold looking for a mate it would never see again.

At that moment, at least, I was glad the season "as nearly over.

Dick Plamann blasted a 587 triple for the Winstons in the latest session of Cigaret Couples league bowling at Twelve Corners. The Camels won three games and took over the solo lead by one game.

Banner Season Begins for Fox Cities Area Cage Fans

Continued From Page 1

fore deciding whether to stick with it or report to the Packers. Bernie Parrish's decision to leave the 3-I league and join the Cleveland Browns is a case in point.

The Madison West High School basketball team that played here Saturday night is a bit taller—on the average—than this season's University of Wisconsin starting five.

For the thousands of basketball devotees in the Fox Cities area, 1959-60 shapes up as a banner season. Many observers have said they can't remember when there were so many good, big teams in the area at one time. And, unless all signs are misleading, slam-bang races await customers in both the Fox River Valley and Mid-Eastern conferences. Oshkosh is the narrow favorite in the FRVC, but Central, West, Manitowoc and Appleton will also be in the thick of it—and anyone of them could take it all. Kimberly is the M-E's logical favorite, but it won't romp by any 3-game margin this time. Neenah, Two Rivers and Kaukauna—not to mention Shawano and Menasha—will be rough customers, with good prospects of upsetting the title form chart. Each conference seemingly will have a regular diet of one or two big games each weekend. The odds are good that the eventual champion (or champions) of each conference will lose three, or even four, games. With that many crucial games to prepare for, more than one prospective contender figures to have a fatal let-down against one of the also-rans.

In addition to the teams of the M-E and FRV conferences, other area quints will provide exciting basketball. There's Menasha St. Mary, which is featuring another high-powered team. There's fast-moving young Appleton Xavier, which is cooking up one of the area's top teams of the near future. And, there's Lawrence's Vikings, who should be the college's best team in years and years.

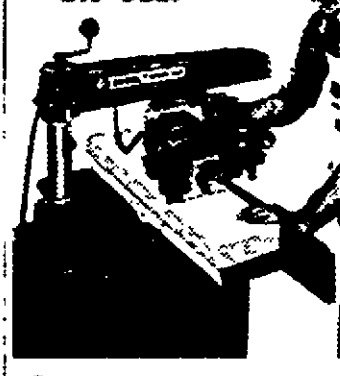

Appleton's Dick Koepke, who has just won all-College Conference of Illinois honors, is one of the few gridders called upon to write up his own team's games. The big sophomore tackle has been working as sports editor of the Lake Forest college paper. Fortunately, Dick did not have to chart statistics, or he might have been a mighty busy lad during huddles.

Report Yankees Offered Bauer and McDougald to Braves for Spahn

Cubs Send Thomson to Bosox for Al Schroll; Cardinals, Orioles Exchange Nieman, Green

BY JOE REICHLER
St. Petersburg, Fla. — (AP) — The Los Angeles Dodgers and Milwaukee Braves, spurred to action by San Francisco's deal with Baltimore that brought the Giants pitchers Billy O'Dell and Billy Loes, also are eyeing the American league for player help.

The Dodgers huddled for three hours with Washington Tuesday night hoping to pry loose slugger Roy Sievers. At

Thomson Schroll

The same time the Braves were bartering with the New York Yankees for second baseman Gil McDougald.

More Conferences

The Dodgers planned more conferences with the Senators at the minor league sessions here while the Braves have scheduled another meeting with the Yankees at the major league convention next week.

The Dodgers offered outfielder Ron Fairly, shortstop Don Zimmer and pitcher Clem Labine for Washington's Sievers, pitcher Russ Kemmerer, and a choice of three second basemen — Reno Bertoia, Billy Conzolo and Ken Aspromonte. The Senators were holding out for outfielder Don Demeter as a substitute for Fairly.

Los Angeles, after several preliminary proposals, finally substituted Fairly, the \$80,000 bonus collegian from Southern California, and Labine for southpaw Danny McDevitt.

Milwaukee has offered Carleton Willey, a young right-hander, for McDougald. The Yankees, preferring a left-hander, offered McDougald and veteran outfielder Hank Bauer for Warren Spahn, still the top southpaw in the majors despite his 38 years.

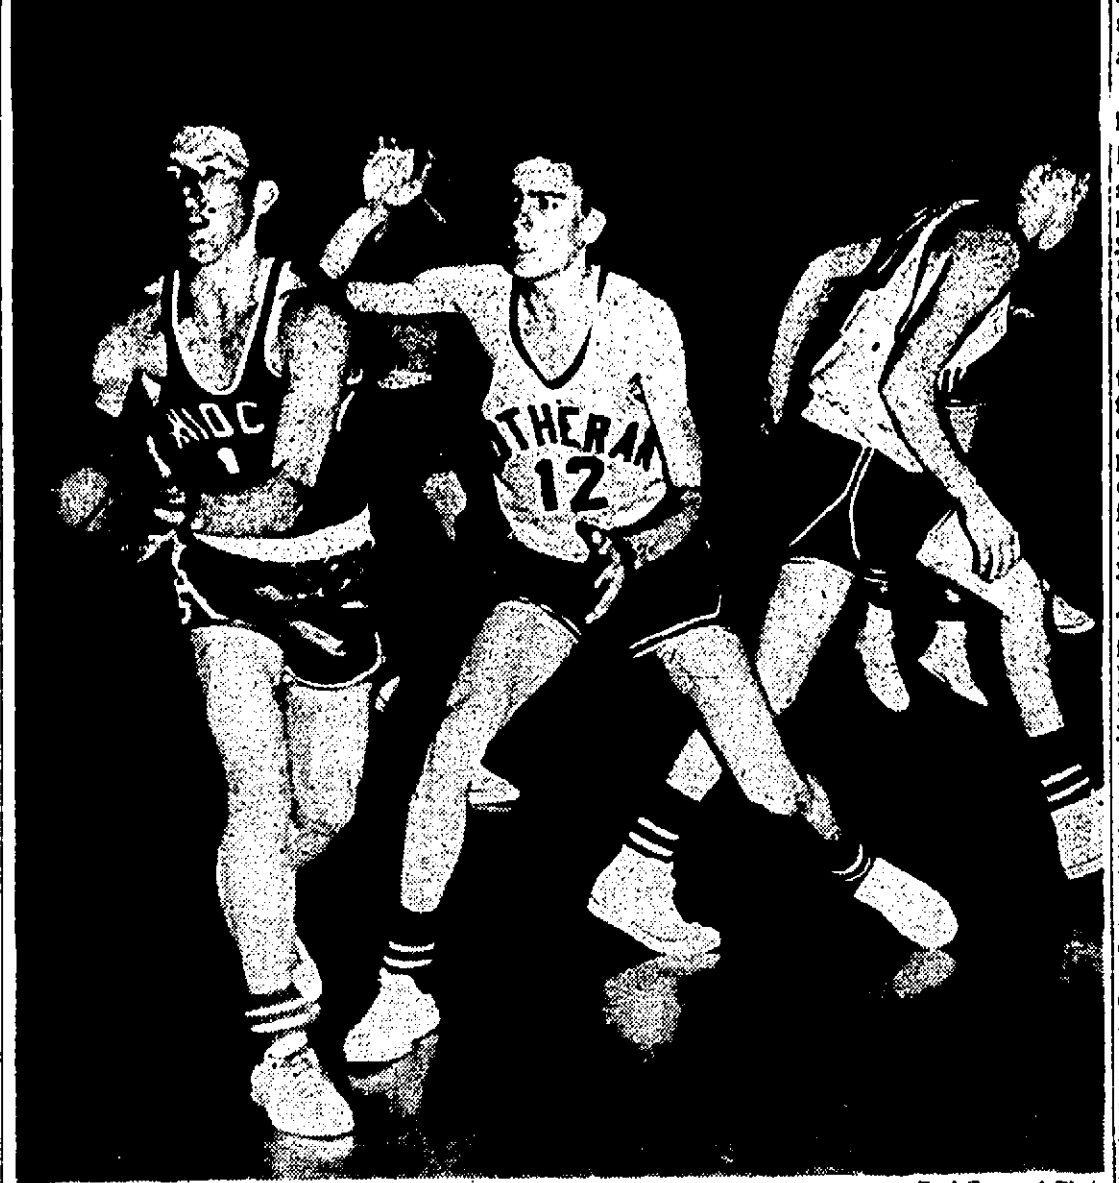

The Giants, seeking to bolster their infield, offered southpaw Johnny Antonelli and second baseman Daryl Spencer to St. Louis for right-hander Larry Jackson and second baseman Don Blasingame. Cardinal Manager Solly Hemus acknowledged he had given the proposition "some thought" but turned it down.

The Chicago Cubs and Boston Red Sox completed their second deal since the inter-league trading period went into effect Nov. 21. The Cubs sent outfielder Bobby Thomson to the Red Sox for pitcher Al Schroll. Thomson, 36, batted .259 with 11 homers. Schroll had a 1-4 record after his recall from Minneapolis last July.

The Cardinals announced today the trade of catcher-outfielder Gene Green to the Baltimore Orioles for outfielder Bob Nieman.

The long-rumored deal was not announced until today.

Sacramento, Calif. — Auburn Copeland, 1321, Los Angeles, outpointed Ray Riojas, 1351, Fort Worth, 10.

Shiocton's Earl Conradt (11) is guarded by Fox Valley Lutheran's Roger Bartmann (12) in this second half action Tuesday night in the Foxes' gym. FVL's Jack Kitowski (30) moves away from the play in apparent anticipation of pass. Shiocton won, 48-42.

Kimberly Will Open Title Defense Friday

Continued from page 1

scoring race last year. Weyenberg won out by 12 points in the final week of play. In addition, 11 other boys who made 100 or more points are back. The top-scoring senior was Kimberly's Jack Lamers, who finished fourth.

For the first time in some seasons there aren't any new coaches. Neenah's Ole Jorgensen, commencing his third

league championship," Sebo said. "It's a great thing they have done."

For five years Sebo led losing and mediocre teams. But Tuesday night he celebrated a 7-1-1 season, the best at Penn in 12 years, and a championship.

A few hours before, Dr. Gaylord P. Harnwell, university president, announced his dismissal and the hiring of John Stiegman, head football coach at Rutgers the last four years. Dr. John Bateman, Penn line coach for three seasons, got Stiegman's job.

Kimberly Will Open Title Defense Friday

ty-fifth season ranks as dean. Other returnees are Gil dean. Other returnees are Gil dean. Other returnees are Gil dean.

Kimberly — Kimberly's five lettermen scored 798 of the club's 1,079 conference points. Hearden had 256; Jansen, 249; Dave Minten, 136; Tom Rooyackers, 112; and Jeff VanderVelde, who was the sixth man, 45. Frank carried seven sophomores last year, some of whom saw both varsity and jayvee service.

The Papermakers downed Appleton, 74-72, in three overtimes before bowing to Sheboygan Central, 59-56. Last year's junior varsity

squad had an 11-3 record for first place.

Two Rivers — The Raiders have experience but lack size. Dave Belonger (6-2), who scored 17 points after being moved up from the JV's, is the tallest. Other returnees are Tom Lawrence (115), Don Koprowski (110), Al DeRusha (59), Jim Beckner (47), Gene Panosh (37), Jeff Bocher (32) and Lee Raddatz (25).

After a 61-57 win over Plymouth, the Raiders whipped Manitowoc, 50-35, and Sheboygan North, 79-49. Last year's jayvees finished with a 9-5 record.

Shawano — The Indians have two tall boys in Ron Hoppe and Scott Pickart, both between 6-3 and 6-4. Hoppe scored 156 points and Pickart 28. The latter played part time with the jayvees. Other lettermen are Guy Booth (87) and Bill Krenger (34). Timm tallied 186.

Shawano lost to Antigo, 45-39, in its first start but evened its slate with a 66-48 win over Oconto last week. It

plays Marinette Saturday night. The 1958-59 jayvees had a 9-5 record.

NEENAH — The Rockets have two prolific scorers in Dick Wilson and Jack Ankerson, both of whom tallied 139 points in league play last year. Other returnees are Paul Felton and Tom Smith, who had 82 and 78, respectively.

Neenah has a tall squad, topped by 6-3 sophomore center, Dave Burton. The Rockets are averaging 76 points per game in defeating Fond du Lac, 64-54; Wisconsin Rapids, 86-64; and Ripon, 79-60. Neenah's jayvees were 6-8 a year ago.

CLINTONVILLE — The Truckers have one of the conference's best all-around athletes in Leon Westphal, all-league football player and a 4-year basketball regular. He scored 181 points last year.

Other returnees are Jim Petcka (87), Jim Sutliff (71), Mike Zingler (33), Harry Blum (24) and Dick Bennett (20). The jayvees posted 9-5, although it lost several starters to the varsity early in the season. The Clints lost to East Green Bay, 40-38, but won over Waupaca, 66-55.

Kaukauna — Weyenberg scored 288 points last year. Other returnees are Myron Zachowski (116), Bill Borchardt (56), Jim Steger (54), Ken Kavanaugh (45), Mike Landerman (23) and Harry Gast (6). Weyenberg, Zachowski and Borchardt are playing their third year on the varsity.

The returnees made 588 of last year's 755 conference points. The jayvees had a 4-10 record. The Ghosts defeated Wausau, 68-63, and She-

ryan North, 68-45 in their
second two starts.

Menasha — Dave Ristau
(67) and Bill Ritchie (74),
quarterbacks as sophomores last
year, head the returnees.
Ristau is 6-3. Ristau was the
league's top scoring sopho-
more. Russ Wendt (98) is out
definitely as the result of a
kneecap injury. Other veter-
ans are Jim Stenson (39), Bill
Orange (11) and Jay Drzwic-
ko (2). The latter has scored
points in three non-league
games.

In non-conference play, the
Jays downed West De Pere,
49-40 and lost to Manitowoc,
58-50, and Appleton, 57-56.
Excessive fouling has been a
big problem. Menasha
had an 8-6 jayvee record last
season.

New London — The Bull-
dogs have only two seniors,
Tom Laux, about 6-2, who
scored 130 points last year
and Paul Werner (63). Other
returnees are Don Hanold
(71), Gary Herres (78) and
Mike Herres (44).

Freshmen and sophomores
made up the New London
rally most of last year. The
jayvees were winless in 14
starts. Transfers Dick and
ave Emerich of Appleton are
expected to help.

Robertson Hits 45 Points in Opening Win

Bearcats Romp, Jerry West Tallies 21 for West Virginia

By The Associated Press

Oscar Robertson and Jerry West All-America basketball players last season who have been heralded as surefire repeaters, started the 1959-60 season as if they intended to clinch their places in the opening games.

As usual, Cincinnati's Robertson had the statistical edge over his West Virginia rival, although neither had to work very hard as their teams won easily.

Big Oscar contributed 45 points to Cincinnati's 107-62 victory over outmanned Indiana State. He tapered off after making 25 in the first half, but finished with 23 rebounds and 10 assists to his credit, topping both teams in everything. West, playing only about three quarters in West Virginia's 93-78 victory over Tennessee, accounted for 21 points and 22 rebounds and played ably on defense.

Win Impressively

Kansas State and Kentucky, rated first and second in the nation in The Associated Press poll last season, started the new campaign with such favorites as North Carolina State, St. John's (N.Y.), Ohio State, Purdue, Northwestern, Louisville and Louisiana State.

It was the first night of the new season for teams that come under NCAA regulations and there was plenty of action on all fronts.

Kansas State Coach "Tex" Winter used 17 players in an 85-52 victory over South Dakota State. Kentucky's Adolph Rupp called on 15, including Adolph Rupp, Jr., to beat Colorado State college, 106-73. N. C. State overcame Penn State's stubborn zone defense for a 55-49 victory over San Francisco.

Stops Constipation Due to "Aging Colon"

New laxative discovery re-creates 3 essentials for normal regularity.

As you grow older, the internal muscles of your colon will also age, lose the strength that propels waste from the body. Stagnant bowel contents become so dry and shrunken that they fail to stimulate the urge to purge.

Relief, doctors say, lies in a new laxative principle. Old-style bulks and moisteners may create gas, take 3 or 4 days for relief. Old-style salts and drugs cramp and gripe the entire system. Of all laxatives, only new COLONOID gives you its special 3-way relief that works only on the lower colon (area of constipation).

Menasha, Roosevelt Defend Title

3 Frosh League Games Slated Here Thursday

FOX VALLEY FRESHMAN LEAGUE (Final 1958-59 Standings)			
	W	L	Pct.
Menasha	8	2	.800
Roosevelt	7	3	.700
Kimberly	7	3	.700
Neenah	7	3	.700

Appleton's three Fox Valley Freshman Basketball league members play at home Thursday afternoon as the circuit opens its 1959-60 season.

Roosevelt welcomes Neenah, Kimberly plays at Wilson and Kaukauna is at Madison. Menasha, which shared the 1958-9 crown with Roosevelt, is idle, and opens its season at Kimberly a week from Thursday.

Picks Starters

Roosevelt Coach Rollie Winter has picked a starting lineup which includes no 6-footers and averages a bit over 5-8. At the forwards will be 5-10 John Notebaart and 5-11 Jerry Alvin while 5-10 Mike Woehler is the center. Dick Schroeder and Dave Doerfler, both 5-6, are the guards.

Others who will probably see action include guard Tom Toonen and forward John Goehler. The veteran Winter has 16 men on his squad from an original turnout of about 35. Wilson has 6-5 Jim Swanson, but no other height. Swanson, who started to develop last season, will open at center. The forwards will be two of these three: Dick Bunn (5-7), Jerry Lucas, whipped Wake Forest 77-69. St. John's, last season's National Invitation tournament winner, trimmed Bridgeport, 90-66.

Tech overcame Duke, 59-49, LSU beat Florida State, 89-78, Alabama defeated Mississippi Southern, 82-72, and Louisville beat Furman, 87-68.

Utah State whipped Idaho State's Rocky Mountain conference champion, 86-87, Montana beat Idaho, 71-67. Stanford had to go overtime for a 55-49 victory over San Francisco.

Jerry Bishop (5-8) and Tim Kranzusch (5-7).

At guards will be 5-4 Jim Iale and 5-5 Alan Krabbe. Others who are expected to see action are 5-4 Ralph Schwartz and 5-3 Bob Malweg, both guards.

Carries 16

Coach Bill Radke is carrying 16 players from a original squad of about 31.

Coach Sherwood Russell at Madison hasn't had his entire club together at any one practice because of illness. The starting guards Thursday will be 5-5 Ken Krieser and 5-6 Tom Heller with 6-0 John Kraemer at center. At forwards, will be two of these three: 5-10 Les Simser, 5-10 Danny Urban or 5-8 Rick Schuster.

Guards Rick Johnson, Ralph Schultz and Dave Gendron are other near-regulars. Russell has kept on the squad all 14 boys who tried out.

The schedule:

December 3
Neenah at Roosevelt.
Kimberly at Wilson.
Kaukauna at Madison.

December 10
Menasha at Kimberly.
Madison at Neenah.
Wilson at Kaukauna.

December 17

Braves Pick Adair As Supervisory Scout For Milwaukee Area

Milwaukee — The Milwaukee Braves Tuesday named Marion "Bud" Adair as supervisory scout for the National league club's home area.

Adair, 43-year-old former infielder who has won six pennants in 11 years of minor league managing, will move his wife and two daughters to Milwaukee from Montgomery, Ala., to take over the assignment.

Post-Crescent Photo

James Bohren, 12, Son of Mr. and Mrs. Derold B. Bohren, 1519 N. Elinor street, is recovering from the latest of a series of bad luck incidents. In 1955, he had left leg was paralyzed by polio. A month ago, he had to have an appendicitis operation. Monday, he fell and broke his left leg just above the brace. His parents offer encouragement to the lad in his bed at St. Elizabeth hospital.

NEWS of the FOX CITIES BUSINESS & INDUSTRY

D. C. Verson, president, rector of finance. The changes are effective Jan. 1.

Verson Allsteel Press company, Chicago, has announced a appointment of Harry L. Reynolds as vice president in Detroit for and district Lederle Laboratories division of American Cyanamid company, has been appointed regional manager of Lederle's midwest region.

Reynolds joined Verson in 1936 as a design engineer. He has also served as chief engineer, manager of the hydraulic division, and most recently as vice president in charge of the hydraulic division.

James B. Godfrey, Detroit, has been named assistant to the president of Steffke Freight company, Wausau. Godfrey also will continue as president of Great American Transport, inc., Detroit. Both Great American and Steffke are managed by Spector Freight system, inc., under temporary authority granted by the Interstate Commerce commission. Steffke operates a Fox Cities terminal.

Godfrey is a mechanical engineering graduate of the University of Wisconsin.

George T. Ward, vice president of International Paper company, has been named to the executive staff. He will assist Lamar M. Fearing, executive vice president, in operation of the southern kraft division.

Roy H. Jordan, vice president and director of personnel of J. C. Penney company, was named to the newly-created position of executive vice president. Frederick L. Finnegan, planning and research head, was named to the new post of vice president and di-

with a store in Wisconsin Rapids, acquired two additional department stores last August in Oshkosh and Manitowoc. Before acquisition, they operated under the name "Boston store".

Lloyd Doerfler, 45 Welmar court, president and manager of Appleton Yellow Cab company, has been elected to a 2-year term as a director of the Wisconsin Association of Taxicab Owners.

Mr. and Mrs. Robert N. Hartjes have won an all-expense paid trip to a northern Wisconsin resort in a "quota buster" contest sponsored by the Appleton agency of Massachusetts Mutual Life Insurance company.

Dispute Claim Of Revere's 'North Church'

Pastor Says His Congregation Is Deserving of Honor

Boston —(AP)— Paul Revere stood on the dark Charlestown shore his eyes fixed on a church steeple across the harbor. One if by land, two if by sea was the code which would tell him how the British foe approached. Finally two lanterns glowed and he was off on an equestrian mission celebrated down the years in song and story—the midnight ride of Paul Revere. That was back in 1775. Now, 184 years later, the question is rife as to identity of the spire.

New Claim
The Rev. John Nicholls Booth says the Second Church, Unitarian, deserves the distinction, and the designation "Old North Church." He told his congregation the honor does not belong to Christ Church, Protestant Episcopal long known as the Old North.

Dr. Booth gave numerous reasons and said many more can be found in his new book, "The Story of the Second Church."

In Revere's day, the Second Church was located in the north end, close to Christ church, but now is situated in the back bay section. The Rev. H. P. Kellett, vicar of Christ Church, still in the north end is undisturbed by his colleague's claim. "I'm not going to get involved in a controversy I know nothing about," is his position. "We're getting ready for Christmas, you know, and I'm not interested in lanterns."

Not Involved
Paul Revere, great-grandson of the hard riding patriot, goes along with the ministers:

"I don't know the whole background and I don't want to get involved." However the dispute may evolve, one thing is certain. Youngsters in the north end—Boston's little Italy—will continue to recite Longfellow's "Midnight Ride of Paul Revere" with a soft inflection in small voices for small fees.

Plans Commission To Meet Thursday

The Fox Valley Regional Planning commission will meet at 8 p.m. Thursday at the Grand Chute town hall. Major items of business include a financial report by Nick J. Jansen, treasurer, and election of a vice-chairman to serve until the next annual meeting.

S. E. Freschl Named Red Cross Regional Fund Drive Chairman

Stephen E. Freschl, 1507 W. Lorain court, has been appointed Red Cross regional fund chairman for the north-eastern Wisconsin area by former Gov. Vernon E. Thomson, Wisconsin vice chairman for the 1960 county campaign.

Freschl Freschl is president of Freschl Products, Inc. and served as Outagamie county membership and fund chairman this year. William Selle is chairman of the 1960 county campaign.

Freschl, also a member of the executive board of Outagamie county chapter, will use a committee of volunteers to advise and assist 17 Red Cross chapters in this area in planning the campaign in March. Appointments to this committee include H. M. Harney, Green Bay, Julius Stangel, Kewaunee, and Kenneth Meyers, Oshkosh.

AHS Orchesis Taps 13 Girls

Orchesis, modern dance group at Appleton High school, has 13 new members as a result of tryouts.

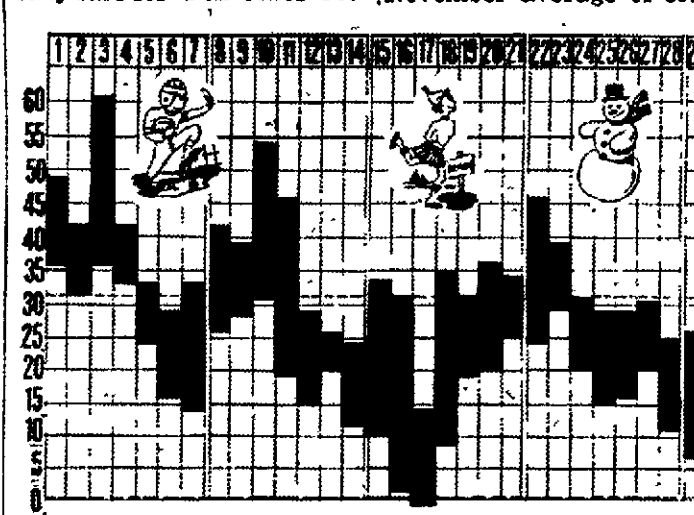

Each girl presented an original dance. Selections were made on the basis of creativeness, originality and interpretation.

Of the thirty-seven girls who tried out, those chosen for membership were Ann Grupe, Chris LeDain, Penny Brownell, Lois Cotton, Barbara Defoe, Carol Beaman, Barbara Kriek, Mary Weyenberg, Sherry Martinek, Natalie French, Sandy Hale,

Month Abnormal

November Snowfall Breaks All Records in Fox Cities

Snowfall for the month of November broke all records. The monthly total was the greatest since records have been kept, starting in 1926. Abnormal weather was daily fare for Fox Cities residents.

dents. An abundance of cloudy days accented record low temperatures and wind.

Snowfall of 16.8 inches for the month was more than 12 inches above seasonal normals, even though the melted total was below normal. Four inches fell on each of three separate days.

Freezing occurred every night except three early in the month. On the other hand,

Outagamie County March of Dimes fund campaign chairmen inspected one of the contribution placards to be used during the January fund drive. The chairmen met at a kickoff dinner at Butte des Morts golf club Tuesday. Featured speaker was Harlan Hunger, Wausau, second from right, National Foundation representative in northern Wisconsin. Donald Genge, left, county chairman, inserts a coin into the card held by Alvin Braun, Appleton chairman. Mrs. Paul Cary, county chapter chairman, is at right.

Sandy Hoersch and Joan Gardner.

Director for the dance group is Miss Theodosia Brzezinski, physical education instructor.

Player Hurt

Charles Barker, 35, of 621 N. Oneida street, dislocated his shoulder while playing basketball at Morgan school about 8:30 p. m. Tuesday and was taken to St. Elizabeth hospital by Larry's ambulance.

Appleton Leaders Will Watch Green Bay's Use of New Law

A predicted court battle over Green Bay's use of the new annexation law will be watched closely by Appleton city officials.

The Green Bay city council voted Tuesday to invoke the new law permitting cities to institute annexation of surrounding town lands.

The Green Bay council wants to take all of the town of Preble, rather than accept piecemeal parcels for which petitions for annexation have been presented by town property owners.

Mayor Roman Dennisen predicted the court battle. He said litigation will prevent a referendum of town residents before the November election.

Appleton leaders are vitally interested because piecemeal annexations have been blamed for lack of orderly sewer and school building programs in the past.

The new law provides for a referendum of the town residents upon order of the circuit court, providing a majority of town residents do not submit a petition of opposition to the court. A majority of assessed valuation owners also could petition the court and stop a referendum.

Death Toll 1 Less Than 1958 Mark

Milwaukee —(AP)— Wisconsin's highway traffic toll has reached 750, compared with 751 on this day a year ago.

Paul D. Kelly, 32, Milwaukee, died Tuesday about 11 hours after he was injured when his car went out of control on Highway 57 near Mequon and crashed into two trees.

Heart Attack

William Van Den Oever, 76, of 142 N. John street, Kimberly, was taken to St. Elizabeth hospital by Larry's ambulance about 10:30 p. m. Tuesday after he suffered a heart attack in his home.

Robert Chase New Kiwanis President

Robert H. Chase, 901 E. Francis street, has been elected president of the Appleton Kiwanis club.

Other new officers are Robert Wilson, first vice president, and Dr. Robert Johnson, second vice president.

The group also named as directors William Spetch, Walter Hendricks, John MacDonald and Wayne Rowan.

Commissioner Named

Louis J. Verhagen, route 1, Appleton, has been reappointed by County Judge Stanley A. Staidt to the Outagamie County Veterans' Service commission for a 3 year term beginning Dec. 6 Verhagen was appointed to the commission Jan. 30 to serve the unexpired term of the late Thomas P. Miller.

21 Named to Talisman Staff

Trial Period Ends for AHS Paper Workers

Twenty-one students have been added to the editorial staff of the Talisman. The weekly newspaper at Appleton High school.

The students underwent a 9-week trial period before being chosen. They were selected on the basis of their work, dependability and promptness.

Tom Liethen, editor-in-chief, and Pat Whitney and Tina Weber, co-news editors, announced the new staff. Named to the news staff were Lynn Kellogg, Rosemary Rudolph, Steffie LeVee, Bari Millstein, Carol Gunderson and Barbara Balza.

Feature Writers
Karen Calkins, Steve Hegard, Kathy Tackett, Pat Matthews and Alice Fulton are new feature writers, according to Madge Evans and Eleanor Wehrenberg, feature editors.

Ralph Whitehead, sports editor, has announced the addition of Bill Richards, Judy Polk, Dick Harder and Jack Swanson as sports writers.

New typists are Sandie Raffo, Deane Groth, Jeanne Tornow, Barbara Joos and Sandy Newbury. Beverly Hay is the new copy reader.

Advisers for the editorial staff who worked with the editors in selecting new staff members are Miss Marjorie Williams and Edwin Emmons.

Ald. Captain Takes Nomination Papers For Fourth Term

Ald. Charles Captain, of the Sixth ward, Monday took out nomination papers for reelection in the April 5 city election.

Captain, 74, of 1208 W. Spencer street, was elected to the council for a 1-year term in 1939 and returned in 1952. He has been elected three times since, each time in contests.

Phychologist to Talk To Nursery Group

Mrs. Herbert Spiegelberg, psychologist with Appleton Public schools, will hold a discussion on the behavior problems of pre-school children at the 8 p. m. Thursday meeting of the Appleton Cooperative nursery at the Ambrosia room of the Elm Tree bakery.

Slides taken this year of the nursery activities will be shown.

Youth Molests 2 Women on Street

Police are searching for a youth who molested a 58-year-old woman in the 500 block of N. Bates street shortly before 7 p.m. Tuesday and who is believed to be the same youth who molested a 29-year-old woman in the 800 block of W. Wisconsin avenue shortly after 9 p.m. Tuesday.

Both women described their attacker as a young man, about 5-feet, 6-inches tall. Police also obtained a description of the youth from neighbors.

Neither woman was injured, although the 58-year-old woman had bruises on her throat.

Today's Deaths

Albert C. Magedanz

Albert C. Magedanz, 74, town of Caledonia, died unexpectedly Tuesday at his home. He was born Jan. 20, 1885, in the town of Caledonia and lived the last 30 years in the Readfield area, where he was a berry grower. He formerly owned the Poppy Rock cheese factory.

Funeral services will be at 2 p. m. Friday at Zion Lutheran church, Readfield, with burial in St. John Lutheran church cemetery, town of Caledonia. Friends may call at 7 p. m. tonight at the Kircher Funeral home, New London, until 9 a. m. Thursday and then at the residence until 10 a. m. Friday.

Survivors are the widow; one son, Vernon, of Neenah; two brothers, Emil and Robert, both of the town of Mukwa; two sisters, Mrs. August Braatz, Shawano, and Mrs. Christ Hansen of Two Rivers; and two grandchildren.

Arthur J. Schmundt

Arthur J. Schmundt, 66, Marion, died unexpectedly at home about 1 a.m. Monday. His widow discovered the body when she awakened Monday. Death apparently was due to natural causes.

He was born April 16, 1893, in the town of Union, Waupaca county.

Funeral services were scheduled at 2 p.m. today at St. John Lutheran church, Marion, with burial in the parish cemetery. Arrangements were handled by the Schroeder Funeral home, Marion.

Survivors include the widow; one daughter, Adeline, at home; and one sister, Mrs. Jessie Romberg, route 2, Marion.

Miss Lucille Krueger

Miss Lucille Krueger, 33, of 18 Eleventh street, Clinton-

ville, died in Clintonville Tuesday morning after a long illness. She was born March 5, 1926, in the town of Matteson, Waupaca county.

Funeral services will be at 2 p.m. Friday at the St. Martin Lutheran church, Clintonville, with burial in Grace-land cemetery, Clintonville. Friends may call at the Eberhardt and Hoh Funeral home, Clintonville, after noon Thursday until 10:30 a.m. Friday, then at the church.

Survivors include her parents, Mr. and Mrs. Edwin J. Krueger, Clintonville; one brother, Orville, at home, and one sister, Mrs. Norman Wolff, route 3, Shawano.

Selle Services

Funeral services for Mrs. Otto Selle, 73, longtime Dale resident, who died at 11 a.m. Friday at New London after a long illness, were at 2 p.m. Monday at St. Paul Lutheran church, Dale. Burial was in Union cemetery, Dale.

Survivors include the widow; three brothers, Edward Stiebs, Weyauwega, John Stiebs, Waupaca, and Herman Stiebs, Manawa; and four sisters, Mrs. Martha Seelig, Waupaca, Mrs. William Pingle, Seymour, Mrs. Carl Miller, Weyauwega, and Mrs. William Laabs, Omro.

Kortbein Services

Funeral services for Albert Kortbein, 67, Bear Creek, who died Monday, will be at 2 p. m. Thursday at Trinity Lutheran church, Bear Creek, with burial in the parish cemetery. Friends may call at the Eberhardt and Hoh Funeral home, Clintonville, after noon today until 11 a.m. Thursday, then at the church. Kortbein died Monday at his home.

New Group Assumes Control of Bluejays

Al Maes Announces His Resignation As General Manager

Post-Crescent News Service

Al Maes, general manager of the Green Bay Bluejays during the 1958 and 1959 seasons, today announced his resignation, effective immediately. Maes said he had no definite plans for the future other than to state that he would not seek another job in baseball.

A new 10-man slate of stockholders, known as the Green Bay Baseball Corporation, unofficially has taken control of the Bluejays.

Meeting at the Beaumont hotel Tuesday night, the new organization elected officers and agreed to take immediate steps to file incorporation papers with the secretary of state and the Brown county register of deeds.

Reduces Membership
These steps were taken after the Community Baseball association, former operator of Green Bay's Three-I league franchise, reduced its membership from 40 members to a skeleton force of five. This was done so that it may reclaim the club's assets in the event the new group is unsuccessful in its attempt to keep organized baseball operating in Green Bay.

The retiring board agreed at a Nov. 12 meeting to turn over its assets of \$4,931 to the new organization providing the new corporation could raise legal stock subscriptions of \$7,500 by Dec. 1.

Robert Conrad, a local businessman who has spearheaded the drive to organize the new corporation, read to the retiring board the names of 10 men who subscribed \$750 each to the new ownership.

North Central Pays 5 Per Cent Stock Dividend

Stockholders of North Central Airlines, Inc., will receive a 5 per cent stock dividend Dec. 21, according to Arthur E. A. Mueller, Wausau, chairman of the airline's board.

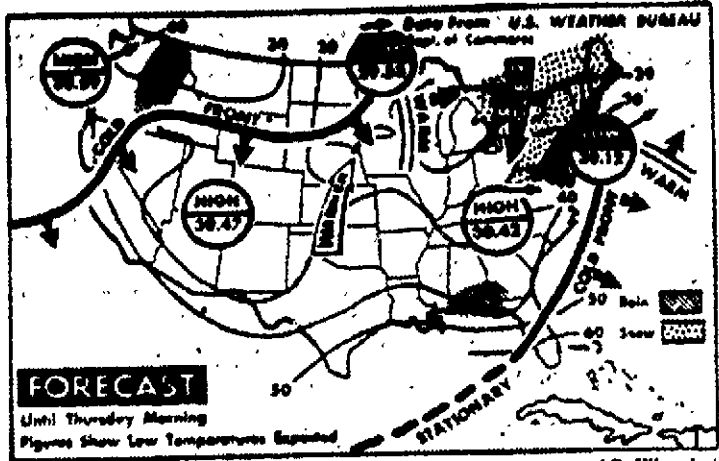

Mueller said the dividend, authorized by directors at a Nov. 20 meeting at North Central's Minneapolis-St. Paul headquarters, will mean issuance of one share of common stock for every 20 shares presently outstanding. The stock dividend will be paid to holders of record Dec. 7.

No fractional shares will be issued, Mueller said. Arrangements will be made to enable holders to sell their fractional interests or to purchase interests sufficient to increase fractions to full shares.

Snow Is Expected Tonight in the northern Appalachians and eastern Great Lakes area while rain and snow are forecast for the New England coast and the central Appalachians. It will be colder in the Great Lakes area.

Just Eating Lunch, Not Too Close to Road, Says Hunter

A hunter told Municipal Judge Oscar J. Schmieg Tuesday in municipal court that he didn't hunt within 200 feet of a lettered highway as Conservation Wardman Charles Wranosky charged.

"I was eating my lunch," said Casimir Kwasny, 59, Green Bay.

"Is that hunting?" asked Judge Schmieg of Wranosky.

"Yes, your honor," replied Wranosky.

"I don't believe it," said the judge, adjourning the case for a week. Kwasny posted \$35.95 bond and Dist. Atty. George Greisch will determine if Kwasny was just eating his lunch and if that is hunting. Wranosky was arrested Nov. 23 in the town of Bovina.

Do In Agony?
Kenneth Weir, 54, of 604 George street, Kaukauna, told Judge Schmieg that the doe he shot was put out

8 Speeders in Waupaca

Five Other Drivers Fined, Forfeit on Various Charges

Waupaca—Speeding at night was the charge in 8 of the 13 traffic cases heard Tuesday by Justice George Whalen.

Fined \$10 for speeding at night was Dr. John Haselow, 30, Fremont.

Forfeiting \$15.50 bonds on the same charge were Armand I. Fontaine, 30, Fond du Lac; Ernest J. Iwanski, 23, route 2, Amherst; Fred Salek, 51, Milwaukee, and Harold C. Gorges, 27, 2615 Highway drive, Appleton.

Forfeiting \$20.50 for night speeding were Donald L. Turek, 20, route 4, Wausau, and Louis Turek, 31, West Bend.

Driving without a valid license cost David S. Parish, 67, route 3, Waupaca, a \$10 fine.

Passing a car without sufficient visibility resulted in a \$30.50 forfeiture for Kenneth W. Staedler, 21, Milwaukee.

Other violators include Claude E. Alberts, 33, Milwaukee, \$15.50 for operating on the left side of a highway; Emory Knutson and Sons, route 3, Iola, \$10 for no rear clearance lights on a truck, and Stephen W. Webb, 23, route 4, Waupaca, \$30.50 for failure to transfer a title.

Associates to make a topographical survey of the Edison site. Carried on a roll call vote. Mr. J. J. Mann moved and Mr. Charles seconded that the minutes of October 26 and November 2 be approved. Carried on a roll call vote. Mr. J. J. Mann moved and Mr. Charles seconded that the General Bill List amounting to \$37,022.91 be approved and certified to the City Clerk for payment. Carried on a roll call vote. Mr. J. J. Mann moved and Mr. Charles seconded that the Madison Bill List amounting to \$3,976.54, Voucher No. 277 to \$3,976.54, be approved and certified to the City Clerk for payment. Carried on a roll call vote. Mr. J. J. Mann moved and Mr. Charles seconded that the Richmond Addition Bill List amounting to \$300.00, Voucher No. 62 be approved and certified to the City Clerk for payment. Carried on a roll call vote. Mr. J. J. Mann moved and Mr. Charles seconded that the monthly reports of H.S. Activities and Cafeteria and Physical Therapy be approved and placed on file. Carried on a roll call vote. Mr. J. J. Mann presented the Superintendent's Report as follows:

1. The following teachers have earned fifteen credits past a bachelor's degree. They are: Mr. J. J. Mann, \$100 in addition to their contracts. This I recommend.

2. We have a case of a son of a mother who lives in the Madison District and who has refused to pay the tuition necessary for her son's attendance at Appleton Public School. I recommend that I notify the mother that her son cannot attend Appleton Public School unless the Board of Education instructs me otherwise. What shall your Superintendence do?

3. We have received a notification from the State Department of Public Instruction stating that the Appleton Public School District is classified as integrated, with the following recommendations:

1) The school should be given to improving the pupil-teacher ratio by reducing the number of large classes in elementary school.

2) Work to provide more adequate building facilities and school classrooms are needed.

4. The school Advisory Committee will meet with the board to view the design of the new Edison School. They will also discuss the purpose of the new school program for employees of Wisconsin municipalities.

5. Resignation: Mr. J. J. Mann.

6. Announcement of public hearing on the budget to be held on the 15th day of December, 1959, at the opening of Court on that day, or as soon thereafter as the matter can be heard.

7. The staff would like to meet with the board for the purpose of having the new Edison School. They will also discuss the purpose of the new school program for employees of Wisconsin municipalities.

8. The board expressed the opinion that the Superintendent should explain the new policy on the purpose of Education to the school.

Mr. J. J. Mann moved and Mr. Charles seconded approval of the Superintendent's Report. Carried on a roll call vote.

Mr. J. J. Mann moved and Mr. Charles seconded approval of the Superintendent's Report. Carried on a roll call vote.
